The trip is made at a time of year when traveling is a pleasure and the climate of California at its best. The return limit—November 15, 1901, is an unusually long one for tickets sold at so low a rate. Stopovers are allowed at pleasure, both going and returning, at and west of the first Colorado, Wyoming or Montana point enroute. All in all, the opportunity is one which no man or woman who contemplates a visit to California can afford to overlook. Folder giving details mailed on request. Burlington ticket agents are in a position to give any further information that may be desired.—J. Francis, General Passenger Agent, Omaha, Neb.

MONKEY CONGREGATION.

Remarkable Assemblage in the Forest with the Birds Serving as Musicians.

The author of "Sands of Sahara," when visiting the Gorge of Chiffa, came upon a strange ceremonial which, a native assured him, was an unusual one. The gorge itself is like a grand sanctuary, canopied by trees and lighted delicately by the sun filtering through foliage. A remarkable assemblage was there that day—a congregation of monkeys apparently holding some kind of service, to which the birds of the forest gave music.

The monkeys sat in rows upon the broad, outreaching branches of the virgin trees. They were in parties of two, three or four, although one fellow sat alone, like a decorous bachelor. While most of them remained stationary, certain patriarchal fellows passed about the area of assemblage, sitting down for a few minutes on the branches beside different families of the parish, seeming to give them counsel.

The ceremonies were conducted with the greatest propriety. The monkeys seemed to be taking part in a service in which they were deeply interested. When it was over, and they were about to go out into the world, the ruling elders could be seen running about, passing from tree to tree on the interlacing branches; nor did the assembly break up until those evidently respected officials had visited and saluted the entire convocation. Even their departure was made most decorously.

Then, after that serious council had adjourned, the monkeys fell to enjoying themselves. They scampered from tree to tree. They swung from branch to branch. Some hung by their tails, and others, in little coteries, hand in hand enjoyed their mid-air frolic. But the old bachelor did not clasp hands with anybody.

Wished He Had Known It.
"Jack" Wilson, whose tomb is in the Little Cloisters at Westminster Abbey, was Shakespeare's tenor. He died at the age of 78 in 1673. The inscription on his tomb at the abbey was much obliterated, and under the direction of an antiquary a man was employed to recut the letters. The antiquary stood looking over him, so that he should make no mistake, and to make the time go pleasantly he dwelt at great length to the workman upon the grandeur and merits of the deceased. The man eventually stopped his work, and, looking up at the antiquary, said: "I wish, sir, that we had known that he was such a swell afore we run that there drain pipe through him!"

Callisthenics

Are a benefit to healthy women. But to women who are suffering from disease peculiar to their sex they are an injury. When there is weak back or bearing-down pains, headache or other indications of womanly weakness, exercise can only aggravate the condition. The womanly health must be first restored before strength can be developed by exercise.

Dr. Pierce's Favorite Prescription makes weak women strong and sick women well. It does this by healing the womanly diseases which undermine the general health. It stops the drains that weaken women, heals inflammation and ulceration and cures female weakness.

When I first commenced using Doctor Pierce's medicine, writes Mrs. George A. Strong of Genesee, Saratoga Co., N. Y., "I was suffering from female weakness, a disagreeable drain, bearing-down pains, weak and tired feeling all the time. I dragged around in that way for two years, and I began taking your medicine. After taking first bottle I began to feel better. I took four bottles of Dr. Pierce's Favorite Prescription, two of 'Golden Medical Discovery,' one vial of 'Pleasant Pellets,' also used one bottle of Dr. Sage's Catarrh Remedy. Now I feel like a new person. I can't thank you enough for your kind advice and the good your medicine has done me."
"I have a sister who is taking your medicine and it is helping her."
Dr. Pierce's Pleasant Pellets promote regularity of the bowels, and assist the action of "Favorite Prescription." No other laxative should be used with Dr. Pierce's Medicine.
