The case of John A. Poyer for the shooting of Deputy Sheriff A. A. Burdick came up for hearing yesterday before Judge West and a change of venue was taken to Judge Bedford's court. The hearing was had at the court house and the room was none too large to hold the anxious crowd. The defense introduced no evidence and the prosecution introduced a few witnesses in support of their case. After listening to the arguments and reviewing the evidence the judge found it sufficient to bind Poyer over to the district court in the sum of \$3,000, and in default of which he was committed to the care of Sheriff Wells.

Red Cloud people who stay at home on the Fourth of July will have a little fun of their own. This week a number of the business men got together and raised a goodly sum for the purpose of home enjoyment, however, anyone can come who wishes. There will be no eloquent outbursts of oratory, and the program, which will not commence until 2 p.m., will consist only of races and sports, and anything that goes to make a good time. Another feature will be a water fight, and still another a horse race. There will also be bicycle races, foot races, pony races, Irish buggy race, egg race, sack race, fat man's race, lean man's race, etc. And there will also be a tug-of-war contest which will be open to any team composed of five persons. Although the affair is to be impromptu one, there will be plenty of amusement and dancing. During the day a phonograph entertainment will be given, and at the close of the entertainment the phonograph will be given away.

Ludlow Bros. will in the near future put in a modern brick-making machine at their yards north of town. They have come to the conclusion that the present demand for brick will warrant the investment, and enable them to put a quality of brick on the market equal to Hastings brick or any other brick. We are glad to see the improvement and hope the people will show their appreciation of it by using nothing but home made brick.

Prof. Kelley has received the standing of the Red Cloud schools for the year just closed. The university authorities have conceded the Red Cloud schools 27 points or only one short of full university preparation. This is a gain of four points over last year, and is the highest credit ever earned by the Red Cloud schools. The gains were in Prof. Kelley's English class one point, one in civics, one in physical geography and one in Miss van Pilsun's Latin classes.
