

Boils and Pimples Give Warning.

AN UNFAILING SIGN THAT NATURE IS APPEALING FOR HELP.

When Nature is overtaxed, she has her own way of giving notice that assistance is needed. She does not ask for help until it is impossible to get along without it. Boils and pimples are an indication that the system is accumulating impurities which must be gotten rid of; they are an urgent appeal for assistance—a warning that can not safely be ignored.

To neglect to purify the blood at this time means more than the annoyance of painful boils and unsightly pimples. If these impurities are allowed to remain, the system succumbs to any ordinary illness, and is unable to withstand the many ailments which are so prevalent during spring and summer.

Mrs. L. Gentile, 804 Second Avenue, Seattle, Wash., says: "I was afflicted for a long time with pimples, which were very annoying, as they disfigured my face fearfully. After using many other remedies in vain, S. S. S. promptly and thoroughly cleansed my blood, and now I rejoice in a good complexion, which I never had before."

Capt. W. H. Dunlap, of the A. G. S. R. R., Chattanooga, Tenn., writes: "Several boils and carbuncles broke out upon me, causing great pain and annoyance. My blood seemed to be in a riotous condition, and nothing I took seemed to do any good. Six bottles of S. S. S. cured me completely and my blood has been perfectly pure ever since."

S. S. S. FOR THE BLOOD

is the best blood remedy, because it is purely vegetable and is the only one that is absolutely free from potash and mercury. It promptly purifies the blood and thoroughly cleanses the system, builds up the general health and strength. It cures Scrofula, Eczema, Cancer, Rheumatism, Tetter, Boils, Sores, etc., by going direct to the cause of the trouble and forcing out all impure blood.

Tramp, whose news sounded like a fog horn said that Mrs. Lippencott unloaded a sewing machine at Mrs. Rawls, which is a mistake for we have it by good authority that Mrs. Rawls bought her machine from F. V. Taylor of Red Cloud.

Nothing is left to chance in the manufacture of Ivory Soap. It is the highest result of scientific soap making.

Ivory Soap has been analyzed by many of the most noted chemists, who pronounce it of superior quality. The tests of chemists give confidence that it is pure, and the tests of thousands of housekeepers who have used Ivory Soap for years is even more convincing. They say that Ivory Soap will do some work for which no other soap can be trusted. They know from experience.

IVORY SOAP IS 99 1/100 PER CENT. PURE.
