STATE CREEK.

Weather real nice and recent rains have cooled the atmosphere.

Corn bids fair for a good crop and will certainly make from 30 to 60 bushels per acre.

Recently four ex-soldiers were sitting at a table all in line, at an ice cream social, doing justice to their dishes and conversing, when one remarked "Right dress" or dress up on line. It was then noticed by those present that the veterans represented four different states and that the youngest one was 81 years of age. He had gone out at 20 from Kentucky under the first call for three year volunteers. The ages of the other three were 67, 71 and 77, respectively. While they all ate and enjoyed themselves like young men, don't you see how rapidly the government is getting rid of them by natural decline. And, while one of these men is nearly paralyzed with rheumatism in one side from shoulder to knee and is twenty-five to thirty pounds under ordinary weight, and has made proof of all that back to his exposure in the army, then such men as Hoke Smith, Henry Clay Evans and other pension commissioners will allow him \$4 per month and eventually raise it to \$6. Shame on the government officials who allow it and think it is all right.
