## VOTE IN NEW YORK STATE.

Revised Returns Give Roosevelt 20,000 Plurality.

SHOWS SEVERAL SURPRISES.

A Republican Assembly Majority Insures Senator Murphy's Retirement—Quigg Defeated by William Astor Chanler—Black's Friends Used the Knife.

NEW YORK, Nov. 10.—Revised returns today make practically no change in those of last night, which showed the election of Colonel Roosevelt, Republican, for governor, by a plurality of from 18,000 to 20,000 over Augustus Van Wyck, Democrat. As compared with the election of 1896, when Black defeated Porter, this shows a Republican loss of from 150,000 to 195,000. Roosevelt came to the Harlem river with 105,000 plurality, and Van Wyck only 85,000 in Greater New York. The vote outside the city shows that Roosevelt lost 61,000 as compared with Black. In the country districts Van Wyck ran about 20,000 and in the city about 54,000 ahead of Porter, the Democratic head, two years ago.

The state's congressional delegation will probably stand fifteen Republicans to nineteen Democrats, a Democratic gain of twelve. In old New York city (Manhattan borough) no Republican has been returned, and a notable feature of the election was the defeat by Captain William Astor Chanler of Lemuel E. Quigg for Congress in the Fourteenth district. Chanler overcame a Republican plurality of 11,700 two years ago and won by about 1,900.

The state legislature will be Republican on joint ballot by thirty-two votes, insuring the election of a Republican to succeed Senator Edward Murphy, Jr., on the expiration of his term on March 3, 1899. The state senate will stand twenty-seven Republicans to twenty-three Democrats, a Democratic gain of nine. The Republicans will have eighty-nine members of the assembly and the Democrats sixty-one. This is a Republican gain of eleven.

The vote of the state furnished several surprises. Rochester, the home of George W. Eldridge, commissioner of public works, gave Roosevelt only 120 plurality, against 4,196 for Black in 1894. Rensselaer county, the home of Governor Black, gave Van Wyck a plurality of about 700. Black carried it by 2,800 two years ago. Roosevelt was ahead of Black's figures in Allegheny by 300 and in Broome by 2,500.

OSTEN BAY, N. Y., Nov. 9.—Colonel Roosevelt was notified of his victory by a telegram from Chairman Odell of the Republican state committee last night. Colonel Roosevelt was at his house at Cove Neck surrounded by his family and some friends. Up to the time the telegraph office closed there was a flood of congratulatory telegrams for the successful candidate.

Colonel Roosevelt said, after all doubts as to his election had been removed: "I appreciate the honor very deeply, and I appreciate even more deeply the responsibility involved in the honor. I shall do all in my power to redeem every promise I have made, expressed or implied. I am a good Republican, and I believe I can serve the Republican party by doing everything I can to help it serve the state. I shall strive to administer the office of governor in the interests of the whole people. It is by so doing that I can best show my appreciation of the support given me by the independents and Democrats, who have themselves put the welfare of the state first, declining to follow those of their leaders."

DETROIT, Mich.—Daniel J. Chapman, chairman of the Democratic state committee, commends the reelection of Governor Pinney by a plurality of perhaps 35,000. The entire list of Michigan Republican congressional candidates appears to be elected, although the Democrats still have hopes of carrying the Second district, and do not concede the Third, Eighth and Tenth. "The Democratic committee claims to have made gains in the legislature enough to seat a third of its members, but it is generally believed that the legislature will be about four-fifths Republican."

NEW JERSEY.  
Trenton, N. J.—New Jersey has

been carried by the Republicans and Foster M. Voorhees, the Republican candidate, is elected governor by about 12,000 plurality, and both houses of the legislature will be Republican. This will insure the election of a Republican to succeed James Smith, Jr., Democrat, in the United States senate. The Democrats have elected two of the eight congressmen—Salmon in the Fourth and Daly in the Seventh.

INDIANAPOLIS, Ind.—Chairman Martin of the Democratic state committee says returns were not as yet sufficiently complete to determine as to the state. The Republicans have probably elected in the Sixth, Eighth, Tenth, Eleventh and First districts, though the last is not conceded. Democrats claim the Second, Third, Fourth, Fifth, Seventh, Ninth, Twelfth and Thirteenth districts. The legislature is still in doubt.

BALTIMORE, Md.—Full and semi-official returns from the city of Baltimore and partial returns from the balance of the state makes it reasonably certain that Maryland has returned four Republican and two Democratic congressmen, after an extraordinarily close but entirely listless election. This is a Democratic gain of two.

DES MOINES, Iowa.—The Republican majority this year will nearly equal that of President McKinley in 1896. Ninety precincts show a net Republican loss of thirty-one. The vote is falling off from 10 to 20 per cent, but an 85 per cent vote is more than has been expected by the managers.

BOSTON, Mass.—The Republicans have again carried Massachusetts and elected Roger Wolcott governor for the fourth time, as well as the entire state ticket, by about 70,000 majority. The Democrats gain three congressmen.

RICHMOND, Va.—The state returns solidly Democratic delegations of ten members. The feature of the election is the breaking away from General Walker of the Republican stronghold of the Ninth district, where he was defeated by Rhea.

RALEIGH, N. C.—Returns indicate the Democrats have carried the First, Third, Fifth, Sixth, Seventh and Ninth. The legislature is Democratic in both branches by two-thirds majority. The Democratic judicial ticket is elected by 30,000.

COLUMBUS, Ohio, Nov. 10.—Additional returns do not materially change the result announced last night of over 60,000 Republican plurality upon the state ticket and fifteen Republicans to six Democrats for congress. The Republicans elected as many congressmen in what is known as the "off year" as they elected at the last Presidential election, while they more than doubled the plurality of 28,000 for Dushnell for governor last year. The Republicans have lost in Ohio in these "off years" except when Cleveland was President, when the Democrats had the same experience because of disappointments, dissatisfaction, etc. The result is surprising to the politicians on both sides. They say that President McKinley is the first Republican President to get the endorsement of this state in the "off year" of his administration.

LITTLE ROCK, Ark., Nov. 10.—The Congressional election in Arkansas was the quietest held in many years. In Little Rock, out of a voting population of about 7,000, only 800 votes were polled, and that is about the ratio throughout the state. All of the old Congressmen, Democrats, were re-elected. Densmore, in the Fifth district, was the only candidate who had opposition.

BOISE, Idaho, Nov. 10.—For the first time in the history of this state women have voted for congressmen and state officers. They took the liveliest interest in the proceedings. In view of the isolation of many places accurate returns are not yet available. It is, therefore, somewhat difficult to say what effect the vote of the women has had upon the general result.

## PROBABLY LOST THE HOUSE.

Returns Show a Steady Democratic Gain in Congressmen.

OFFICIAL VOTE MAY BE NEEDED

Chairman Babcock of the Republican Congressional Committee Makes a Decided Cut in His Estimate—Democrats Claim to Have Control.

WASHINGTON, Nov. 10.—Interest in the election centered in the political complexion of the next House, the Senate being conceded to be Republican. Although Chairman Babcock of the Republican congressional committee, did not leave his headquarters until after 4 o'clock this morning, he was back again at his desk shortly after 9 o'clock dispatching telegrams to all the doubtful districts urging the chairmen to hurry in the returns. Mr. Babcock in his figures takes nothing for granted. This morning he made what he termed an ultra-conservative estimate in which he eliminated a number of doubtful districts. This estimate gives the Republicans 185 members in the next House, a majority of thirteen over all. The state he is most anxious to hear from are Illinois, Indiana and Pennsylvania.

At 1:30 o'clock Chairman Babcock revised his figures and now claims the next House will be Republican by at least five and possibly fifteen votes. "We have made such gains," he said, "in the Northeast and West that our losses in New York, Pennsylvania and the South will not affect our control of the House. I believe later figures will materially increase our majority." Secretary Kerr of the Democratic committee continues to claim the House by at least seven majority. In view of the closeness of the contest late returns are watched eagerly by both committees.

A telegram as received at Republican headquarters at noon from Wilkes-Barre, Pa., stating that Representative Morgan B. Williams, Republican, had been defeated. Representatives had been counted by the Republicans as elected. A few minutes after this dispatch was received another reached headquarters from Chicago, stating that the Illinois Republicans were claiming the election of a Republican candidate who, according to earlier reports.

The Republican leaders privately are not confident. They realize that an official count may be necessary in some districts to settle the exact majority in the House. The returns so far received indicate that the party majority either way will not exceed, and in some quarters the prediction is made that there will be an anti-Republican House with the Populists strong enough to dictate the election of the Speaker.

J. L. Bristow wired that Kansas would send six Republicans and that Long had defeated Simpson, but the defeat of Simpson Mr. Babcock declines to credit until he receives further advice. Chairman Greene of the Texas state committee claims three Republicans in the Lone Star state, but Mr. Babcock only figures upon the election of one (Hawley), in the Tenth. From Indiana no satisfactory advice on the doubtful congressional districts have arrived, but Mr. Babcock, in his calculations, admits the loss of two districts, those of Farris and Landis, either of which may have been carried by the Republicans. He figures a certain loss of three districts in Illinois, leaving three doubtful. Brunn, Lewis, C. W. Stone and Woodin in Pennsylvania he puts in the doubtful column.

In his estimate of 108 he does not include the doubtful districts. The returns in the East, Middle West and Northwest show that the Republican losses were in the cities, while the gains were in the rural districts, and this encourages him to hope that when the returns come in later from the country some of the districts which now appear to be lost may be saved to the Republicans. This is the case, for instance, in Page Morris' district in Minnesota. Mr. Babcock now figures on Morris' defeat, but he thinks there is a chance for his election.

There is also a chance of another Republican from California, one from Nebraska, one from Kansas, two from Wisconsin, one from Michigan, one from North Carolina, one from Virginia and one from Kentucky.

Royal makes the food pure, wholesome and delicious.

Chairman Kerr of the democratic congressional committee had not appeared at Democratic headquarters at 10 o'clock and no advices had been received since he gave out his statement at 3:30 this morning. This statement claimed an opposition majority of 37.

SAN FRANCISCO, Nov. 10.—California has elected a Republican governor and probably the entire state ticket by pluralities estimated at from 5,000 to 20,000. John D. Spreckels, the California member of the Republican national committee, claims the election of six out of seven congressmen.

The Republicans will have a large majority in the legislature, which will this winter elect a United States senator to succeed Stephen M. White, Democrat.

## FRENCH SQUADRON READY.

The Paris Paper Reports Great War Preparations—Press Generally Moderate.

PARIS, Nov. 10.—The Echo de Paris publishes a dispatch to-day which says that the entire French Mediterranean squadron is ready for sea. The French newspapers generally approve the silence of the Chamber of Deputies on the Fashoda affair and congratulate M. Brunot on the withdrawal of the interpellation which he intended to address to the Senate upon the subject. The Siecle says it regrets that Major Marchand did not observe the same reticence in Cairo.

## He Says Ney Was His Teacher.

SEBASTIA, Mo., Nov. 10.—Colonel Thomas F. Huston, who died at Houston yesterday, aged 80 years, attained wide notoriety by asserting that in North Carolina, when a lad, he attended a school which he said was taught by Marshal Ney, Napoleon's famous commander. Huston declared that Ney was not put to death in France, but escaped and came to America, where he taught school under an assumed name. Colonel Huston made a thorough study of the matter and wrote much concerning it.

## A Whaler's \$50,000 Cargo.

SAN FRANCISCO, Nov. 10.—The whaling steamer Thrasher has arrived in port from the Arctic with a big cargo. She has had the luck that has followed most of the whalers that have recently arrived, and has stowed away in the hold 10,000 pounds of whalebone. Her cargo is valued at over \$50,000. The government planned to charter the Thrasher a year ago to go to the relief of the whalers at Point Barrow, but the was given up as too expensive.

## Colorado Fusion by 50,000.

DENVER, Col., Nov. 10.—The Fusion state ticket, headed by Charles S. Thomas, Democrat, for governor, is elected by a majority of about 50,000. The Fusionists have an overwhelming majority in the legislature.

## From New Zealand.

REEFTON, N. Z., Nov. 23, 1896. I am very pleased to state that since I took the agency of Chamberlain's medicine the sale has been very large, more especially of the Cough Remedy. In two years I have sold more of this particular remedy than of all other makes for the previous five years. As to its efficacy, I have been informed by scores of persons of the good results they have received from it, and know its value from the use of it in my own household. It is so fine.
