

"Trust Not to Appearances."

That which seems hard to bear may be a great blessing. Let us take a lesson from the rough weather of Spring. It is doing good despite appearances. Cleanse the system thoroughly; rout out all impurities from the blood with that greatest specific, Hood's Sarsaparilla.

Instead of sleepless nights, with consequent irritableness and an undone, tired feeling, you will have a tone and a bracing air that will enable you to enter into every day's work with pleasure. Remember, Hood's never disappoints. Scrofula Bunches - An operation helped my son temporarily for scrofula bunches on his neck, but Hood's Sarsaparilla caused them to disappear entirely. Mrs. Lewis A. Carpenter, 51 Wadsworth Street, Hartford, Conn.

Whooping Cough. I had a little boy who was nearly dead from an attack of whooping cough. My neighbors recommended Chamberlain's cough Remedy. I did not think that any medicine would help him, but after giving him a few doses of that remedy I noticed an improvement, and one bottle cured him entirely. It is the best cough medicine I ever had in the house. - J. L. Moore, South Burgettstown, Pa. For sale by H. E. Grice.

Another Railroad Needed. The B. & M. put a force of men to work the last of the week to tear down a portion of the round house here - in fact they cut it about in two and leave the north half. This was no surprise to most of our citizens and as they have been expecting any old thing to happen no tears or manifestations of regret are made at its departure more than the wish that the north half had gone with the south. The talk has always been current here that this corporation has had it in for Red Cloud.

ever since her citizens took sides with their neighbors and friends during the great strike. Be that a fact or not does not cut any figure at this late day but our prospects of any help in building up by the aid of the B. & M. have gradually declined since that time. Our city is not so much dependent on the railroad for trade as other towns along the line which are kept alive by those interests and would be bankrupt by the taking of such away. Our city receives her support from the surrounding country and there is no better point for trade in the valley. But talking about railroads, we believe they are a good thing, and another line of road into this town would be of untold benefit. It is said that the B. & M. made promises to this city in the early days that have never been kept and we do not see why this city should feel any direct obligations to that road. We believe that a concerted effort on the part of our citizens would induce the Rock Island or some other nearby road to build to this city. In this day and age you have got to ask for what you want or you will likely never get it. Let our citizens get together and go after a new road as a unit and give them a guarantee of business. There is an immense amount of freight shipped in and out from this point and it may be that a new road would appreciate an offer to turn over this business to them.

"GREAT BLESSING."

Wife of a Prominent Methodist Minister so Refers to That Valuable Specific for Nervous Diseases,

Dr. Miles' Nervine.

IT CURED HER.

More than half the sickness and disease in this world comes from weak nerves, loss of vitality and nerve force. When the nervous power is depressed then the food is imperfectly digested, assimilation is interrupted, the albumen and fibrin of the blood - the nutritious principles of the blood - become deficient in their relative proportions to the other parts of the blood, and the health suffers. It cannot be repeated too often that the nerves control every part of the body, and anything which irritates the nerve centers, weakens the life giving and life sustaining power of the whole system. Dr. Miles' Restorative Nervine is the exact remedy for that large class of feeble, thin blooded, nervous and often hysterical persons whose greatest need is a thorough rest and quiet for the tired brain and the over-wrought nerves. Among the many thousands of such sufferers from a tortured nervous system was Mrs. A. V. Babbs, wife of Rev. A. V. Babbs, pastor M. E. church, Plaidville, Illinois. Mrs. Babbs Says: "For a long time I was a sufferer from nervous attacks of the most severe nature. My rest was greatly broken by sleepless nights and my health was very poor. But lately I have been taking Dr. Miles' Restorative Nervine with great benefit. Oh! what a blessing it is to me, in quieting my nervous attacks. It has given me new life and new hope for a permanent change for the better in my health." Mrs. F. M. Dunkin of LeRoy, Illinois, sends the following: "For a year I was very poorly, and for six months I was completely prostrated and most of the time was confined to my bed with a nervous trouble the doctors called nervous spasms. I would have smothering spells, accompanied by a gripping sensation in the chest, when it seemed as if the nerves were paralyzed. I could not sleep at night and was restless and miserable. Failing to get help from our physicians I began taking
