A memorial service was held at the cemetery in the McCall district at 10 a. m. on Decoration day. Rev. D. D. Hamby, pastor of the Congregational church of Red Cloud, delivered the address. Mr. Hamby emphasized the heroism of the common soldier in the great civil war and affirmed that they who battle for God and the right are the nation's true heroes today. There was a goodly number in attendance at the service.

We have a premium list of the Nebraska State Fair, which is to be held August 29th to September 5th. This county should make an exhibit of its products not only collectively but individually. We believe that this county produces not only as good or better cattle, hogs and horses as any county in the state but raises grain of all kinds as good as there is to be found anywhere. It is to the interests of the entire county that an exhibit should be made. Many people living outside of this state visit this fair for the purpose of seeing what the country produces.

If this fad of pitching horse shoes keeps on the chances are there will have to be more room provided in the Lincoln asylum, and also more room on the court docket for the filing of divorce suits. Just imagine a woman trying to keep supper warm from 6 to 9 while her husband is down town on business—pitching horse shoes. But that's nothing. Imagine a man in sweet repose suddenly arousing his spouse with a hearty laugh and the remark: "Well, here goes for a ringer. Shucks, it's only a leaner." And just then his faithful spouse got in a "ringer" that he wasn't looking for and the game was called off.

There is one thing the county commissioners should do at their next meeting, and that is to properly floor the bridge across the river at this place. At present it is considerably worse than the rocky road to Dublin as we understand that famous road of history. Going across it, even in a first class buggy, puts a man in mind of his babyhood days when he was lying in a cradle and someone was "jiggling" him up and down. And while we are on this subject of roads, we would suggest that they devise some way to fill the road from the bridge one-fourth or even one-half of a mile west, so that it will not be an impassable mud hole every time it rains.

The city council at its meeting last Wednesday evening accepted the proposition of Joe Burns of Lincoln relative to furnishing a sufficient supply of water. Thursday evening the council again met and rescinded its former action, postponing the matter for sixty days. Mr. Burns agreed to put in a system of wells, connect them with the pump and do such other work as may be necessary, whereby the city will obtain a supply of not less than 200,000 gallons of water per day, in addition to what it already has, and to do this for \$1,512. In case he is unable to do this he is to receive nothing from the city. In explaining his plan Mr. Burns stated that he expected to run a pipe to the north side of the creek and there put in a number of wells or sand points, and that he might also find it necessary to lower the pump a few feet. Mr. Burns left for Lincoln Thursday morning and expected to return to this city the first of next week, ready to put down several test wells, but the action of the council last night postpones the work indefinitely.

## Decoration Day Services.

Last Friday, Decoration Day, was very appropriately and beautifully observed in this city. Not only did the G. A. R. and W. R. C. nobly perform their part of the service, but all our people turned out and did homage to the dead. The cemetery had been nicely decorated and there could scarcely be found a grave but what bore flowers as a mark of remembrance. After the usual ceremony of the decoration of graves had been performed the program was carried out as was published in our previous issue, and each of the speakers did themselves credit. The ceremonies were of such a solemn and impressive nature as will long be remembered by all who attended, and will lead others to join in the universal observance of the day, a day which should be observed by all.

Owing to the advanced age and feebleness of the members of the Grand Army and the distance to the cemetery the street cars were used to carry the veterans to Division street, from whence they walked to the grave yard. The ladies of the W. R. C. in carriages joined the procession following the cars. At the cemetery the usual exercises were held, the W. R. C. and school children decorating the graves of the thirty-six old soldiers and nineteen wives and daughters of the old soldiers, and also sons of veterans, of the civil war who are buried there. The G. A. R. and W. R. C. then conducted their services in honor of the unknown dead, after which they proceeded to the speaker's stand which had been erected within the cemetery grounds. After being called to order by R. B. Fulton one verse of the song America was sung by the audience and Rev. Dixon invoked the divine blessing. An address was then delivered by Governor Savage, which was well received by the audience, after which another song was sung and the Rev. T. A. Meredith pronounced the benediction.

## Groat-Koon Wedding

Last Monday evening, June 3, at the residence of Mr. and Mrs. D. L. Groat, in the south part of town, occurred a very pleasant event, when their daughter, Dora H., was united in marriage to Elmer L. Koon, Rev. Dixon officiating. The wedding was a private one, only relatives and a few very intimate friends being present. After the ceremony a sumptuous wedding supper was served. The bride and groom were the recipients of a number of useful and appropriate presents. Mr. Koon has for some time been a popular and pleasing young clerk in Rife & Koon's grocery store, and meat market, and the bride has resided here for several years and is well known and highly esteemed. The young couple started yesterday on a trip to Oklahoma and expect to be gone about a month, after which they will return to this city, where they will make their future home.

## Shriners Enroute to Frisco.

On Monday night two special trains carrying eastern members of the Mystic Shrine passed through Red Cloud on their way to the annual session of the imperial council, A. A. O. N. M. S., at San Francisco, June 10. The first section of the special, which arrived about 8 o'clock, carried Philip C. Shaffer of Philadelphia, the imperial potentate of the order for North America, and members of the order from Philadelphia, Baltimore, Washington and Cincinnati, accompanied by a goodly sprinkling of ladies. The train stopped in Red Cloud for an hour, and all took supper at the B. & M. hotel. The second section of the train, bearing the members of Mecca temple of New York city, passed through shortly after 10 o'clock. Quite a number of ladies and gentlemen drove down from town to welcome the first train.

## Just Double!

When a house is painted it is safe to estimate that a value has been added to it which is never less and sometimes double the cost of painting.

## How - About - Your House?

Multiply the distance around it by the average height; divide by 350. This gives the required amount of gallons of

## Lincoln Mixed Paint

The paint costs \$1.60 per gallon; come in and get sample cards and study color effects.
