...Eye and Eye Glass Care...

LET us pilot you out of the misery and danger of overworked and improperly treated eyesight into the rest and satisfaction of restored vision. We understand **Eyes and Eye Glasses**—our business to fit the one to the other. We know the Eye and its needs—we know the dangers that follow in the wake of defective Eyes and strained vision. Our knowledge of the Eye and practical experience in the fitting of Glasses is at your service. We examine your eyes thoroughly, scientifically; tell you their exact condition, advise you what to do and grant you the privilege of doing as you please.

EYE CARE.

Waiting and hoping never better ailing vision—procrastination is the thief of good eyesight. The change which come to the eye are beyond the power of the individual to remedy. Neglect to give eyes proper and timely care is responsible for much of the present day eye trouble.

A very little strain upon this delicate structure soon exhausts its delicate nerve force. When the eye first troubles, the man of sense knows there is need of help, and straightway gets it.

Let us aid you to better vision or the preservation of what remains.

EYE GLASS CARE.

A little way from right is a great way wrong with eye glasses and spectacles. We make a study of individual needs and fit frames and lenses with exactness. Every appliance science has devised is at our command.

Every pair of glasses must precisely suit the wearer and us.

Each lens, each frame, is thoroughly inspected. If there is flaw or blemish it is discarded. Your eye glasses are as important as your eyesight is important. Here the skill, the will and the facilities to make them so.

EYES EXAMINED. GLASSES FITTED.

BLACK - DRAUGHT STOCK and POULTRY MEDICINE

Stock and poultry have few troubles which are not bowel and liver irregularities. Black-Draught Stock and Poultry Medicine is a bowel and liver remedy for stock. It puts the organs of digestion in a perfect condition. Prominent American breeders and farmers keep their herds and flocks healthy by giving them an occasional dose of Black-Draught Stock and Poultry Medicine in their food. Any stock raiser may buy a 25-cent half-pound air-tight can of this medicine from his dealer and keep his stock in vigorous health for weeks. Dealers generally keep Black-Draught Stock and Poultry Medicine. If yours does not, send 25 cents for a sample can to the manufacturers, The Chattanooga Medicine Co., Chattanooga, Tenn.

ROCHELLE, GA., Jan. 20, 1902.

Black-Draught Stock and Poultry Medicine is the best I ever tried. Our stock was looking bad when you sent me the medicine and now they are getting so fine. They are looking 20 per cent better.
