Prices of Admission 15c and 25c. Reserved seats 35c.

All loyal citizens of Red Cloud and vicinity are requested to co-operate with the Woman's Relief corps of Red Cloud, in giving a dinner and supper on Saturday, August 13th, 1898, for the purpose of raising money to buy medicines for our sick and wounded soldier boys at the front, in foreign lands, and in camp in the south and elsewhere. Every person is cordially solicited to come and help on that day and contribute all that they can for that noble purpose. This is a laudable and patriotic effort and one that all can lend a helping hand. It will surely meet with the approbation of every loyal citizen of this city and vicinity. Do not forget the date, August 13th. Meals will be served at 15c. By order of the committee.

Persons troubled with diarrhoea will be interested in the experience of Mr. W. M. Bush, clerk of Hotel Dorrance, Providence, R. I. He says: "For several years I have been almost a constant sufferer from diarrhoea, and frequent attacks completely prostrating me and rendering me unfit for my duties at this hotel. About two years ago traveling salesman kindly gave me a small bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy. Much to my surprise and delight its effects were immediate. Whenever I feel symptoms of the disease I would fortify myself against the attack with a few doses of this valuable remedy. The result has been very satisfactory and almost complete relief from the affliction." For sale by H. E. Grice.

A good many are still in arrears on subscription who might just as well pay up now and take advantage of our offer of premiums.

Does Baby Thrive?

If your baby is delicate and sickly and its food does not nourish it, put fifteen or twenty drops of Scott's Emulsion in its bottle three or four times a day and you will see a marked change.

We have had abundant proof that they will thrive on this emulsion when other food fails to nourish them.

It is the same with larger children that are delicate. Scott's Emulsion seems to be the element lacking in their food. Do not fail to try it if your children do not thrive. It is as useful for them in summer as in winter.

Ask your doctor if this is not true.
SCOTT'S EMULSION, Chemist, New York
