

Thousands Have Kidney Trouble and Don't Know It.

How To Find Out.
Fill a bottle of common glass with your water and let it stand twenty-four hours; a sediment or settling indicates an unhealthy condition of the kidneys; if it stains your linen it is evidence of kidney trouble; too frequent desire to pass it or pain in the back is also evidence of kidney trouble; if you are out of order.

What to Do.
There is comfort in the knowledge so often expressed, that Dr. Kilmer's Swamp-Root, the great kidney remedy fulfills every wish in curing rheumatism, pain in the back, kidneys, liver, bladder and every part of the urinary passage. It corrects inability to hold water and scalding pain in passing it, or bad effects following use of liquor, wine or beer, and overcomes that unpleasant necessity of being compelled to go often during the day, and to get up many times during the night. The mild and the extraordinary effect of Swamp-Root is soon realized. It stands the highest for its wonderful cures of the most distressing cases. If you need a medicine you should have the best. Sold by druggists in 50c. and \$1. sizes. You may have a sample bottle of this wonderful discovery and a book that tells more about it, both sent absolutely free by mail, address Dr. Kilmer & Co., Binghamton, N. Y. When writing mention reading this generous offer in this paper.

GROCER ARRESTED

For Selling Impure Food—A Hard Fought Trial Is Expected.

At Dayton, O., a grocer named John L. Schuster has been arrested for selling Arbuckle's Ariosa coffee. The pure food department of Ohio claims that the glazing on Ariosa coffee makes it unsalable in that state. This interests other grocers, because similar actions are likely to be brought against them for selling Arbuckle's, or any other coffee which has been glazed or coated.

The trial has been set for June 2. It is understood that the Arbuckles will send New York lawyers to defend the case. The pure food and dairy commissioner, Joseph H. Blackburn, will employ the best legal talent he can secure to represent the state's side of the case. "The laws of Ohio are very strict in protecting the people against impure food. It is claimed that Arbuckle's coffee is impure because it is coated with a glazing that serves to cover up defects and make the coffee look better than it really is, and that this glazing is cheaper than coffee. Everyone who drinks coffee will be interested in the outcome of this case."
