

Jewelry Honesty

Jewelry is something that the average person knows so little about that he must needs depend almost entirely upon the Jeweler of whom he buys. We find that our judgment is relied upon more and more by Jewelry buyers. People who wish to avoid mistakes are willing to have us shoulder the entire burden. If you buy jewelry here it's right—no matter what you pay for it.

HEART FAILURE

has often been styled the cause of death in persons who have long lingered in disease. The amazing work which the heart regularly performs would certainly pre-suppose its breaking down. The most active climber can raise himself 1000 feet in an hour, the best locomotive 4000 feet and the heart 20,000 feet. To preserve its energies in full glow and force, Pabst Malt Extract, The "Best" Tonic, will act as an effective and practical fuel. No steam without fire. No energy without food. No staying power without rich supplies of blood. The heart is the great engine of the body. Keep it going, steadily, easily, persistently, unto a ripe old age.

I have used your Malt Extract where a "Best" Tonic seemed to be indicated, and the results have proved quite satisfactory. Where a malt preparation is required, I shall not hesitate to suggest the use of your preparation.

To cure piles strike at the root—that's the way. DeWitt's Witch Hazel Salve strikes at the root—it removes the cause quickly and permanently. Don't squander time and money in a vain effort to remove the effects. C. L. Cotting.

Look at your left hand. If there is a long line around the base of the thumb it is the delinquent subscribers hook. Pay your subscription or it means that the line will form in your right hand and you will finally die; your wife will marry again and your money will be spent in riotous living. Pay up and avert disaster.

J. J. Myers purchased sometime ago outright a large number of accident insurance policies of the International Registry Company. The time limit of writing them up expiring on the 10th, and having made no arrangement for an extension of time he generously donated and wrote them up for his friends.

It is intimated that the republicans might bring out as their candidate for county clerk Mr. Clarence Reed of Red Cloud, who it will be remembered was shot through the body and both arms in one of the engagements in the campaign before Santiago de Cuba. If Mr. Reed wants the nomination he can doubtless have it for the asking, and in a case of this kind a nomination should be equivalent to an election.—Guide Rock Signal.

You get up in the morning tired, a bad taste in the mouth and a headache. Know what's the matter? Biliousness! Take DeWitt's Little Early Risers. They regulate the liver and cure constipation pleasantly and promptly. Never gripe. C. L. Cotting.

ASK YOUR DOCTOR!

Ask your physician this question, "What is the one great remedy for consumption?" He will answer, "Cod-liver oil." Nine out of ten will answer the same way.

Yet when persons have consumption they loathe all fatty foods, yet fat is necessary for their recovery and they cannot take plain cod-liver oil. The plain oil disturbs the stomach and takes away the appetite. The disagreeable fishy odor and taste make it almost unendurable. What is to be done? This question was answered when we first made

SCOTT'S EMULSION

of Cod-Liver Oil with Hypophosphites. Although that was nearly twenty-five years ago, yet it stands alone today the one great remedy for all affections of the throat and lungs.

The bad taste and odor have been taken away, the oil itself has been partly digested, and the most sensitive stomach objects to it rarely. Not one in ten can take and digest the plain oil. Nine out of ten can take SCOTT'S EMULSION and digest it. That's why it cures so many cases of early consumption. Even in advanced cases it brings comfort and greatly prolongs life.

We have been requested by the mayor to ask parties who have been in the habit of tying teams along the curbing on main street to quit and hereafter tie their teams on side streets where suitable places have been provided for hitching. The reason for this is the bad manner in which teams dig and paw up the gutters.

Under the head "Music Notes" the State Journal of last Sunday says: "Two Nebraska names appear in the list of medal winners in the Chicago Musical College. Miss Ina Ensign of Lincoln received a gold medal in the teachers' certificate class. Her rank was third. In the graduating class, vocal department, the William Castle gold medal was awarded to Miss Beatrix Mizer of Red Cloud. Her rank was second. The first prize was not awarded."

On Tuesday a report came in from the home of Nels Sorenson living northwest of the city stating that that gentleman had died suddenly that morning about ten o'clock. At the coroner's inquest it was found that he had been cutting weeds during the early morning and this together with other exertion in his weakened condition, he having cut off his hand in a fit of insanity some weeks ago, caused his death. The verdict of the coroner's jury was

that he died of heart failure brought on by exertion while in a weakened condition.

The many pretty girls who are here attending the institute must have had a demoralizing effect on some of the boys. Some of the young men of our city have been very abstracted while attending to their business duties and those who could possibly do so have found very important business out of doors during the recesses of the session. It is said that the effect was so strong on one young man that he hugged and kissed one of the pretty handlers of the rod without her consent and now he wishes that he hadn't. He is feeling just like Fitzsimmons for the lady landed a right on the cheek and he was out in the first round.
