

The Eyes and Health

Nothing is more important for the preservation of good health and clear business judgment than the careful care of the eyes. Defective vision produces irritation and nervousness, and in this condition no person is capable of giving to business matters or to the ordinary affairs of life the attention necessary to success. Perfect fitting glasses will overcome nature's defects. You can have your eyes examined free by

One man's prophecy is on general principles worth about as much notice as another's, but here is a prophecy made by Capt. Thos. E. McKee, Journal Clerk of the House, authority upon the drift of political events: Capt. McKee says: "I prophecy that inside of two years Cuba will be annexed to the United States. Business interests in the Island will urge such action. The Cubans are entirely without revenues, and should they be left to govern themselves, they would proceed to tax foreign corporations out of existence."

You Can't Dodge Them

Did you ever try to dodge the rain-drops? Did not succeed very well, did you? It's just as useless to try to escape from the germs of consumption. You can't do it. They are about us on every hand and we are constantly taking them into our lungs.

Then why don't we all have this disease? Simply because these germs cannot gain a foothold in a strong throat and lungs. It's when these are weak that the germs master.

The body must be well supplied with fat. The danger comes when the blood is poor and the body is thin. If your cough does not yield, and your throat and lungs feel raw and sore, you should not delay another day. Take

Scott's Emulsion

of Cod-Liver Oil with Hypophosphites at once. It will heal the inflamed membranes and greatly strengthen them as well. The digestion becomes stronger, the appetite better and the weight increases. The whole body becomes well fortified and the germs of consumption cannot gain a foothold.
It's this nourishing, sustaining and strengthening power of SCOTT'S EMULSION that has made it of such value in all wasting and exhausting diseases.

LEADERS IN LOW PRICES.

The Pond-Berlin Company.

The Pond-Berlin Opera Company appeared at the opera house here last night, commencing a three nights engagement. The presentation last night was the four act drama "Caprice" which was very well rendered taking into consideration the small audience and trials a show has to put up with when showing in an opera house that has got entirely behind the times and which is not well lighted and which gives one that creepy feeling. The company will present on Friday night "The Lights o' London" and a better turn out should be accorded them than on their first night's appearance. Master Berlin the "kid" is always a favorite and his rendition of comic songs and make-up always brings down the house. The illustrated song feature is first class and well worth the price of admission. If this company does not have a good house the rest of the week we will take it for granted that the people do not go on account of the condition of the opera house.

Chamberlain's Cough Remedy.

This remedy is intended especially for coughs, colds, croup, whooping cough and influenza. It has become famous for its cures of these diseases, over a large part of the civilized world. The most flattering testimonials have been received, giving accounts of its good works; of the aggravating and persistent coughs it has cured; of severe colds that have yielded promptly to its soothing effects, and of the dangerous attacks of croup it has cured, often saving the life of the child. The extensive use of it for whooping cough has shown that it robs this disease of its dangerous consequences. Sold by H. E. Grice.
