The people of this village had a little extra to talk about last Friday, when a certain doctor who has lately come to town arrested Druggist Phelps who is in the employ of Chas. E. Hicks, charging him with unlawfully practicing medicine and trying to make out a criminal case against him, when in fact he had only been compounding medicines under the instructions of his employer. The papers were drawn up by an attorney from Blue Hill. As soon as arrested Mr. Phelps demanded a hearing which took place before Justice of the Peace Cutter. Mr. Phelps was represented by P. W. Warner, the lawyer on the Blue, who presented his points so clearly that the court at once dismissed the case. No cause of action. Mr. Phelps has gained many friends while the doctor has lost as the actions plainly shows it was a matter of spitework.
