

# CATARRH

Catarrh has become such a common disease that a person entirely free from this disgusting complaint is seldom met with. It is customary to speak of Catarrh as nothing more serious than a bad cold, a simple inflammation of the nose and throat. It is, in fact, a complicated and very dangerous disease; if not at first, it very soon becomes so.

The blood is quickly contaminated by the foul secretions, and the poison through the general circulation is carried to all parts of the system.

Selves, washes and sprays are unsatisfactory and disappointing, because they do not reach the seat of the trouble. S. S. S. does. It cleanses the blood of the poison and eliminates from the system all catarrhal secretions, and thus cures thoroughly and permanently the worst cases.

Mr. T. A. Williams, a leading dry-goods merchant of Spartanburg, S. C., writes: "For years I had a severe case of nasal Catarrh, with all the disagreeable effects which belong to that disease, and which make life painful and unendurable. I used medicines prescribed by leading physicians and suggested by numbers of friends, but without getting any better. I then began to take S. S. S. It had the desired effect, and cured me after taking eight bottles. In my opinion S. S. S. is the only medicine now in use that will effect a permanent cure of Catarrh."

**SSS** is the only purely vegetable blood purifier known, and the greatest of all blood medicines and tonics.

If you have Catarrh don't wait until it becomes deep-seated and chronic, but begin at once the use of S. S. S., and send for our book on Blood and Skin Diseases and write our physicians about your case.

When a person makes a statement that he is going to name a certain delegation it is high time to chuck him out!

When corn reaches the dollar a bushel mark hominy will be a luxury and corn bread will go into the same class as angel food.

Mr. David Nation has brought suit against Mrs. Carrie Nation for divorce alleging that his wife held him up to public ridicule, neglected her family and abandoned his home.

Conditions have decidedly reversed from what they used to be. In times gone by people continually saved for a rainy day. In this day and age of the world they lay up everything they can get their hands on for a drought.

Next Wednesday is the day when some of the numerous candidates who would like to run for office will fail to get the nomination. Just who will be the lucky and who will be the unlucky ones we are at present unable to state as politics are uncertain and candidates are confident.

"Something New Under The Sun."

All doctors have tried to cure Catarrh by the use of powders, acid gases, inhalers, and drugs in paste form. Their powders dry up the mucous membranes causing them to crack open and bleed. The powerful acids used in the inhalers have entirely eaten away the same membranes that their makers have aimed to cure, while pastes and ointments cannot reach the disease. An old and experienced practitioner who has for many years made a close study and specialty of the treatment of Catarrh, has at last perfected a treatment which when faithfully used, not only relieves at once, but permanently cures Catarrh by removing the cause, stopping the discharges, and curing all inflammation. It is the only remedy known to science that actually reaches the afflicted parts. This wonderful remedy is known as Snuffles the Guaranteed Catarrh Cure and is sold at the extremely low price of One Dollar, each package containing internal and external medicine sufficient for a full month's treatment and everything necessary to its perfect use.

"Snuffles" is the only perfect Catarrh Cure ever made and is now recognized as the only safe and positive cure for that annoying and disgusting disease. It cures all inflammation quickly and permanently and is also wonderfully quick to relieve Hay Fever or cold in the head.

1000 Retreats in Colorado. The excessive heat in July drove tens of thousands to the cool retreats in the Colorado mountains. There they will remain until the summer is over, free from heat and dust, taking life easily, going picnicing today, playing golf tomorrow and whipping a trout stream the day after.

Join them. If you cannot spend a month away from your business, take three weeks—even a fortnight. It will do you a world of good. The cost of the trip need not stand in your way. This year the rates to Colorado are extraordinary low. Ask the Burlington ticket agent about them. You will be surprised to learn how cheaply the trip can be made.

### Speedy Americanization.

Nothing pleased me more in the states than to go into one of the public schools and watch America Americanizing. The Americans take hold of the immigrant's children and flatten out whatever may be too un-American in their mental make-up beneath the steam roller of the English language, with the result that no citizens are more ebulliently loyal than the second generation of aliens. Nor can it be long before the introduction of the American public school system into Cuba and Porto Rico drives a stiff wedge into the dominion of Spanish and makes English the necessary language for an ambitious colonial. American policy is, and always has been, of the hard-headed Bismarckian type, rarely to be swayed by sentiment; they believe in education as we believe in cricket, and it is no great rashness to prophesy that within a few years Spanish will be leading at most a furtive, twilight sort of existence in the highlands of Spain's ancient colonies, and that a Cuban or a Porto Rican of the towns and seaports who does not speak English will be as rare as a Welshman who knows only Welsh.—Sydney Brooks, in National Review.
