THIS AND THAT.

W. S. Morlan of McCook, the republican candidate for congress in the fifth congressional district, is one of the pioneers of western Nebraska, and one of the most able lawyers in the state, and is perhaps better known than any man in this district today. He is known by all to be the very soul of honor, his integrity cannot be questioned, and the only reason his opponent has given why he should not represent this district in congress is that he is a railroad attorney. Now we would like to ask, does his profession unfit him any more than does Mr. Shallenbarger's who, by the way, is an up to date coupon clipper, money changer and plutocrat banker, as Mr. Bryan calls them, but poses before his constituents as a farmer and stock raiser? We think in neither case should such logic apply, and are surprised at such an argument, and if Mr. Shallenbarger is so sensitive just at this time as to his banking business it is no wonder as we all remember that it is not so very long ago when the populist looked upon the man engaged in the banking business as one of the worst and most dangerous enemies of mankind.

The fusion rally last Saturday was quite largely attended, there being in the city between 2,000 and 2,500 people. Five bands had been advertised to furnish music, but only one, the Bladen band, showed up. One person made the remark that they simply meant bands of pop. After the parade in the afternoon A. C. Shallenbarger of the day... people on the issues of view, in the evening a torch light parade was given. C. A. Towne was met near Gas Roosts by the torch bearers, he having driven across the country from Nelson where he delivered a speech in the afternoon. Mr. Towne's speech was very short and was remarkable only for its lack of applause. Taken altogether the rally was not what it was expected it would be.

We heard but little of Mr. Towne's speech last Saturday but if his consideration of all the paramount issues was as weak as that of imperialism it is very evident he made no converts. He asserted that we are now under an imperialistic government and as evidence cited the fact that we exact from Porto Rico a tax equal to 15 per cent of the Dingley tariff, while our ancestors rebelled against a stamp tax of 3 per cent. He didn't tell the audience that the stamp was to provide revenue for the home government while the duties levied in Porto Rico go into the treasury of that country. He presumed upon the ignorance of his hearers not to know the difference.

We wish our advertisers to bear in mind that owing to the fact that next week the CHIEF will print 3,000 papers and put one in the hands of every voter and house in Webster county, and also that the paper will be issued on Thursday forenoon, no changes for advertisements will be taken later than 6 p.m., Tuesday, October 16. Please bear this in mind if you wish any advertising in this issue. Parties who are skeptical as to the size of this edition are cordially invited to come in and count them. Remember, there will positively be no changes made or new advertisements accepted after 6 p.m., Tuesday, October 16th.

Married, on Tuesday, October 9, at the residence of the bride's parents, Mr. and Mrs. Jos. Polnick, eight miles northwest of this city, Miss Matilda Polnick to Mr. Jos. Mavel. The contracting parties are both well and favorably known in the community in which they live and also in this city. The bride is the daughter of one of our most prosperous farmers and the groom is one of our prosperous young farmers who is respected by all who know him. THE CHIEF along with their many other friends takes pleasure in wishing them a long and happy voyage over life's matrimonial seas.

It is now exceedingly doubtful as to whether Mr. Bryan will be able to carry his own state. The chairman of the

state central committee confidently believes that the electoral vote will go to McKinley and Roosevelt. He bases this belief on reports received from every county in the state. Not only this, but the chairman is also confident that the republicans will have a good working majority in the next legislature, which will elect two United States senators.

C. D. Morse, the Up-to-Date milliner this week advertises a slaughter sale of millinery. The cause of this is that the building he now occupies will be removed the middle of next month so that the work of excavation on the new brick building of W. W. Wright can be commenced, and he cannot find another room in the town at present. This is the condition of things in Red Cloud. Not enough store rooms in the town.

The Imperial Quartet of York will be one of the features at the republican rally. The people of this town have packed the opera house at twenty-five cents apiece to hear this quartet which was then known as the Arion or Parks quartet and was considered the best in the west. You can hear them next Saturday for nothing.

Why do some merchants keep "New Home" sewing machines in stock. Because by doing so they convince their customers that they keep only high grade goods of all kinds at reasonable prices. For sale by F. V. Taylor.

Dr. C. F. Koehler has moved into the house vacated by John McGowen.

Quite a number from here attended the rally at Red Cloud Saturday and were disappointed, as they did not see the five bands as advertised, nor did they see or hear Towne.

The opening of the campaign at this place was last Friday evening, with speeches from Olmstead and R. H. Catlin of Indiana. Good music was furnished by the Bladen band and quartette. There was a large audience and everything passed off pleasantly.

Frank Whelan is building a new addition to his house. J. Hines is doing the work.

John Paugh southeast of town is erecting a fine dwelling.

The new grade on Main street and the crossings are a great improvement to our city.

HEADACHE

is only a symptom—not a disease. So are Backache, Nervousness, Dizziness and the Blues. They all come from an unhealthy state of the menstrual organs. If you suffer from any of these symptoms—if you feel tired and languid in the morning and wish you could lie in bed another hour or two—if there is a bad taste in the mouth, and no appetite—if there is pain in the side, back or abdomen—BRADFIELD'S FEMALE REGULATOR will bring about a sure cure. The doctor may call your trouble some high-sounding Latin name, but never mind the name. The trouble is in the menstrual organs, and Bradfield's Female Regulator will restore you to health and regulate the menses like clockwork.

Sold by druggists for \$1 a bottle. A free illustrated book will be sent to any woman free of charge by THE BRADFIELD REGULATOR CO. ATLANTA, GA.
