MINER BROTHERS,
Red Cloud, Nebraska.

A BIG SHOW COMING.

Ringling Bros. Famous Circus to Exhibit in This City.

The announcement that Ringling Brothers circus will exhibit in Red Cloud, Friday, September 15th, will be gratifying news to all who have seen this great show or familiarized themselves with its claims to unrivaled fame. Some idea of the size and scope of the exhibition can be gained from the fact that five trains of double length railroad cars are required to transport it from city to city, while the performances are given in three rings, upon two stages, in mid-air and upon an immense hippodrome racing track, under an enormous canvas pavilion so vast that all the other circuses in America could be gathered, without crowding, under its colossal dome. The menagerie is the most complete zoological collection in America, the hippodrome is an actual reproduction of the exciting contest of old Rome, and the arenic performance is so vastly superior to anything ever before seen in this country as to create a distinct departure in this form of popular entertainment. The acrobats, gymnasts, aerialists, riders and other specialists number three hundred of the highest salaried European and American artists, including the great Fisher Family of mid-air evolutions; the seven DaComas, world famous aerialists and acrobats; Joseph LaFleur, the lofty somersault diver; Mlle. Tarnour, the personification of grace, beauty and cleverness on the swinging trapeze; Alvo, Boise and Pickard, absolute masters of the aerial bars; Jake Rooney, Edward Shipp, Lizzie Rooney, Julia Lowande, Elena Ryland, Olga Reed, Albert Crandall, and a long list of other great horsemen and horsewomen, together with many other feature performers now represented for the first time in the United States. Especial attention has been given this season to trained animal displays. Lockhart's elephant comedians compose the most novel dramatic company in the world. These huge pachyderms actually present plays and farces with an intelligence and clever appreciation of the power of expression by means of pantomime such as no human actors could surpass. Souder's elephant brass band is the most sensational animal feature ever seen in America. O'Brien's sixty-one horse act, the most remarkable instance of trained equine intelligence on record, has created a furor, while the new patriotic, introductory spectacle, "The Last Days of the Century" is declared by the leading newspapers of the country to be the most gorgeously magnificent display of the kind ever attempted. Circus day will open with a beautiful street display, in which will be exhibited free upon the streets the longest, richest and most resplendent parade ever organized—a display which even the Caesars, in the days of Rome's greatest splendor and spectacular extravagance, could not have equalled.

The Best Remedy for Flux.

Mr. John Mathias, a well known stock dealer of Pulaski, Ky., says: "After suffering for over a week with flux, and my physician having failed to relieve me, I was advised to try Chamberlain's Colic, Cholera and Diarrhoea Remedy, and have the pleasure of stating that the half of one bottle cured me." For sale by H. E. Gries.

A child fresh from its bath in clean dainty clothes is a suggestion of Ivory Soap. All dainty washable things may be restored to their original freshness without injury, by use of Ivory Soap.

A WORD OF WARNING.—There are many white soaps, each represented to be "just as good as the Ivory"; they ARE NOT, but like all counterfeits, lack the peculiar and remarkable qualities of the genuine. Ask for "Ivory" Soap and insist upon getting it.

Yellowstone National Park.

The park season is nearly over, only another month remains. Those who figure on visiting it this year must decide at once. The Burlington's Yellowstone Park book—32 pages, 28 illustrations, contains just the information the tourist needs. It tells how to reach the park, what the trip costs, how long it takes, what there is to see and how to see it. Sent free on request.
The tour of the Yellowstone park is the finest outing trip in all the world. A few weeks among its geysers, lakes, and canons and boiling springs is an experience that cannot be duplicated anywhere else on the globe. J. Francis General Passenger Agent, Omaha, Nebraska.
