What to Do.

There is comfort in the knowledge so often expressed, that Dr. Kilmer's Swamp-Root, the great kidney remedy fulfills every wish in curing rheumatism, pain in the back, kidneys, liver, bladder and every part of the urinary passage. It corrects inability to hold water and scalding pain in passing or bad effects following use of liquor, wine or beer, and overcomes that unpleasant necessity of being compelled to go often during the day, and to get up many times during the night. The mild and the extraordinary effect of Swamp-Root is soon realized. It stands the highest for its wonderful cures of the most distressing cases. If you need a medicine you should have the best. ### WHAT'S IN A NAME? (Benson's Plaster is Pain's Master.)

In the days of 'wild cat' money in the West, the Ames shovels were used as currency. They were as stable as gold; their price did not vary a cent in twenty years. The very name of Oliver Ames & Son, was a synonym for honesty. It was current all over the world. over the world.

On the same principle Benson's Porous Plaster is the universal standard external remedy. To say it is a "good" plaster does not describe it; it is the best possible plaster. For every disease in which an external remedy is available, Benson's Plaster is used almost as a matter of course

Benson's Plaster quickly relieves and cures where other modes of treatment are either exasperatingly slow or have no good effect whatever. Coughs, colds, lumbago, kidney trouble, rheumatism, lame back, etc., are at once benefited and soon cured.

Capsicum, Strengthening and Belladouna plasters have none of the curative virtues of Benson's. More than 5,000 physicians and druggists have commended Benson's Plaster as a remedy in which the public may have implicit confidence; while, in a comparative test with other plasters, Benson's has received fifty-five highest awards. Beware of substitutes and cheap imitations. For sale by all druggists or we will pre-pay postage on any number ordered in the United States on receipt of 25c. each. Seabury, & Johnson, Mfg. Chemists, N.Y.
