Already they have secured nearly one thousand dollars in special premiums aside from the regular list. The fair promises to be a big success and we sincerely hope our people will take hold and help to push it. It may be true that the people of this section have quit bringing in their exhibits for the reason that they never got a cent under the old association but it is different with the new association. They have a magnificent special premium list, and enough money already to pay all premiums advertised in their list. The list will be completed and printed in the near future and it will pay you to look it over.
