Knights Templar Flourishing.

Cyrene Commandery No. 14, Knights Templar, of this city, is in a very flourishing condition and new members are constantly being initiated. Every evening when the lodge room is not engaged by other orders it is used by the Knights Templar for initiating new members from this and neighboring cities, and at the present rate of taking in new members the local commandery will soon rank second to none in the state. Eminent Commander John W. Tulley has worked hard to bring the commandery to its present prosperous condition, and to him a large share of the credit is due. Last Monday evening the commandery had work, and among those present from out of town were Judge G. W. Stubbs, of the Eighth judicial district, Superior; Dr. J. W. Mitchell of Superior, J. Warren Kiefer and J. H. Johnson of Bostwick.

After the work of conferring degrees had been completed a banquet was served and a general good time had by those present. There will be degree work tomorrow night and every night the hall is available for several weeks to come.
