ALMOST FORGOTTEN.

Incidents of Every Day Life Which Very Few People Stop to Think About on Account of Their Littleness

The election is over.—Man's peculiarities show up on the face of the returns and this election has not been an exception.—A man to run successfully for mayor the second term hand running must have as many virtues as a thousand leg worms has legs.—He can govern the city economically, work himself gray headed keeping down a small-pox epidemic, see that good, substantial sidewalks and crosswalks are built, and have other improvements in view and then some yellow-hammer whose word naturally would go for naught, can come out on election day, tell a fake story and beat him at the polls.—No wonder men decline to run for this office.—Next Sunday will be Easter and the ladies are hoping it will be a nice day so they can show off their new finery.—We haven't got any so we don't give a continental whether it rains or not.—When it looks silly to see a big silly boy going down the street with a hat five sizes too small for his head, perched on his bump of foolishness, how silly does it look to see two little silly boys at the same antics?—All the little boys made goo, goo eyes at them as they passed by.—Some may think that the pig races inaugurated by Elmer Ross have been forgotten but Elmer has hired Marion Houchin and the sport will be revived as soon as the weather will permit.—Grant Turner and Morris West have become back numbers and have given way to the new member.

Many in the city who have vaunted of their republicanism in the past have gone back on their principles on ac-

count of having to pay a dollar for a worthless cur. The incoming of the new mayor, happily however does not destroy the efficacy of the dog ordinance. Pay your dog tax next May and look happy or the new marshal will get your dog sure.

The weather of the past two weeks has been enough to make the average business man use a little unbecoming language, but it is probably all for the best. At least it almost insures this section of the country a good wheat crop this year.

It takes all kinds of people to make a world. Red Cloud is a little world by itself then, at least there are all kinds of people here.

Man wants but little here below, but if he's mayor and wants to be re-elected, he don't want to tax his neighbor's dogs.

Walter Roby sells the Singer sewing machine. Prices right. Get the best.

THE NEW BABY

Opens up a new world to the loving mother. If it is a strong, healthy baby that new world is a world of happiness. If it is a weak, fretful child the new world is full of anxiety. It has been proven in thousands of cases, that the use of Dr. Pierce's Favorite Prescription makes all the difference between strength and weakness in children. Healthy, happy mothers have healthy, happy children. "Favorite Prescription" gives the mother strength to give her child. It makes the baby's advent practically painless and promotes the secretion of the nourishment necessary to the healthful feeding of the nursing child.

"I have been using Dr. Pierce's Favorite Prescription and can say it is just what you advertise it to be," writes Mrs. Victor J. Hadin, of Leonardville, Riley Co., Kansas. "I began taking it just two months before baby came and was greatly benefited by its use. The doctor who attended me said I did about as well as any one he had seen (as I was sick only about three hours), and also that your 'Favorite Prescription' was 'one patent medicine' which he did have faith in. We now have a darling baby boy, strong and healthy, who weighed nine pounds when born. During this month he has gained three and one-half pounds. Have never given him one dose of medicine."

Dr. Pierce's Common Sense Medical Adviser, in paper covers, sent free on receipt of 21 one-cent stamps to pay expense of mailing only. Address Dr. R. V. Pierce, Buffalo, N. Y.

BLUE HILL.

THE BANNER HAT.

I pray you, take a look at Jake. And then a glance at me. Observe his air of mute despair and mine of soulful glee: 'Unless a dunce you'll know at once I must have had my will, And got my hat,—and also that Poor Jacob got the bill. Dr. Fulkerson has returned from his southern trip improved in health. Mrs. Mandelbaum is at home again after a pleasant journey to points in the east.

Insurance adjusters settled, this week, with Chas. Willmore who lost his dwelling by fire a few days since. Unless your correspondent soon recovers from his attack of grip he will be forced to close his school and go into dry dock for repairs.

Rev. Ira McConnoughey will remain another year as pastor of the Presbyterian church. He is highly appreciated by his congregation. The supply of beer in Blue Hill, always reasonably ample, will be further augmented by the addition of another saloon for the coming year. We invite the big Indian of the Chief to come up and have a good time.

George Warren came up on the train Saturday, (paying his fare the entire distance,) for the purpose of being initiated into the Ancient Order of Bald Headed Prevaricators. At the meeting in the evening, the necessary two votes having been obtained in his favor, he was declared duly elected. He then came down from the roof, where he had been sitting astride the ridge board during the early proceedings of the lodge and was prepared for the degrees by being divested of his drapery and having his epidermis unbuttoned, ready to be removed at a moment's notice. He ventured the statement that the preparation seemed to be of a searching nature and was cautioned that a second indiscreet remark might prove fatal. Clad in a hood-wink and a cold perspiration he entered the room of the mighty order upon which the twentieth century bases hope. Exactly what occurred there we are unable to state as the members are getting shy of the reportorial pump. Something, however, of an unusual nature must have happened. Your correspondent, ever on the alert for news, was standing near the lodge room and was startled by discovering Mr. Warren in the act of escaping from the building, coming down four or five steps at a time. He had lost the hood-wink but still retained the perspiration. He seemed, indeed, to be laboring under a condition of some excitement as

he was shouting at the top of his voice "Eureka", in the Grecian language signifying, "I have found it." What he had found or why he should deem it proper to speak Greek in Blue Hill we had no time to ascertain, for, with a wild glare at your correspondent, he turned to the left, making a mad rush into the darkness in the direction of Frank Buschow's farm house. Subsequent inquiry failed to develop his whereabouts and grave fears are entertained for his safety. COLUMBUS.

To Whom It May Concern. Red Cloud, Neb., March 28, 1901. At a meeting of the board of trustees of the Red Cloud Cemetery association, held at the office of clerk on date above written, it was ordered that all lots not paid for or satisfactorily adjusted at the expiration of thirty days from this date will be cancelled, the ground occupied by graves, cut off, and remainder reclaimed by the association and sold —By Order of the Board.

Rheumatism

Rheumatic pains are the cries of protest and distress from tortured muscles, aching joints and excited nerves. The blood has been poisoned by the accumulation of waste matter in the system, and can no longer supply the pure and health sustaining food they require. The whole system feels the effect of this acid poison; and not until the blood has been purified and brought back to a healthy condition will the aches and pains cease.

Mrs. James Kell, of 707 Ninth street, N. E., Washington, D. C., writes as follows: "A few months ago I had an attack of Sciatic Rheumatism in its worst form. The pain was so intense that I became completely prostrated. The attack was an unusually severe one, and my condition was regarded as being very dangerous. I was attended by one of the most able doctors in Washington, who is also a member of the faculty of a leading medical college here. He told me to continue his prescriptions and I would get well. After having it filled twelve times without receiving the slightest benefit, I declined to continue his treatment any longer. Having heard of S. S. S. (Swift's Specific) recommended for Rheumatism, I decided, almost in despair however, to give the medicine a trial, and after I had taken a few bottles I was able to hobble around on crutches, and very soon thereafter had no use for them at all. S. S. S. having cured me sound and well. All the distressing pains have left me, my appetite has returned, and I am happy to be again restored to perfect health.

SSS the great vegetable purifier and tonic, is the ideal remedy in all rheumatic troubles. There are no opiates or minerals in it to disturb the digestion and lead to ruinous habits. We have prepared a special book on Rheumatism which every sufferer from this painful disease should read. It is the most complete and interesting book of the kind in existence. It will be sent free to any one desiring it. Write our physicians fully and freely about your case. We make no charge for medical advice. THE SWIFT SPECIFIC CO., ATLANTA, GA.

WHAT'S IN A NAME?

(Benson's Plaster is Pain's Master.)

In the days of 'wild cat' money in the West, the Ames shovels were used as currency. They were as stable as gold; their price did not vary a cent in twenty years. The very name of Oliver Ames & Son, was a synonym for honesty. It was current all over the world.

On the same principle Benson's Porous Plaster is the universal standard external remedy. To say it is a "good" plaster does not describe it; it is the best possible plaster. For every disease in which an external remedy is available, Benson's Plaster is used almost as a matter of course.

Benson's Plaster quickly relieves and cures where other modes of treatment are either exasperatingly slow or have no good effect whatever. Coughs, colds, lumbago, kidney trouble, rheumatism, lame back, etc., are at once benefited and soon cured. Capsicum, Strengthening and Belladonna plasters have none of the curative virtues of Benson's. More than 5,000 physicians and druggists have commended Benson's Plaster as a remedy in which the public may have implicit confidence; while, in a comparative test with other plasters, Benson's has received fifty-five highest awards. Beware of substitutes and cheap imitations.

For sale by all druggists or we will prepay postage on any number ordered in the United States on receipt of 25c. each. Seabury & Johnson, Mfg. Chemists, N. Y.
