Chronic Dyspepsia Cured. AFTER suffering for nearly thirty years from dyspepsia, Mrs. H. E. Dugdale, wife of a prominent business man of Warsaw, N. Y., writes: 'For 28 years, I was a constant sufferer from dyspepsia and a weak stomach. The lightest food produced distress, causing severe pain and the formation of gas. No matter how careful of my diet I suffered agonizing pain after eating. I was treated by many physicians and tried numerous remedies without permanent help. Two years ago I began taking Dr. Miles' Nerve and Liver Pills and Nervine. Within a week I commenced improving, and persisting in the treatment I was soon able to eat what I liked, with no evil effects. I keep them at hand and a single dose dispels any old symptoms.'

STATE CREEK. Several of the boys from this creek attended the celebration in the Center. Rye is ripe and wheat is nearly so. Oats will be good unless they fall down. Some of the boys of this part will start south in a few days to help harvest and thresh. Ed Anderson went with two teams to Blue Hill with our geological surveyors of the tower at the head of this creek. Cultivating corn is the order of the day, and while the weeds had quite a start during the wet weather the corn is now nearly waist high and very clean.

The Mountford and Fruit thresher will be here soon. They say it is a fourteen horse power and if the farmers want them they will thresh out of the field. Young man, renter or leaser, or whoever you are that don't own any land, let me urge you to secure you a home. Land is going higher, and you will see that next year with a crop like the last many will demand cash rent or two-fifths. Remember this advice and look out for No. 1.

Farmers, sow small grain. Ten acres of rye, ten acres of wheat, ten of oats and fifty of corn is only eighty acres and can be handled by one man, and leave the other eighty for pasture. Ten acres of wheat is equal to about two hundred bushels, ten acres of rye is equal to about two hundred bushels and see the amount of hog feed in that after it is ground; ten acres of oats will be three or four hundred bushels, will seed you again and feed your team all summer to cultivate with. While it don't pay to sell rye and oats it does wheat, and then see your straw stack from the thirty acres; it is worth more than that many tons of prairie hay for your horses and cattle during the winter.

Thousands Celebrate With thankfulness their restoration to health by the use of Hood's Sarsaparilla. Think of the vast army who have been cured by this medicine— Men, women and children who have suffered the consequences of impure blood, who have been the victims of scrofula sores, eruptions, dyspepsia, nervousness, sleeplessness. They have tried other medicines and have failed to obtain relief. They tried Hood's Sarsaparilla and it did them good. They persevered in its use and it accomplished permanent cures. Do you wonder that they praise it and recommend it to you.

Good growing showers and corn is looking fine. The wheat harvest has commenced. Wheat was never better. Mr. and Mrs. Edgerton were the guests of James Watt Sunday. Rev. Con Hewitt filled his appointment at Penny creek last Sunday. Thomas Brown of Logan, Kansas, was the guest of Wm. VanDyke Sunday. Fred Wittwer and family were the guests of L. Aubushon one day last week. Miss Bessie Carpenter of Riverton was the guest of Victory Haskins last week.

There is some talk of a Sunday school picnic at Penny creek in the near future. The Pleasant Dale Sunday school has closed for the summer. It will reorganize sometime again this fall. Mr. Albert Keagle and family have returned to Cambria, Wyoming after a two month's visit with friends in Line. The Sunday school in Dist. No. 70 is getting along very well with Mrs. Hersh as superintendent and in Dist. No. 3 with Milan Points as superintendent.

The celebration at Walnut creek, Dist. No. 3, was a failure. Quite a number from Penny creek went and were disappointed. The picnic at Joe Saladen's was largely attended, and all report a big time. Rheumatism Cured in a Day. 'Myic Cure,' for rheumatism and neuralgia radically cures in 1 to 3 days. Its action upon the system is remarkable and mysterious.
