THESE FELLOWS ARE GALUSHA, WESCOTT & STOREY MEN.

You can most always distinguish the man that buys his clothing of us by the swagger, stylish ensemble of his garments.

It's one thing to wear clothes and another thing to wear clothes that fit.

You see both kinds on the street every day. Between the kind of clothing that's thrown together and the kind that's tailor ready made, the kind we sell, there's a wide difference. The money saved on the first kind is like what the old Arab said about buying cheap meat, that "When it boils you'll smell what you have saved." Our

BARGAIN BABIES.

If babies were for sale the most inveterate bargain-hunting woman in the world would not look for a bargain baby. She would want the best baby that could be bought, regardless of price.

Every woman naturally craves a healthy, handsome child, and her craving can be gratified if she will but re-member that the child's health is her own gift, and to give health she must

been weak and puny have nursed in strength their first strong child after using Dr. Pierce's Favorite Prescription. It is the best preparative for

maternity, encouraging the appetite, quieting the nerves and inducing refreshing sleep. It gives the mother strength to give her child, and makes the baby's advent practically painless. "My wife had been sick nearly all her life," says Mr. E. E. Fricke, of Petersburg, Menard Co., Illinois, Box 167, "and after trying everything I could think of I made up my mind to try Favorite Prescription." I got six bottles, which my wife took, a tablespoonful three times a day until the baby care.

which my wife took, a tablespoonful three times a day until the baby came. She felt better after taking the first hottle, and when baby was born he weighed nine and a half pounds. Today he is six months old and weighs twenty two pounds. He is as good a child as any one could wish. The doctor says he is as healthy as any baby could be and also says the use of your Favorite Prescription, was the cause of such a healthy baby.

"After my first baby was born I did not seem to regain my strength although the doctor gave me a tonic which he consid-ered very superior, but instead of getting better I grew weaker every day. My hus-band insisted that I take Wine of Cardui for a week and see what it would do for me. I did take the medicine and was very grateful to find my strength and health slowly returning. In two weeks I was out of bed and in a month I was able to take up my usual duties. I am very enthusiastic in its praise." Wine of Cardui reinforces the organs

of generation for the ordeal of preg-nancy and childbirth. It prevents miscarriage. No woman who takes Wine of Cardui need fear the coming of her child. If Mrs. Unrath had taken Wine of Cardui before her baby came she would not have been weakened a she was. Her rapid recovery should commend this great remedy to every expectant mother. Wine of Cardui regulates the menstrual flow.
