Be it Enacted and Enacted by the Legislature of the State of Nebraska:

SECTION 1. That section one of article fifteen of the Constitution of the State of Nebraska be amended to read as follows:

SECTION 1. Either branch of the legislature may propose amendments to this constitution and if the same be agreed to by three-fifths of the members elected to each house, such proposed amendments shall be entered on the journals, with the yeas and nays, and published at least once each week in at least one newspaper in each county where a newspaper is published, for thirty days immediately preceding the next election of senators and representatives, at which election the same shall be submitted to the electors for approval or rejection, and if a majority of the electors voting at such election on such proposed amendment, shall vote to adopt such amendment, the same shall become a part of this constitution. When more than one amendment is submitted at the same election, they shall be so submitted as to enable the electors to vote on each amendment separately.
