

Dizzy and Faint

Troubled With Kidney Difficulty and No Appetite - Improved in Every Way Since Taking Hood's.

"I was taken suddenly with dizziness and faintness at the stomach and also with kidney troubles. My whole body seemed to be out of order. I sent at once for a physician and followed his directions with but little change. He said I had a complication of diseases and my case was hard to manage. I would get better for a day or two and then would be worse again. My appetite also failed and I had a severe headache. After the doctor said he could do nothing more for me I determined to give Hood's Sarsaparilla a trial. In a short time after I began taking it I could do a fair day's work. It is now three years since I was cured by Hood's Sarsaparilla and I am still in good health. I have a good appetite and am full of life." Mrs. EVA BEACH, Box 461, Lincoln, Kansas.

Hood's Sarsaparilla Is the best - in fact the One True Blood Purifier. Sold by all druggists. \$1; six for \$5.

Hood's Pills are the only pills to take with Hood's Sarsaparilla.

THE CHIEF

PUBLISHED BY W. L. McMILLAN. One year... \$1.00 Six months... \$0.50 PUBLISHED EVERY FRIDAY

Entered at the post office at Red Cloud, Neb., as second class mail matter.

REPUBLICAN TICKET.

- STATE. For Governor, M. L. HAYWARD, Of Otoe County. For Lieutenant Governor, GEO. A. MURPHY, Of Gage County. For Secretary of State, C. DURAS, Of Saline County. For Auditor of Public Accounts, T. L. MATTHEWS, Of Dodge County. For Treasurer, PETER MORTENSEN, Of Valley County. For Superintendent of Public Instruction, JOHN F. SAYLOR, Of Lancaster County. For Attorney General, N. D. JACKSON, Of Antelope County. For Land Commissioner, A. F. WILLIAMS, Of Douglas County.

COUNTY.

- For Representative, J. S. WHITE, For County Attorney, RANDOLPH MC NITT, For Commissioner, 3d District, J. W. RUNCHEY, For Commissioner, 5th District, JEROME VANCE.

A Missouri populist campaign speaker in the course of his remarks said: "Our party, on its voyage of fusion, is like a crew in mid ocean, with a rock for a ship, sheet-lead for sails, the wrath of God for a breeze, and hell for a port."

The old saying that figures will not lie is not strictly true. It must be received at least with one provision; whether they be found on the large books at the state house or beautifully arranged on the corners of Porter's and Cornell's little cards.

The report of Judge Hayward's speech as it appears in many papers of the state contains a typographical error. Judge Hayward said that "Douglas county pays one-eighth of the taxes of the state," and some of the reports have him as saying "one-half."

The "card" campaign inaugurated by Secretary of State Porter and Auditor Cornell has suddenly developed a waning and weakness not contemplated by these men, since clearing up fully the misapprehension of so many paps that these "cards" were certainly railroad passes.

More than five hundred applications for pensions on account of service in the war with Spain have already been filed in the pension bureau. Commissioner Evans says a new division will be created in the bureau for the special purpose of handling the applications for pensions, resulting from the Spanish war.

A study of Secretary of State Porter's and Auditor Cornell's campaign cards reveals the fact that this pair of reformers and Treasurer Meserve have all credited themselves with some of the same funds. You see they want to be sure about getting all this "saved" money counted and as frequently as possible.

If Uncle Jake Wolfe really wants to "stand up for the school children of Nebraska" he might aid them very materially in the premises, it has been suggested, by instilling into their tender young minds on every possible occasion, a deep love for truth, by counsel and precept, worthy of his high official position.

People actually laugh out audibly when they read old Uncle Jake's preposterous figures of the amounts he has himself credited up with in the great saving deal, wherein he absolutely ignores God Almighty's sunshine and showers and a republican administration, by the grace of which agents citizens throughout the state were enabled to pay their taxes.

The state treasurer takes issue with Judge Hayward on the statement of the amount of money turned over by Bartley. Mr. Meserve says the amount that was available January 7, 1897, and not tied up in suspense banks was \$864,693.13. The republicans of the state are willing to accept this statement as correct, it being the first time any popocratic official has admitted that Bartley left any money in the treasury.

"The popocrats claim that under the present management the state penitentiary has been made "self sustaining," but ten minutes time consulting the records reveals the fact that the authorities of this institution have drawn from the state treasury during the time the present officers have had control a grand total of \$110,000, which has been used in addition to the money received from the labor of prisoners to bring it up to the boasted "economy" of being "self sustaining."

The popocratic press, in commenting on the state ticket nominated by the republicans, immediately after the convention said: "The ticket is headed by Judge M. L. Hayward and then follows on down to the end of the list other men just like him." While this statement was made in derision the republicans of Nebraska accept the proposition in its entirety with its fine sentiment of literal truth. They are all just like him, and the very fact that the party has nominated a ticket of such universally acknowledged strength is a continual source of weariness and forebodings to the "reformers."

This government does not intend to countenance any delay in the evacuation of Cuba by the Spaniards. This may be relied upon as official. If the Spaniards do not get off of the island by the time it is considered safe to the health of our soldiers to send them over there—somewhere between the middle and the last of October—they will be pushed off by our army of occupation. By direction of the president our military commissioners, now at Havana, have so informed the Spanish military commissioners, and told them that they must govern themselves accordingly.

The dispatch with which false figures of the campaign of pretense and fraud have already been analyzed and thoroughly disproved by a careful examination of the records, has caused additional worry and heaviness of heart at "reform" headquarters. They had hoped that their scheme of ledger-maintenance might still hold a great many in a state of bewilderment and mysterious awe, but no one among them believed, no one could believe, that they would so soon be detected in their cowardly chicanery, run down, overtaken and have their tires so irreparably punctured.

In Washington the sensational story that there is a plot between the German government and Aguinaldo, the Philippine insurgent general, for the insurgents to drive the Americans off the islands this winter and turn them over to Germany, is regarded as nothing more than a fake—full brother to those which may be found in almost any issue of the more notorious of the yellow journals. While Aguinaldo might be fool enough to enter such a plot—he was bought once by Spain—it is not likely that the emperor of Germany would be. Nobody in Washington believes that the entire Philippine insurgent army could stand up an hour before the United States troops now at Manila, and there will be more American soldiers there before long.

Public interest is now centered in room 363 in the war department, in which daily sessions of the commission appointed by president McKinley to investigate the conduct of the war began to lay, and will be held for some time. The president told the members of the commission that all the power of the government should be placed at their disposition in their efforts to lay bare all faults there were in the management of the war, in either high or low quarters, and there is a general disposition to believe that the investigation is to be conducted without fear or favor, and solely with the desire of getting at the truth, and so far as may be possible, to place the individual responsibility for all the unnecessary suffering of our soldiers. To place the responsibility is as far as the commission can go; punishment must come from the president.

The country is to be congratulated that the suffering of our soldier is not to be made a partisan political issue in the present congressional campaign. A little while back it looked as though that was just what was going to be done. It would have been a national misfortune, because it would have been taken by foreigners to mean that the country which excited the admiration of the world during the war with Spain, by its united and enthusiastic support of the government, was divided in sentiment, and such a construction by foreigners may have resulted in another war—a far more serious affair than that with Spain. Those who are managing the democratic congressional campaign never did a wiser

or more patriotic thing than when they decided not to use the charges and counter charges as to the management of the war as campaign issues.

The cards and circulars being sent out from the triple alliance (confusion headquarters) set up a loud claim that the present state treasurer, Mr. Meserve, has reduced the interest bearing debt \$700,542.99, with money which they would try to deceive us into believing was made and given to the state by a magnificent pop treasurer. The actual facts in the case are, that considering the amount of money that has certainly passed into Mr. Meserve's hands from all sources, and available for application on the interest bearing debt, he has not made such a great he received \$437,953.13, which added to showing after all. From Mr. Bartley \$496,107.47 received from other funds at the same date make a total of \$934,060.60. Does this make it easy to believe that Mr. Meserve found the treasury entirely empty when he stepped into office? Aside from this there are a few other cash considerations. On January 1, 1897, the state had the delinquent tax list as a cash asset, which at a fair estimate based on delinquent tax collections amounted to \$253,828.56. In 1896 a sinking fund of \$103,540.84 was levied and also the same amount in 1897. If the levy of 1896 was collected and two thirds for 1897 in the first half of 1898, which was very likely done it would make a total of \$172,693.07. Figure up these items and then think a while. Has Mr. Meserve made such a sweeping reduction after all, when his many rich resources are taken into account?

Why marvel at the rank dishonesty employed in conducting a political campaign? What could we reasonably expect from a party that has declared in every convention and on the stump from the beginning that a railroad pass is a bribe, and its candidates then go out forthwith and hound after every railroad official in the state to bribe them, do it quickly and as thoroughly as possible; a party whose official families and their relatives are riding free on the railroads at an aggregate rate of 800,000 miles a year, which if paid for at the regular rate as they try to deceive the great plain people into believing is done, would amount to \$24,000 per annum; a party that produced a d—n the—constitution Schrader and a Cunningham from Harlan county to declare that President McKinley ought to be hung; a party that has placed itself on record times innumerable in convention assembled that it believes the office should seek the man and resolved against the pernicious caucus, but which has hastily receded from the abstract article to real concrete populistic "reform;" lapsed into a system of office-seeking, ring-rule and bossism unparalleled in the history of political parties; a party that has ever professed such deep concern and eternal vigilance in maintaining the purity of the ballot, which unseated five members of the last legislature duly elected, seating five who were not and with this stolen majority on joint ballot attempted a high-handed fraud upon the ballot-box, the main safeguard of our liberties, for the sole purpose of counting in an amendment overwhelmingly defeated at the polls, that they might seat upon the supreme bench two popocratic judges; a party that rails and raves against favoritism and nepotism in office, but whose members high in authority have drawn close about them in official positions their near friends and relatives as a hen gatheth together a brood under her wings; a party that will advise its voters to wear McKinley badges and march with republican clubs, and on election day go to the polls and vote for W. J. Bryan; a party that has stolen and starved the Home for the Friendless, and is feeding Kansas City butter to the blind and insane, when the farmers of Nebraska could furnish an excellent grade of gilt-edged butter; a party that will frank its campaign literature through the mails at government expense; a party that has a William V. Allen, who when discussing the subject of expansion and annexation, the weightiest questions now engaging the attention of the American people, declared himself as opposed to annexation in the city of Fremont, and on the evening of the same day while addressing the old soldiers in Lincoln came out boldly and with vehemence in its favor; a party whose newspaper editors have become so degenerated and unpatriotic that they reach down to the fevered brow of the sick and dying soldier boy with their deceptions sentimentalism, with the sole and selfish aim of manufacturing political capital; a party (parties) that meets under the guise of "allied forces of reform," and selects conference committees to class back and forth between convention halls for days and nights, when the very fact of fusion itself upon the basis of an equitable division of the offices is a public admission that it is spoils and not principle for which they are contending; a party whose every direful prediction or prophecy has proved false, but still it swears by the Omaha platform and lidoes of 16 to 1; still holds the people at that terrible verge of moral, social and financial ruin, when the prosperity of protection an honest money is above, beneath and around us, and the people throughout our whole country are now on the certain highroad to happiness and success.

A CRITICAL TIME.

During the Battle of Santiago.

SICK OR WELL A RUSH NIGHT AND DAY.

The Packers at the Battle of Santiago de Cuba were all Heroes. Their Heroic Efforts in Getting Ammunition and Rations to the Front Saved the Day.

P. E. Butler, of pack-train No. 3, writing from Santiago de Cuba on June 23d, says: "We all had diarrhoea in more or less violent form, when we landed we had no time to see a doctor, for it was a case of rush and rush night and day to keep the troops supplied with ammunition and rations, but thanks to Chamberlain's Colic, Cholera and Diarrhoea Remedy, we were able to keep at work and keep our health; in fact, I sincerely believe that at one critical time this medicine was the direct savior of our army, for if the packers would have been unable to work these supplies to the front, there were no roads that a wagon train could use. My comrades and myself had the good fortune to lay in a supply of this medicine for our pack train before we left Tampa, and I know in four cases it absolutely saved life."

The above letter was written to the manufacturers of this medicine, the Chamberlain Medicine Co., Des Moines, Iowa. For sale by H. E. Grice.

Liver Complaints and Nervousness Cured.

A torpid liver always produces dullness, irritability, etc. You are all clogged up and feel depondent. Perhaps you have treated with physicians or tried some other recommended medicine without benefit. All that is no argument against "Dr. Fenner's Blood and Liver Remedy and Nerve Tonic," which we insist will cure nervousness and liver complaints. If not satisfied after using one bottle your money will be refunded by C. L. Cotting.

More than twenty million free samples of DeWitt's Witch Hazel Salve have been distributed by the manufacturers. What better proof of their confidence in its merits do you want? It cures piles, burns, scalds, sores, in the shortest space of time. C. L. Cotting.

Full line of steel ranges at W. W. Wright's hardware store.

Chronic Dyspepsia Cured.

AFTER suffering for nearly thirty years from dyspepsia, Mrs. H. E. Dugdale, wife of a prominent business man of Warsaw, N. Y., writes: "For 25 years, I was a constant sufferer from dyspepsia and a weak stomach. The lightest food produced distress, causing severe pain and the formation of gas. No matter how careful of my diet I suffered agonizing pain after eating. I was treated by many physicians and tried numerous remedies without permanent help. Two years ago I began taking Dr. Miles' Nerve and Liver Pills and Nervine. Within a week I commenced improving, and persisting in the treatment I was soon able to eat what I liked, with no evil effects I keep them at hand and a single dose dispels any old symptoms."

Dr. Miles' Remedies are sold by all druggists under a positive guarantee, first bottle benefits or money refunded. Book on diseases of the heart and nerves free. Address, DR. MILES MEDICAL CO., Elkhart, Ind.

Frazer Axle Grease

BECOMING A MOTHER.

A Sure Way to Avoid Danger. Every true woman wants to be a mother. A baby is the dream of her life—the crowning glory of womanhood—true happiness can never be known without the blessings a child brings. Yet the ordeal through which all mothers must pass is so full of pain, anxiety and fear, that many a young life is sacrificed because of the inability to undergo the struggle of childbirth. It is not necessary to suffer in bringing new life into the world. By the use of "Mother's Friend," the suffering and danger can be avoided, and the hour robbed of its dread and pain. This remedy is praised by thousands who have tested it. Every woman is anxious to learn how to avoid the pain and suffering which may be in store for her. "The Little Book, 'Before Baby is Born,' will be sent free to any address upon application to the Bradfield Regulator Co., Atlanta, Georgia.

J. S. EMIGH, DENTIST.

PAINLESS DENTISTRY IF YOU WANT IT. Crown & Bridge Work or Teeth Will put Plates. PORCELAIN INLAY And all the latest improvement in dental mechanism.
