THE RED CLOUD CHIEF, Red Cloud, Neb. Deafness Cannot Be Cured by local applications as they cannot reach the diseased portion of the ear. There is only one way to cure deafness and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian tube. When the tube is inflamed you have a rumbling sound or imperfect hearing and when it is entirely closed deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition; hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces.

Music on the Graphophone. Few people appreciate the marvelous power of the Graphophone as an entertainer. It is an instrument which, though it costs much less than the least expensive musical instrument, will enable its owner to have at pleasure music of any kind—from that of the bagpipe to that of the grand military band. It reproduces vocal selections and gives one command of every pleasure that appeals to the sense of hearing. No investment pays such large returns in pleasure. Besides reproducing the musical and other records made for entertainment purposes, the Graphophone will record immediately and reproduce at once and as often as is desired, your own words or song, or any sound. By writing to the Columbia Phonograph Company, 720-722 Olive St., St. Louis, Mo., you can obtain a catalogue that will give full information as to prices of Graphophone outfits.
