

The Eyes and Health

Nothing is more important for the preservation of good health and clear business judgment than careful care of the eyes. Defective vision produces irritation and nervousness, and in this condition no person is capable of giving to business matters or to the ordinary affairs of life the attention necessary to success. Perfect fitting glasses will overcome nature's defects. You can have your eyes examined free by

It's Easy To Take

Thin, pale, anemic girls need a fatty food to enrich their blood, give color to their cheeks and restore their health and strength. It is safe to say that they nearly all reject fat with their food.

SCOTT'S EMULSION OF COD LIVER OIL WITH HYPOPHOSPHITES OF LIME & SODA
 is exactly what they require; it not only gives them the important element (cod-liver oil) in a palatable and easily digested form, but also the hypophosphites which are so valuable in nervous disorders that usually accompany anemia. SCOTT'S EMULSION is a fatty food that is more easily digested than any other form of fat. A certain amount of flesh is necessary for health. You can get it in this way.
 We have known persons to gain a pound a day while taking it.
 See and be convinced, all druggists. SCOTT & BOWNE, Chemists, New York.

 Ida Benson, niece of Thomas Fisher living north of town, arrived here Tuesday night from Sheridan, Iowa.
 Mrs. Olinger who has been visiting with the family of Frank Smeiser for the past six weeks left for Paola, Kansas, Wednesday.
 Edward Warren, of Reynolds, an old friend of Dell Turnure, was visiting here a few days with that gentleman, returning home Monday morning.
 J. W. Smith, a former well known resident of Red Cloud, now of Cripple Creek, Colorado, was here the first of the week visiting with his brother and other friends here.
 Omer Doling of Holdrege was here this week visiting friends. He is walking with a cane owing to an injury received to his right knee cap by falling when dropping off a switch engine in the yards there.

FOR SALE.—House and lot, corner Webster street and Fifth avenue, containing 12 rooms and cellar; also barn and lot.—For further particulars, address, L. BAUM, No. 71 Potomac Ave. Chicago, Ills.

Prof. F. F. Owen, of Franklin academy was here last week and made arrangements for the Academy Glee Club and Flute Band to give a concert at the opera house on April 3. This will be the last of a series of concerts in towns east of here during the Easter vacation.
 What began to look like a coal famine came to pass in our city the last of last week and the dropping of the mercury on Saturday with the prospect of a blizzard began to make things look serious as lots of folks were entirely out of coal. A carload or two received in the afternoon averted any suffering.

Pearl L., the daughter of Mrs. Fraise died of spinal meningitis at the tender age of 6 years, 2 months and 15 days on last Wednesday. The funeral service was conducted this morning at 10 o'clock at the M. E. church by Elder Hussong and Rev. Darby. The interment was at Pleasant Hill cemetery.

Emmett C. Tennant, son of Mr. and Mrs. D. F. Tennant living five miles north of the city died on Friday morning the 10th. He was buried from the Methodist church in this city last Sunday morning where a large congregation gathered to pay the last sad rites the living can pay to the dead. His body was interred in the city cemetery to await the trumpet blast of assizes. The father and mother with five brothers mourn his loss. A large number of friends sympathize with the family.

The Red Cloud Argus came out last week bearing the name of L. E. Tait, as publisher, he having purchased the good will and plant from the former editor, Mr. Geo. J. Warren. Roy as he is familiarly known, was formerly employed in the office of A. C. Hosmer and did duty on the CHIEF for a number of years while the paper was owned by that gentleman. He is a young man of ability and the Argus in his hands will be well taken care of. For Mr. Warren the outgoing editor, although we have in the past had many differences, we hope he may engage in a business pursuit or otherwise where his efforts will receive more appreciation than is generally accorded to a newspaper man. To both the new and retiring publisher we wish abundant success.

BEST AND CHEAPEST LAMP ON EARTH.

A light that is brilliant and steady, gives little heat, no smoke and no odor, and that costs but little to burn and needs but slight attention.

THE ANGLE LAMP

has these good points and besides these throws the light just where it wanted—downward and outward. As to the cost to burn One Quart of Ordinary Kerosene or Coal Oil Lasts Sixteen Hours. Of course it costs a little more than poor, old fashioned lamps, but it saves its cost many times over in a year. All styles from one burner up. Call and examine the lamps, now on exhibition at my shoe store.
