### Nebraska Republicans Making Preparations to Reclaim the State from Fusion Mismangement.

Chairman Lindsay of the State Central Committee Formulating Plans for a Vigorous Campaign.

Able Orators are to be Secured and Everything That Pertains to a Campaign of Education Will Be Utilized.

Concerted Effort to Be Made to Redeem Nebraska from Fusion Vices Which Threaten Her Public Institutions.

Appreciating the potency of an educational campaign, and imposing confidence in the sagacity and intelligence of the electorate of Nebraska, the republicans have opened up headquarters at the Her Grand, in Omaha, and are preparing to conduct a vigorous campaign along this line.

The campaign in Nebraska will be directly in charge of H. C. Lindsay, Chairman of the State Central Committee, and he will be ably assisted by competent men at the head of the various departments who will devote all their time and energy to reclaiming Nebraska from fusion mismangement.

President McKinley. Looking upon a peaceful sea of prosperity bequeathed to them by the statesmanship of McKinley it was in keeping with good judgment and sound reasoning for the republicans in national convention assembled to attest their appreciation and gratitude by unanimously choosing William McKinley for their presidential candidate. In the four years he had been in the helm of state he had not only banished distress from the doorway of millions of American homes, but he had gone forth to a struggling people of unhappy islands and torn from their limbs the chains of servitude and silenced forever the sovereignty over them of one of the most meretricious monarchies known to modern history.

The Vice Presidency. Mindful of the importance of positive and experienced statesmanship, the republicans placed, as second on the ticket, that sturdy patriot Theodore Roosevelt. There are few names in American politics better known than this, and none more symbolic of honesty, fidelity and intellectual and moral qualities. Roosevelt has won his position in popular confidence in the open forum, where as soldier and civilian he has exhibited such qualities as are found only in the most unsullied type of American citizenship. A man of lofty patriotism, broad and progressive ideas, schooled in the science of government, he is a strong companion-piece to McKinley and his candidly bears with it an assurance of honesty, patriotism, care and circumspection in the administration of public affairs. Roosevelt may justly be claimed for the west as its representative, for, though a resident of New York, he has for many years been interested in the stock industry in the Dakotas and has spent much of his time on the frontier. No man in public life is more mindful of his duties. Whether his task be to stand between the people and rapacity, or to lead a column of soldiers against a death dealing storm of shot and shell in the cause of humanity, as he did at San Juan hill, it is all the same. Manhood is there and it asserts itself.

McKinley and Roosevelt—both men of splendid type. Both possessing a judgment that is profound. Both stand for conservatism in public affairs—for peace at all times when war can be avoided without dishonor and consistent with the decrees and obligations of humanity. They are opposed to militarism, and they both are opposed to a large standing army. War has only been accepted as an inevitable and unavoidable obligation. They and the republican party favor the maintenance of only such a standing army as will suffice as a nucleus in the event of foreign complications and as is sufficient to maintain law and order at home. The object of the American people as typified and set forth in the republican party is, not to subject disputes to the cruel arbitrament of war, but to settle all disputes at home and abroad without resort to force. No nation was more ably represented nor more outspoken in favor of peaceful arbitration in the settlement of international controversies at The Hague peace conference than the United States, and the representatives of the United States in that conference bore their commissions from William McKinley. Had he favored military rule as a function of government it is not likely in a conference held to suppress military rule, he would commission some of the ablest men in the nation whose protests against military adjudication were so forceful and brilliant as to electrify the world. At this conference the United States took the lead in favor of universal disarmament, and by this the commissioners from the United States voiced, not alone the sentiment of President McKinley, but the recorded sentiment of the republican party.

Nebraska Will be Watched. In the approaching campaign no other state will be more closely watched than Nebraska. One reason is that it is the home of the fusion candidate for president, William J. Bryan. Another and still more potent reason is, that it is an agricultural and manufacturing state, and as such has been largely benefited by republican prosperity. Four years ago, Nebraska, hypnotized and frightened by the alluring promises and startling predictions of the fusion campaigners, and by those of Bryan in particular, gave its electoral vote to the fusionists. The people of Nebraska had faith in the predictions of the "boy orator" and they followed his leadership. He was defeated notwithstanding and his predictions have been exploded. Bryan declared from the rostrum

[LETTER TO MRS. PINNHAM NO. 28,465]

"I was a sufferer from female weakness. Every month regularly as the menses came, I suffered dreadful pains in uterus, ovaries were affected and had leucorrhoea. I had my children very fast and it left me very weak. A year ago I was taken with flooding and almost died. The doctor even gave me up and wondered how I ever lived."

"I wrote for Mrs. Pinkham's advice at Lynn, Mass., and took her medicine and began to get well. I took several bottles of the Compound and used the Sensitive Wash, and can truly say that I am cured. You would hardly know me, I am feeling and looking so well. Lydia E. Pinkham's Vegetable Compound made me what I am."—Mrs. J. E. STEUBEL, 461 MECHANIC ST., CAMDEN, N. J.

How Mrs. Brown Was Helped. "I must tell you that Lydia E. Pinkham's Vegetable Compound has done more for me than any doctor. "I was troubled with irregular menstruation. Last summer I began the use of your Vegetable Compound, and after taking two bottles, I have been regular every month since. I recommend your medicine to all."—Mrs. MAGGIE A. BROWN, WEST PR. PLEASANT, N. J.

that if McKinley was elected, farm products would decline in value. On the contrary they have advanced. He said the adoption of a gold standard would precipitate a slavery of the masses. On the contrary, it has resulted in better wages, more money and general prosperity. He said through the free coinage of silver alone could prosperity come. Free coinage was defeated along with Bryan and such prosperity as this country has never before known now prevails.

But Nebraska, though swept by adversity from end to end under a democratic administration, which, barring the silver proposition, was a reminder of what Bryan's election meant, gave its vote to Bryan. What will it do this year? Will it still believe in a prophet who has fallen and in prophecies which when now held up before the lamp of intelligence and experience appear ridiculous? Will it turn its back to the advance agent of prosperity and its face to the advance agent of the silver or bullion trust? Will it still insist on the government making it so that the man who produces silver bullion can have its value increased 100 per cent, so that he may trade 50 cents worth of silver bullion for a dollar's worth of wheat, or corn, or labor, or will it be loyal to itself and insist on getting 50 cents worth of silver or 50 cents worth of gold for 50 cents worth of wheat, corn or labor?

Nebraska Otherwise Concerned. And Nebraska is otherwise concerned than in the ultimate triumph of the national republican ticket. The success of the congressional and state tickets are of the highest importance. The re-election of Congressman Burkett and Mercer should by no means fall. Both have rendered splendid service. Congressman Burkett has, during his term, secured the allowance of 342 pensions, mostly for veterans of the civil war. He has been, like Mercer, a strong advocate of the rural mail service, and has succeeded in establishing three of these routes in his district, with more to follow. He has also succeeded in having several additional postoffices established. Though not on the committee, he was successful in securing an appropriation of \$250,000,000 for improvements along the Missouri river, special provisions being made for improvements at Reilo and Nebraska City.

Congressman Mercer was equally successful in securing appropriations and concessions vastly beneficial to the state. He is a firm advocate of equitable pensions, and has gladdened many a home in his district by success in securing the allowance of a pension claim. Congressman Mercer strongly champions the rural mail delivery system and has done much to encourage it. Much credit is due him for the Missouri river appropriation.

In the other districts the republicans have chosen their candidates for congress from among the very best and ablest men in the party. Every one of these stands in strict accord with the administration, and their selection means support to republicanism as typified in President McKinley. It should require but little mental energy to determine the importance of supplanting fusion congressmen with these.

Fusion Sham Reform. Fusion management is a stench in the nostrils of the people of Nebraska. Governor Poynter's administration has made it so. Never before in the history of the state has there been such an exhibition of utter incompetency and political depravity. Never before have the interests of the people and of the state been so openly dis-

regarded and trampled upon. There is not a state institution that is not blighted by dishonesty or cursed by incompetency. The public patronage has been divided up as spoils among the politicians, and they in turn have their care. Nebraska under the adlooted the treasury, and in most instances, wrecked the institutions under administration of Governor Poynter has paid a terrible tribute to ignorance and incompetency. This applies no more to Poynter than to the rest of the state officials, particularly to the Attorney General's department, where the people have been treated to an exhibition of tom tom beating that would startle the Chinese.

The State Ticket. In nominating a state ticket the republicans, having in mind the evils of the fusion administration, and the necessity of selecting honest and capable men, nominated a ticket composed of the strongest material in the party. It headed the ticket with C. H. Dietrich for Governor, a man of wide business experience and splendid judgment. In business and social affairs Mr. Dietrich commands the respect and esteem of all. He is not a politician, in the general acceptance of that term, but a citizen who recognizes the right of the people to summon him to duty, and a compliance with that request is at the same time an implied promise and assurance that he will, if elected, perform that duty fearlessly, honestly and conscientiously. The election of Mr. Dietrich will insure an economic, business-like administration, and would put the institutions and the affairs of the state in the hands of a man who is noted for his honesty and shrewd business sagacity.

E. P. Savage, the nominee for Lieutenant Governor, is well and favorably known throughout the state. He is noted for his sterling qualities. The same may be said of G. W. Marsh, candidate for Secretary of State; William Steuffer, candidate for Treasurer; Charles Weston, candidate for Auditor; George D. Follmer, candidate for Land Commissioner; F. T. Prout, candidate for Attorney General; and W. K. Fowler, candidate for Superintendent of Schools. All these candidates were selected on account of their exceptional fitness for the respective positions. In one way and another they will have important duties to perform. duties which take into account the interests of the state, and in the proper performance of which the people of Nebraska are vitally interested and deeply concerned.

During the campaign the electors of Nebraska will have the pleasure and opportunity of hearing party issues discussed by some of the ablest orators of the nation. An effort will be made to secure Governor Roosevelt and other speakers equally distinguished.

## Women as Well as Men Are Made Miserable by Kidney Trouble.

Kidney trouble preys upon the mind, discourages and lessens ambition; beauty, vigor and cheerfulness soon disappear when the kidneys are out of order or diseased.

Kidney trouble has become so prevalent that it is not uncommon for a child to be born afflicted with weak kidneys. If the child urinates too often, if the urine scalds the flesh or if, when the child reaches an age when it should be able to control the passage, it is yet afflicted with bed-wetting, depend upon it, the cause of the difficulty is kidney trouble, and the first step should be towards the treatment of these important organs. This unpleasant trouble is due to a diseased condition of the kidneys and bladder and not to a habit as most people suppose.

Women as well as men are made miserable with kidney and bladder trouble, and both need the same great remedy. The mild and the immediate effect of **Swamp-Root** is soon realized. It is sold by druggists, in fifty-cent and one dollar sizes. You may have a sample bottle by mail free, also pamphlet telling all about it, including many of the thousands of testimonial letters received from sufferers cured. In writing Dr. Kilmer & Co., Binghamton, N. Y., be sure and mention this paper.
