E. B. SMITH, Of Red Cloud Precinct.

Republican Senatorial Convention.

The Republican convention of the Twenty-sixth senatorial district is hereby called to meet in Superior, Nuckolls county, Nebraska, on Tuesday, September 2, 1902, at 2 o'clock p. m., for the purpose of placing in nomination a candidate for state senator and for the transaction of such other business as may come before the convention.

The representation of the counties of said district is as follows: Franklin, 10 delegates; Webster, 13 delegates, and Nuckolls, 14 delegates.

No proxies allowed and delegates present cast the full vote of delegation from their county.

JAMES BURDEN, Chairman,
JNO. E. KESLER, Secretary.

Some years ago the women of Colorado were granted the right to vote. Now a few of them demand the privilege of having a saloon just like the men. Where will this end?—Fremont Tribune.

Colonel Rosewater stops the press long enough to inquire, "Can Mercer be elected?" Well I don't know, colonel; that will depend upon whether or not David gets the Republican votes of the district, the Bee's among the others.

The Northern Pacific railroad has issued an order raising the salaries of about 400 telegraph operators Sept. 1. The action was voluntary on the part of the railway company and will add about \$25,000 per month to the pay roll of the company. The raise of salary varies in amount from \$2.50 to \$10 per month.

Conditions are constantly varying, consequently what was correct yesterday may not be to day. While there may be some few instances in which the tariff may need revision, those instances are few and their revision is only made necessary by changing conditions. The present tariff law stands on sure foundations and approved principles, remarks an exchange. It is like a house with a few faulty stones in the wall, but with a solid foundation and strong as ever for all the purposes for which it was constructed. No owner of such a house would entertain for a moment a proposition to tear down the whole house because of an unimportant or trifling weakness. So no statesman thinks for a moment of making any radical change in the tariff as it stands today.

The News considers it "poppycock" to designate our candidate for governor "Farmer" Mickey. It is on the same level of nonsense as it was when Bryan was photographed with overalls on and a pitchfork in his hands. They are both farmers, of course, the same as the writer is, and nearly every business man in town. But what signifies it if Mickey or Bryan is a farmer? A farmer is just as good as a lawyer, or a lawyer is just as good as a farmer, provided always that he is. A man's occupation don't make him honest or competent. There are honest men as well as dishonest men in every walk of life. We suppose the idea is that it will tickle the farmers that one of their number has been named for a high office and they

ADDITIONAL LOCAL.

Mrs. Lulu Fuller returned to her home in Bethany Thursday, after a visit with her parents, Mr. and Mrs. J. G. Potter, near this city.

John Ellison brought a bunch of cattle over from Esbon, Kan., the first of the week. There were two car loads averaging 1100 pounds, and they topped the market in Kansas City. The cattle were fed in Spanogle's pasture. Clyde Epperson was also over from Esbon helping Ellison with the cattle.

If there is one thing above all others that the city should do it is to have the weeds cut that are standing in the street and to have the sidewalks repaired. The sun flowers in some places are higher than an average man's head and side walks are a positive menace. Cut the weeds and repair the walks.

George Lindsey will leave Saturday with his cattle for the State Fair at Lincoln. We did not learn how many he will take. He expects, if he can get the proper transportation, to take the cattle to the Kansas State Fair and also the fairs at Wichita and Hutchinson, Kan.

Mrs. A. J. Tomlinson left Thursday morning for a visit with her brother in Leadville, Col. Before returning home she will visit in Denver, where she expects to be joined by her husband on his way back from Nome City, Alaska, where he has been looking after his mining interests.

The Ladies' Guild of the Episcopal church postponed, on account of the unfavorable weather, the dance which was to have taken place at the home of Mrs. S. Temple north of this city Monday evening, to Wednesday evening, when it was given in Bense's hall. There was a merry crowd present and all seemed to enjoy themselves. Elmer Crane presided at the piano.

Wednesday evening a number of Tres Harwood's friends treated him to a surprise party, the occasion being his 31st birthday. Refreshments consisting of ice cream and cake were served. Mrs. Harwood had evidently been told something, as she seemed to be prepared for guests. A pleasant evening was spent and all unite in voting Mrs. Harwood a capital entertainer.

Last Saturday night the Fraternal Aid Association held their first session in the new hall in the Potter building. After the session of the lodge all the members present retired to the Bon Ton and there supper was given in honor of Mrs. T. A. Wilburn, who has been the president of the lodge for the past year, and who left for her new home in Lincoln, Neb., Monday.

A South Dakota rancher has posted the following on a tree near his residence: "My wife Sarah has left my ranch when I didn't do a thing too hur and I want it distinctly understood that any man as takes hur in the Keers for hur on mi account Will get himself Pumped so Full of led that sum tenderfoot will locate him for a mineral claim. A word to the wise is sufficient and orter work on fools."

Thursday afternoon one of Frank Huffer's boys got his right hand in a feed mill and it was badly crushed. Medical aid was summoned as soon as possible and it was found necessary to remove the second, third and fourth fingers. Very quick time was made by the doctors in getting to the house, which is southwest of this city. In about one half of an hour after the accident the physicians were there.

Hugh Miner left Sunday for Chicago, where he will purchase the fall stock of goods for the firm of Miner Bros. The addition of another store room and other improvements in their facilities for doing business made by the firm this season have added greatly to their already large business. With the arrival of the new fall and winter goods, Miner Bros. will have one of the largest and most complete stocks of general merchandise west of the Missouri river.

The announcement of the marriage of Miss Maude Celeste Greenlee, daughter of J. L. Greenlee, to Arthur S. T. Owen, has been received in this city. The marriage ceremony was performed in Kahoka, Mo., August 20, and the young couple will be at home at Farmington, Ia., after September 10. Mr. and Mrs. Greenlee formerly resided in this city and also in Blue Hill. Mr. Greenlee was at one time editor of the Nation and also of the Blue Hill Leader.

There are a number of fine herds of cattle in this county, but the owners seem content to let the facts about their cattle drift about at will. Now we would like to have those who own fine stock bring us in all the items of news concerning it. If you sell any let us know who you sell it to. Help us to create a greater interest in fine stock of all kinds in this county. There are numerous herds of fine cattle, fine hogs and fine sheep in this county, but very few people know anything about them. Bring us the news about your herds and let us publish the news items for you and in this wise let others know what you have.

RELIEVE THE EYES.

POND'S EXTRACT

Reduced one-half with pure soft water, applied frequently with dropper or eye cup, will remove congestion and instantly relieve pain and inflammation.

CAUTION! Avoid dangerous, irritating Witch Hazel preparations, represented to be "the same as" POND'S EXTRACT, which, easily sour and generally contain "wood alcohol," a deadly poison.

BASE BALL NOTES.

The Red Cloud base ball team went to Cowles today to play ball with the Cowles boys. It is going to be a good game.

There will be a game of base ball at the grounds west of this city tomorrow afternoon between a line from Reach, Kan., and the second nine of this city.

Last Friday afternoon the baseball teams of Bladen and Cowles crossed bats on the Red Cloud grounds. Quite a crowd witnessed the game. A Galusha served as umpire and seemed to give general satisfaction. The score: Cowles, 7; Bladen, 3.

An interesting game of baseball was played on the home grounds last Saturday between Inavale and Red Cloud, resulting in a score of 5 to 3 in favor of Red Cloud. The features of the game were the splendid fielding by Bert Garber and the pitching by Conn for the home team.

Yesterday the first base ball nine of Red Cloud crossed bats with the first nine of Blue Hill and met defeat by a score of 4 to 5. We should call it the first nine because the boys were about the age when boys first begin to play ball. Miner Sherwood was captain of the Red Cloud nine and one of the Koehler boys was captain of the Blue Hill nine. Miss Irene Miner hired the rigs which took the boys from here.

All lovers of the great American game of base ball should see the game to be played in this city, next Tuesday afternoon, between Bladen and Red Cloud. This game will be interesting, as Bladen is after revenge. The Red Cloud boys went up to Bladen a short time ago and defeated Bladen and now Bladen think it can defeat Red Cloud on the home grounds. Come out and see this game. It will certainly be worth your while.

Rural Free Delivery for Red Cloud.

H. J. Ormsby, an inspector of rural free delivery routes, was in this city this week. Mr. Ormsby drove over and mapped out four routes out of this city and yesterday examined the fourteen applicants who had applied for positions as mail carriers. In a conversation with a reporter for this paper Mr. Ormsby stated that unless the people living along these routes would fix up the roads in much better shape there was but very little hope of getting the routes established. The mail carriers must drive over their routes in a certain length of time and unless the roads are placed in a much better condition than they are in at present the carriers cannot do it inside of a time limit. While recognizing the conditions and difficulties under which the roads have been kept open this year, Mr. Ormsby says he can only hold these routes a very short time, and then if the roads are not put in good condition he can not make a favorable report. Rural free delivery, therefore, depends entirely on good roads. The routes laid out run as follows: One north and northwest, one east and northeast, another south and southwest, and the other south and southeast from this city.

\$45 to California and Return.

Tickets on sale April 31 to 27, May 27 to June 8, August 2 to 8. Liberal stopover arrangements and return limits. For additional information ask the nearest agent, Burlington Route, or write for a California folder to J. Francis, General Passenger Agent, Burlington Route, Omaha, Neb.

You will do worse than this if you don't buy your harness and hardware of J. O. Butler, next time.
