**What Do the Children Drink.**

Don't give them tea or coffee. Have  
you tried the new food drink called  
Grain-O. It is delicious and nourish-  
ing and takes the place of coffee. The  
more Grain-O you give the children  
the more health you distribute through  
their systems. Grain-O is made of  
pure grains, and when properly pre-  
pared tastes like the choice grades of  
coffee but costs about one-fourth as  
much. All grocers sell it. 15c and 25c.

There's nothing in Ivory Soap but soap, good, pure  
vegetable-oil soap. There's nothing to make the linens  
streaky, no alkali to injure the finest textures. The  
lather forms quickly and copiously, and wash-day is a  
pleasure instead of a drudgery. Try it for the next wash.  
The price places it within reach of every one. Look  
out for imitations.

The republicans of Webster county  
do not need to be told that their con-  
vention placed in nomination an ex-  
ceptionally strong ticket. Its person-  
elle demonstrates that fact. From top  
to bottom the county ticket is good and  
will unquestionably command a strong  
support. There can be no reasonable  
objection to any nominee. Individual  
character and personal worth are the  
distinguished features. The whole  
ticket can be elected, but we will not  
indulge our readers with illusions or  
vainglorious predictions of success.  
Normally the republicans are in the  
minority in this county. Of late years  
when they have named popular candi-  
dates: made a vigorous campaign and  
brought out the republican vote, they  
have been successful in electing at  
least a part of the ticket. This year  
the nominations are so strong and  
worthy in the public estimation that  
the whole ticket can be elected by a  
proper effort. Organization, earnest  
work, a full poll of the republican vote  
and the personal strength of the nomi-  
nees among their friends, will achieve  
victory. The republicans should make  
up their minds to go in for a complete  
triumph and every nominee.

**He Wanted to be Alone.**

"Everybody," says the Chandler  
(Kansas News), "knows Bill Tighman,  
and it would be no trouble to find a  
thousand men who would bet their  
hats that Bill wouldn't run from any-  
thing on earth. But last week he made  
a disorderly retreat, and this is how it  
happened: William hankered for fish  
and took a stick of dynamite, went to  
the creek, lit the fuse and tossed it in-  
to the pool. The family dog, a small  
spaniel, accompanied him. One of  
Fido's accomplishments was to chase  
and bring back anything which had  
been thrown into the water, and per-  
ceiving a chance to distinguish him-  
self, he rushed in, grabbed the stick of  
dynamite and proceeded as he had  
been taught, to bring it to his master.  
Right here was where the retreat be-  
gan. Tighman rushed wildly through  
the timber, yelling, "Go 'way, Fido, go  
'way!" while Fido frisked arily along  
after him, carrying the dynamite with  
the sputtering fuse trailing out behind.  
By masterly leg work Bill managed to  
keep at a tolerably safe distance until  
the thing went off. After a careful  
search of the neighborhood a small  
lock of curly hair was found sticking  
to a jack-oak, and Tighman will have  
this put in a gold locket, to keep as a  
souvenir of the only thing he ever ran  
from."
