Courage and Strength

in Times of Danger."

Read the warning between the lines. What is that warning? It is of the danger from the accumulation of badness in the blood, caused by the usual heavy living of the winter months. Spring is the clearing, cleansing time of the year; the forerunner of the brightness and beauty of glorious summer.

Follow the principle that Nature lays down. Start in at once and purify your blood with that great specific, Hood's Sarsaparilla. It never disappoints. Grip - "Sixteen weeks of grip made me weak, but after all else failed Hood's Sarsaparilla cured me. Later I overworked, and dyspepsia and canker in mouth and stomach bothered me. I took the Sarsaparilla again and it completely restored me." Mrs. ELIZABETH FOXMAN, Exeter, N. H.

Hood's Pills cure liver ills, the non-irritating and only cathartic to take with Hood's Sarsaparilla.
