

## Women as Well as Men Are Made Miserable by Kidney Trouble.

Kidney trouble preys upon the mind, discourages and lessens ambition; beauty, vigor and cheerfulness soon disappear when the kidneys are out of order or diseased.

Kidney trouble has become so prevalent that it is not uncommon for a child to be born afflicted with weak kidneys. If the child urinates too often, if the urine scalds the flesh or if, when the child reaches an age when it should be able to control the passage, it is yet afflicted with bed-wetting, depend upon it, the cause of the difficulty is kidney trouble, and the first step should be towards the treatment of these important organs. This unpleasant trouble is due to a diseased condition of the kidneys and bladder and not to a habit as most people suppose.

Women as well as men are made miserable with kidney and bladder trouble, and both need the same great remedy. The mild and the immediate effect of **Swamp-Root** is soon realized. It is sold by druggists, in fifty-cent and one dollar sizes. You may have a sample bottle by mail, simply by sending a few cents, also pamphlet telling all about it, including many of the thousands of testimonial letters received from sufferers cured. In writing Dr. Kilmer & Co., Binghamton, N. Y., be sure and mention this paper.

## Much in a Name.

An Englishman who has just returned from an extensive tour through the east tells a good story in which he was one of the principals.

He was one of a party at a banquet tendered to the maharajah of Patiala, at which nearly a hundred guests, representing nearly every branch of Indian life, were present. As a special guest he was seated on the left of the Indian potentate.

During the meal he noticed that the latter partook of some fine Cumberland ham, and, knowing that it was contrary to the Indian caste rules to eat any portion of a pig, he without a thought asked his highness how it was he was eating ham.

The maharajah looked at his plate, then, turning round to his body servant standing at the back of his chair, said: "What am I eating?"

The servant instantly replied: "Mutton, sahib." And without referring to the incident again the maharajah continued his meal.

After the banquet the Englishman related the incident to an Indian judge, and the latter said: "If that servant had said 'ham,' he would have been headless before tomorrow morning. It is advisable not to notice caste rules when you are with natives of rank."—Pearson's.

## Laugh and Live.

Prince Jerome Napoleon was fond of telling the story of his scheme during the Crimean war by which he kept up the spirits of his men. The French army was losing daily large numbers of men through the ravages of the cholera. Marshal Canrobert sent the order to Prince Jerome that he should move his division to Varna. Jerome issued marching orders and added: "steak out in every regiment all the actors, comedians, clowns, conjurers and entertainers. I will personally arrange a performance and present prizes to the whole of the retreat these performances took place for the edification of the division. Prince Jerome is not famous for any remarkable military triumphs, but this one act must at least be put to his credit, for it was undoubtedly due to this method of cheering up his men that his division could boast a death roll at least three times as small as that of any other. These performances were the forerunner of the now famous Zouave theater in the Crimea.

## Lacemaking by Hand.

Making lace by hand is a well developed art in Paraguay. It was taught the natives 200 years ago by the missionaries and has been transmitted from generation to generation till it is now quite general throughout the republic. Some towns are devoted to making a certain kind of lace. In one town of 8,000 or 9,000 inhabitants almost all the women and children and many of the men make lace collarettes, handkerchiefs and ladies' ties. Another town makes lace embroidery and others drawn thread work, such as centerpieces, try mates, tea-cloths and dollies. The designs used in making the lace are taken from the curious webs of the semipitropical spiders that are so numerous there. On this account it is called "manduti," an Indian name which means spider web.

## Brave Men.

Persians in general are not supposed to be the bravest people in the world, but even in Persia the inhabitants of Kashan, a mercantile city, are notorious for their lack of a warlike spirit.

Their pusillanimity has passed into a proverb and given rise to many stories. One of the best of these is that when Nadir Shah disbanded his army on its return from India the 30,000 men belonging to Kashan and its sister city of Isfahan applied for an escort of 100 musketeers to see them safely home.

It gave immediate relief and she was able to walk about in three days. I am sure it saved her life." Sold by H. E. Grice, Druggist, Red Cloud, Neb.

## Imitators.

Little Ethel—Mamma, Mrs. Next-door's children are playin' house in their garden. Mayn't we play house in ours?  
Mamma—Certainly.  
Little Ethel—That'll be lovely. Then we can quarrel over the back fence just like real neighbors.

## His Course Clear.

"Say," whispered the conductor to the motorman, "that fat slob with the jag says if I want his nickel I'll have to whip him to get it. What'll I do?"  
"None but the brave deserve the fair," replied that worthy as he put on full speed in an effort to run over a dog.—Houston Post.

McGuire answered, "Don't you like it?"  
"Yes," replied Jackson; "I like it too well. That is the reason I do not drink it."  
An impressive exhibition of his self control that was Puritan in its self abnegation.

## Vaccinated Before Wedded.

In Norway and Sweden before any couple can be legally married certificates must be produced showing that both bride and bridegroom have been duly vaccinated.

## OSTRICH LOGIC.

"When I can't see danger there is no danger." That's the logic of the ostrich which hides its head and exposes its body to the hunter. There are not a few people who seem to have gone to the ostrich to learn logic. The most dangerous enemies of humanity are the enemies which can't be seen, the disease breeding microbes which infect the blood. It is harder to get the microbe out of the blood than to keep it out, but Dr. Pierce's Golden Medical Discovery does both, by purifying the blood and then keeping it pure.

## Character in the Feet.

In the form of the foot the sexes differ as much or even more than in that of the hand. A woman's foot is usually narrower in proportion than a man's, while his will be considerably stronger in the ankle and more powerful in the formation of the toes, especially of the ball of the great toe. When a woman owns a strong, firm, wide foot, many of us experience perhaps no sensation of surprise at finding her "strong minded." When a man trips along upon a delicate little foot, people instinctively believe him to be lacking in power and often put him down as effeminate.—Exchange.

Constipation is nothing more than a clogging of the bowels and nothing less than vital stagnation or death if not relieved. If every constipated sufferer could realize how to remain in his system, he would soon get relief. Constipation invites all kind of contagion. Headaches, biliousness, colds and many other ailments disappear when constipated bowels are relieved. Theford's Black-Draught thoroughly cleans out the bowels in an easy and natural manner without the purging of calomel or other violent cathartics.

Be sure that you get the original Theford's Black-Draught, made by The Chattanooga Medicine Co. Sold by all druggists in 25 cent and \$1.00 packages.

I cannot recommend Theford's Black-Draught too highly. I keep it in my house all the time and have used it for the last ten years. I never gave my children any other laxative. I think I could never be able to work without it on account of being troubled with constipation. Your medicine is all that keeps me up.

Be It Remembered and Enacted by the Legislature of the State of Nebraska:

SECTION 1. That section one of article fifteen of the Constitution of the State of Nebraska be amended to read as follows:

Section 1. Either branch of the legislature may propose amendments to this Constitution, and if the same are agreed to by three-fifths of the members elected to each house, such proposed amendments shall be entered on the journals, with the yeas and nays, and published at least once each week in at least one newspaper in each county where a newspaper is published, for thirty days immediately preceding the next election of senators and representatives, at which election the same shall be submitted to the electors for approval or rejection, and if a majority of the electors voting at such election on such proposed amendment shall vote to adopt such amendment, the same shall become a part of this constitution. When more than one amendment is submitted at the same election, they shall be so submitted as to enable the electors to vote on each amendment separately.

All ballots used at such election on such amendment or amendments shall have written thereon the following: For proposed amendment to the Constitution relating to here insert the subject of the amendment) and Against proposed amendment to the Constitution relating to here insert the subject of the amendment), and the vote of each elector voting on such amendment or amendments shall be designated by the elector by marking a cross with a pen or pencil in a circle or square to be placed at the right of the lines the words "For or Against" the proposed amendment, as he shall desire to vote thereon, or by indicating his preference on a voting machine when such machine is in use.

I, Geo. W. Marsh, secretary of state of the State of Nebraska, do hereby certify that the foregoing proposed amendment to the Constitution of the State of Nebraska is a true and correct copy of the original enrolled and entered on the journals of the legislature on the twenty-seventh day of September, 1912, and that the same is submitted to the qualified voters of the State of Nebraska for their adoption or rejection at the general election to be held on Tuesday, the 4th day of November, A.
