The Red Cloud gun club held its regular shoot last Wednesday. The score shows that some of the members are able to break blue rocks about as fast as the trap are sprung. One of the features of the shoot was the live bird contest, in which the contestants were allowed to shoot the second barrel if he did not kill his pigeon with the first shot. The shooting was all done at sixteen and eighteen yards rise with no definite angle. The club expresses a desire to meet any outside club for a contest, and do not hesitate to express their belief that they can beat any club that wishes to contest their claim as first class marksmen. There are certainly some first class marksmen in the club. Jas. Bouron broke thirty-five blue rocks without a miss, and no doubt would have broken more had he not run out of shells. Several others made scores that were record breakers as the following will show:

First shoot—Fifteen blue rocks, sixteen and eighteen yards raise, unknown angles.

Peterson	1110 1011 1111-13
Bense	0110 1111 1111-12

A tasteful appearance in dress often comes as much from good laundering as from the quality of the clothing. Good laundering requires good soap and Ivory Soap is the best.

The fading of delicate shades is frequently the ruin of an expensive garment. Any color that will stand the free application of water can be washed with Ivory Soap.

**BATIN.**
