During the past week we have heard considerable about the condition of the wheat crop in this county, and from what we can learn it is now generally conceded that wheat will make from 50 to 75 per cent of a crop. While some of it is short stemmed, the heads are of good length and well filled.

There is one thing that people living slong the Republican valley should do and that is enter a protest against parties or corporations maintaining dams across the river which do not contain fish-ways. The laws of both Kansas and Nebraska provide for this, and the people should see that fish-ways are provided or make complaint to the fish and game warden and have it done. At present there are few if any fish in the river here, or west of here

#### Marking Historical Places.

Some things seem to be accomplished more easily in Kansas than in Nebraska. They have done more, for instance, in the way of marking historic spots down there than we have ever done in our state. We have no reason to think they are any more considerate of recent events, of matters connected with the civil or Sparish wars; but of the times that lay back of living man's memory they seem to be more minddown there than we have ever done in memory they seem to be more mind ful. Last September they dedicated a monument to Lieutenant Pike, on the site of the Indian village or "republic" where he pulled down the last Spanish flag in 1806; and now they are putting up a shaft to mark the kingdom of Quivera. This is a name found in the records of the early Spanish explorers, who heard of such a place and expected to find much gold there. So much moonshine enters into their narratives that Quivers has become a kind of a joke of late years; but certain careful namely Stillwater. jards had in mind, and to a creeting

Thedford's Black-Draught has saved doctors' bills for more than ixty years. For the common family ailments, such as constipation, indigestion, hard colds, bowel complaints, chills and fever, biliousness, headaches and other like complaints no other medicine is necessary. It invigorates and reg-ulates the liver, assists digestion, stimulates action of the kidneys, purifies the blood, and purges the bowels of foul accumulations. It cures liver complaint, indigestion, sour stomach, dizziness, chills, rheumatic pains, sideache, backache, kidney troubles, constipation, diarrheea, biliousness, piles, hard colds and headache. Every drug-gist has Thedford's Black-Draught in 25 cent packages and in mam-moth size for \$1.00. Never accept a substitute. Insist on having the original made by the Chattanooga Medicine Company.

I believe Thedford's Black-Draught is the best medicine on earth. It is good for any and everything. I have a family of twelve children, and for four years I have kept them on foot and healthy with no doctor but Black-Draught. A. J. GREEN, Illewara, La.

Tac readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh, being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly on the blood an mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers, that they offer one hundred dollars for any case that it fails to cure. Send for list of testimonials. Address F. J.
