As per call published in last week's paper a goodly number of republicans met at the court house last Friday night for the purpose of organizing a republican club. The meeting was called to order by G. R. Chaney and the constitution and by-laws adopted. The following officers were elected for a term of one year: President, J. S. White; first vice president, Horace Spanogle; second vice president, Cloyd Cummings; secretary, Jno. Dickerson; treasurer, C. B. Crone. It was decided that the regular meetings of the club should be every Friday evening at the Red Cloud band room. A committee of three was appointed to see about the organization of a marching club, after which the meeting adjourned until this Friday evening.

The CHIEF has always been in the habit of giving its subscribers the best of it on the offering of premiums for subscriptions paid in advance. The fact that paper has advanced materially and that no advance has been made in the price of this paper, has made it imperative that we have what is due us at once. We have heretofore been lenient, but will be compelled soon to place many accounts in the hands of a collector to enforce payment. Rather than do this we will give as an inducement for those paying up to date, a six months paid up subscription to the paper and a fine genuine oil finish portrait of yourself or a friend, in a splendid frame for the small sum of \$1.98. These portraits will not rub off like the cheap crayon pictures, but they wash and can be put in a tub of water over night without injury. The portrait can be made from any small picture, photo, tintype, or ambrotype furnished. Any portrait that is not entirely satisfactory will not cost you a cent. We have a sample portrait at this office which must be seen to be appreciated. If you have a loved one whose picture you wish enlarged it will pay you to take advantage of this offer.

One of the really good things this office has received lately is a plat book of Webster county published by the Northwest Publishing Company. To the farmer or business man it is of inestimable value. It gives the true divisions of the county, location of school houses, churches, ponds, creeks and other information of like nature. It gives the names of all owners of land of the county both resident and non-resident with the number of acres and the boundaries of each respective piece. The plat of each town is given in splendid shape. We might recount many more merits to be found between its covers but it will have to be seen to be appreciated.

**OBITUARY.**

Anna Elizabeth Husman was born in Switzerland on May 16, 1830. In 1860 she was united in marriage to Fred Brechbuhl and emigrated to this country in April, 1873. To this union was born four daughters and five sons, four of whom still survive her.

She was called to rest in her eternal home on Sunday, July 22, 1900, at the age of 70 years, 2 months and 6 days.

She was a kind, loving wife and mother, neighbor and friend and will be missed by a large circle of friends.

She was a member of the Lutheran church from childhood and a faithful follower of the Creator. Although a great sufferer and in great bodily pain she still trusted in the promises of the Savior, who has promised rest to all who believe on him. She was ready and anxious to go home. All that kind and tender care and love could do was faithfully done by the daughters and husband who never left her side until the end.

The funeral sermon was preached by Rev. G. W. Hummel at the family residence at 3 o'clock, July 23, 1900, where had gathered a large number of neighbors and friends which showed the high esteem in which she was held and to offer consolation to the bereaved ones. Interment in the Webb cemetery.
