

CANCER IS DEADLY!

Results Fatally in Nine Cases Out of Ten—A Cure Found at Last.

This fearful disease often first appears as a mere scratch, a pimple, or lump in the breast, too small to attract any notice, until, in many cases, the deadly disease is fully developed.

Cancer can not be cured by a surgical operation, because the disease is a virulent poison in the blood, circulating throughout the system, and although the sore or ulcer—known as the Cancer—may be cut away, the poison remains in the blood, and promptly breaks out afresh, with renewed violence.

The wonderful success of S. S. S. in curing obstinate, deep-seated blood diseases which were considered incurable, induced a few despairing sufferers to try it for Cancer, after exhausting the skill of the physicians without a cure. Much to their delight S. S. S. proved equal to the disease and promptly effected a cure. The glad news spread rapidly, and it was soon demonstrated beyond doubt that a cure had at last been found for deadly Cancer. Evidence has accumulated which is incontrovertible, of which the following is a specimen:

MRS. S. M. IDOL.

"Cancer is hereditary in our family, my father, a sister and an aunt having died from this dreadful disease. My feelings may be imagined when the horrible disease made its appearance on my side. It was a malignant Cancer, eating inwardly in such a way as to cause great alarm. The disease seemed beyond the skill of the doctors, for their treatment did no good whatever, the Cancer growing worse all the while. Numerous remedies were used for it, but the Cancer grew steadily worse, until it seemed that I was doomed to follow the others of the family, for I know how deadly Cancer is, especially when inherited. I was advised to try Swift's Specific (S. S. S.), which, from the first day, forced out the poison. I continued its use until I had taken eighteen bottles, when I was cured sound and well, and have had no symptoms of the dreadful affliction, though many years have elapsed. S. S. S. is the only cure for Cancer.—Mrs. S. M. Idol, Winston, N. C.

Our book on Cancer, containing other testimonials and valuable information, will be sent free to any address by the Swift Specific Company, Atlanta, Georgia.

LARGER LOCALS.

This is the time of the year when a man in the exuberance of spring spends his time and shekels in building a garden for his neighbor's hens and then when he should be reaping the harvest of garden sass he buys it of the peddler, while his neighbor sells him eggs at 15c per dozen. Man that is born of woman is a good deal of a chump.

The atmosphere has been filled with smoke during the past week from the various fires made by the burning of rubbish. There is one rule that should not be neglected in burning rubbish; never burn your rubbish when the wind will blow the smoke toward your own house. Wait until it will blow toward your neighbor's and it won't bother you.

The Topeka Capital states a very emphatic truth in the following: "There is one thing that makes an editor of a local newspaper very tired, oh, so tired. That is to be presented with a bill for merchandise made out on an axle grease or baking powder bill head after he has written columns of matter advising the residents of the town and vicinity to stand by home merchants."

List of letters remaining uncalled for at the postoffice at Red Cloud, Nebraska, for the week ending April 27th 1899.

Bollinger, Nathan Ware, Julia Wilmot, Tom
These letters will be sent to the dead letter office May 11th, if not called for before. When calling for above please say advertised.—T. C. HACKER, P. M.

Referring to the interesting fact that several gentlemen, at different times, have threatened to lambast the editor of the Tribune, we recall the interesting fact that if the average newspaper man was lambasted as often as he is threatened his life would be one succession of bruises. But how often do you have an opportunity of noticing bruises on the average editor.—Beaver City Tribune.

Charles Schultz and William Harris have entered into a partnership as Schultz & Harris and will occupy the building west of the postoffice for a meat market. A refrigerator, marble top counter and fixtures of latest design have arrived and the market will be a beauty. The fact that Mr. Harris is connected with the market will insure fair treatment to patrons and draw trade to the new firm.

Edward H. Smith and bride arrived in the city last Tuesday on a visit to the groom's parents Mr. and Mrs. J. H. Smith. The marriage of Edward H. Smith to Miss Amstice Barrow occurred at the residence of the bride's mother at Salt Lake City on Tuesday evening, April 18th at 8 p.m. The groom is well and favorably known here having made this city his home for many years. The Chief extends congratulations and best wishes.

Our temperance people have planned for their regular mass meeting to be held next Sunday evening at the Baptist church, and also for an overflow meeting at the M. E. church at the same hour. At the latter service Rev. I. W. Edson has been appointed to deliver the address and has chosen for his subject: "A Business Man's View of the Temperance Question." It is expected that both churches will be well filled.

The High School Theatre company of this city went to Guide Rock last Friday evening and presented one of their plays to the people of that place. They were well received and netted a neat sum for the benefit of our school library as a result of their undertaking. A number of our citizens accompanied them and witnessed the performance, which they report as very creditable to our young people.

John Wiles has this week taken charge of the bakery and restaurant formerly run by Mr. VanBaren and will open up for business on Saturday. The place has been thoroughly gone over and cleaned and fixed up and

looks as bright as a new pin. The place has taken on a cozy home-like appearance and as this is one of the essential features it will be a trade drawer. There is nothing which we like to see better than our young men engaging in a business for themselves and we hope for John the best of success.

A Kansas blacksmith recently sent out statements to his customers who had failed to liquidate. One happened to strike a farmer whose dander was easily raised, and he sent the money and bill to his creditor and required that the creditor send him a receipt from the "birth of Christ to the death of the devil." This roused the passion of the good blacksmith, and after looking over his books found it would take ninety cents to balance the account, and he so notified the farmer. The bill was paid and the long receipt was given.—Pioneer.

A man in Missouri who is too stingy to subscribe for his home paper sent his young boy to the neighbor's to borrow one. As the boy was going home he fell down and broke his leg. The farmer heard his cries and ran out to get him, but slipped and fell, dislocating his knee and tearing the bosom out of his \$10 pantaloons. His wife ran to his assistance leaving a two year old baby on the floor. The baby crawled out and fell down the well, and while the mother was fishing the child out the house caught fire and was totally destroyed. Moral: It never pays to borrow a paper.

One of our pretty school marmes who teaches a few miles out of town was using all her ingenuity in teaching an apparently dull little fellow to spell and pronounce a few simple words. She wrote "feet" on the blackboard, but Johnny could not pronounce it although he could name the letters. With her most coaxing smile she said: "Now Johnny what is it a cow has four of while I have only two?" The answer was prompt though incorrect and the smile faded from her face only to be multiplied on the face of the numerous wicked little fellows who were not in the same class.

"Every line in a newspaper," says the Evansville Review, "costs something. If it is for the benefit of an individual it should be paid for. If the grocers were asked to contribute groceries for one who is absolutely able to pay for them he would refuse. The proprietor of a newspaper must pay for all of the free advertising if the beneficiary does not, and yet it is one of the hardest things to be learned by many that a newspaper has space in its columns to rent and must rent to live. To give away or rent it at anything less than living rates would be as certainly fatal as for a landlord to furnish rent free.

Mr. George J. Warren, until recently editor of the Red Cloud Argus, was in Guide Rock the fore part of the week on business. We tried to interest him in a good paper in a good town, but for the present at least he seems to think he is out of it. He has a foolish notion that he wants to get out on a farm where he can breathe the free air of the prairies and raise hay generally, and we are of the opinion that anybody who has any old farm that they would like to work off for residence property at the county seat would find him an easy mark if they will take him while he is in the present notion.—Guide Rock Signal.

The city had County Surveyor F. A. Kuehn at work the fore part of the week establishing a grade between Fourth avenue and First avenue, with the intention of grading Webster street to that point and also making gutters which would carry all surplus water to the creek at that point. At present the water goes to Third avenue all right, but from there it takes a kind of a go as you please course down through the Platt & Frees lumber yard, and W. N. Richardson's feed yard. While the work as proposed would entail a considerable expense, it would be a piece of word that would relieve Webster street of numerous mud holes.

The many uses to which Ivory Soap is applicable, make it an economical as well as a valuable soap. Spots on clothing are quickly and easily removed by an application of the foamy lather of Ivory Soap with a dampened cloth and a brisk rubbing. Ivory Soap cuts the grease and leaves the surface rubbed perfectly clean. Be sure you use Ivory Soap, or the remedy may be worse than the grease spot.

IVORY SOAP IS 99 7/10 PER CENT PURE.

Through Tourist Sleepers to Northwest.

The Burlington Route has established a twice-a-week tourist car line from Kansas City to Butte, Spokane, Tacoma and Seattle. Cars leave Kansas City, Lincoln and Grand Island every Tuesday and Thursday, arriving at Seattle following Friday and Sunday. They are upholstered in rattan. The bed linen and furnishings are clean and of good quality. The heating, ventilating and toilet arrangements are all that can be desired and each car is in charge of a uniformed Pullman porter, whose sole duty is to attend to the wants of passengers. Cars run through without change of any kind and the berth rate from Lincoln to Tacoma or Seattle is only \$5.00. To intermediate points it is proportionately low. Montana and the Puget Sound country are now enjoying a period of unexampled prosperity. As a consequence, travel

to the northwest is rapidly attaining large proportions. This new tourist car-line has been established with a view of caring for the Burlington's share of it in the best possible manner. Berths, tickets and full information can be had on application to any Burlington Route ticket agent or by addressing J. Francis, G. P. A. Omaha, Neb.

J. D. Bridge, editor and proprietor of the Democrat, Lancaster, N. H. says: "I would not be without One Minute Cough Cure for my boy, when troubled with a cough or cold. It is the best remedy for croup I ever used."—C. L. Cotting.

To Cure a Cold in One Day. Take Laxative Bromo Quinine Tablets. All druggists refund money if it fails to cure. 25c. The genuine has L. B. Q. on each tablet.

The Nichols-Shepard TRACTION ENGINE

Nothing that helps to make a perfect road and thresher engine has been left out or slighted in the construction of the Nichols-Shepard Traction Engine. Everything has been done that science, skill and experience could suggest to add to its effectiveness, power, durability and safety from explosion and fire. The boiler is of the very best selected steel, thoroughly well made and provided with every approved safety appliance. The fire-box is surrounded by water—top, bottom and sides. The draft-damper is so made that sparks and ashes can't drop out, and the smoke-stack is fitted with patent bonnet and spark-arrester. Every part is strong, durable and is thoroughly tested.

Detailed descriptions and many illustrations of the Nichols-Shepard Traction Engine and of the Nichols-Shepard Separator and other threshing machinery are contained in large catalog—mailed free.

NICHOLS & SHEPARD CO., Battle Creek, Mich.
Branch House at KANSAS CITY, MISSOURI,
with full stock of machines and extras.

There is no question but Swift & Co., are making a big effort to corner the egg market. They are overrunning the country, with agents buying up eggs. Hence the prevailing price of eggs. Some of these big concerns have discovered a process for the successful cold storage of eggs so that they will keep indefinitely, and they are being stored by the millions of dozens in Chicago, Kansas City, St. Joseph, Omaha and elsewhere, where there are cold storage warehouses. The determination seems to be to squeeze out the smaller concerns if it can be done. In the meanwhile the domestic hen keeps up the supply, ignorant of her importance in contributing to a growing trust.

It has been demonstrated satisfactorily that two hundred and twenty-five pounders who get their "fins" on a weaker adversary without justifiable cause may get their just deserts in a Webster county court even if they are peace officers. Some people think it a crime to be called ignorant but we don't believe the word is so bad after all. There are very few persons, if any, in a community who know it all. It has been made very plain that the accused cannot get the court together and fix up a deal to have himself arrested, plead guilty and be fined without giving the plaintiff in the case a show for his white alley and it has also been shown that a change of venue cannot be taken from a county court to a justice court.

Rheumatism Cured.
My wife has used Chamberlain's Pain Balm for rheumatism with great relief, and I can recommend it as a splendid liniment for rheumatism and other household use for which we have found it valuable.—W. J. CULVER, Red Creek, N. Y.

Mr. Cuyler is one of the leading merchants of this village and one of the most prominent men in this vicinity.—W. G. PHIPPS, Editor Red Creek Herald. For sale by H. E. Grice.

Baby Wardrobe Patterns.
Twenty-seven patterns for different articles in long clothes with full and complete directions for making same, showing necessary materials, sent post-paid for 25c in stamps. Fifteen patterns of short clothes 25c or both for 40c. "Information to Mothers" sent free with each order. Address, Downey Pattern Co., Butler, Ind.
THE CHIEF and Chicago Inter-Ocean one year for \$1.25.

A Good Club Offer.

All our farmer readers should take advantage of the unprecedented clubbing offer we this year make, which includes, with this paper, The Iowa Homestead, its Special Farmers Institute editions, The Poultry Farmer, The Farmer's Mutual Insurance Journal and the Humane Alliance. The subscription price of these five publications amounts to \$2.80, while our paper is \$1, a total of \$3.80. We are prepared to send them all, including our own paper, to any farmer in this county for \$1.45, which is only 45c more than our own subscription price. Never before was so much superior reading matter, of the most practical and useful character offered for only \$1.45. The first four of the papers named are so well known throughout the west that but little need be said of them. They commend themselves to the readers favorable attention upon mere mention. The Humane Alliance is devoted to humane education and should be in every farmer's family, so that the boys and girls on the farm may early imbibe the principles of a broad humanity that shall include all God's creatures, and learn the wickedness and brutalizing tendency of cruelty of all kinds. Take advantage of this great offer.

Try Allen's Foot-Ease.
A powder to be shaken into the shoes. At this season your feet feel swollen, nervous and hot, and get tired easily. If you have smarting feet or tight shoes, try Allen's Foot-Ease. It cools the feet and makes walking easy. Cures swollen and sweating feet, blisters and callous spots. Relieves corns and bunions of all pain and gives rest and comfort. Try it to-day. Sold by all druggists and shoe stores for 25c. Trial package FREE. Address, Allen S. Olmstead, Le Roy, N. Y.

Examination Notice.
Regular examinations for persons desiring to teach in Webster county are held in the superintendent's office at Red Cloud, the third Saturday in each month.
EVA J. CASE, County Supt.
