

Women Like Tubulars

WHY?

Every woman praises the simplicity of the

Sharpless Tubular Cream Separator

Because they are easy to feed, easy to KEEP CLEAN, easy to TURN, points every woman who helps about the dairy has a right to insist upon. All other separators run harder than a TUBULAR. They have a great many more parts to WASH and to WEAR OUT.

Let me give you a catalogue and show you the many good points in a SHARPLESS TUBULAR.

JAMES PETERSON.

Mrs. G. R. Chaney, who will soon leave for Slosson Springs, Ark., to make her future home, was presented with a handsome souvenir spoon by the Woman's Relief Corps, of which organization she is the president.

The holding of the interstate G. A. R. reunion in Red Cloud this fall is almost assured. Nearly enough money has already been pledged, and as there are no other bidders for the reunion, Red Cloud will probably be selected.

Married, at the home of the bride's parents Tuesday April 19, Miss Bessie M. Evans and Mr. Charles A. Erway, Rev. E. L. Hutchins officiating. The happy couple left on the evening train for Denver where they will make their home in the future.

One of the advantages of publishing a "tri-weekly" newspaper is that on Monday you can publish a special "wireless" phone message containing the news of the fall of Fort Arthur, and on Wednesday you can make another item by publishing a denial of the report.

The following services will be held at the Congregational church on Sunday next: Morning worship at 10:10. Sermon theme, "A Mind to the Work." Sabbath school following morning service. At the evening meeting instead of the usual sermon the pastor will present a book study of Ecclesiastes. Regular service at Indian creek at 3:30 p. m. Everybody cordially welcomed.

The richly bred young stallion Character will make the season of 1904 at H. S. Holcomb's farm, near the mouth of Walnut creek. He is three years old this spring; bright bay, large and stylish. Has the fashionable Electioneer-Wilkes cross so much sought for by discriminating breeders. He is so handsome that it is worth \$1 to look at him, but he will be on free exhibition. For terms inquire of J. C. Holcomb at the farm. 29Apr-17

Tuesday the editor read an item telling of some big Colorado potatoes that would be on exhibition at the World's fair—500 potatoes that would aggregate a ton in weight, and four potatoes that, when placed end to end, would measure a yard in length. That same night about the time the big hail stones began to fall, he dreamed that his subscribers were bringing in potatoes that outdid the Colorado product a hundred to one—there were potatoes three feet long and a foot and a half in diameter, weighing 400 to 500 pounds each. About that time a hailstone weighing in the neighborhood of ten pounds hit the roof and the editor awoke.

Alva Garner Dead.

Alva Garner, son of Mr. and Mrs. George Garner, living northeast of Inavale, died yesterday afternoon at 12:30, at the age of 84 years. Funeral services will be held tomorrow (Saturday) afternoon at 1 o'clock, at the Inavale M. E. church, and the remains will be brought to Red Cloud for burial.

Mr. Garner, who was in the employ of the B. & M. at Akron, Col., was brought home from that place a short time ago suffering from inflammatory rheumatism. The rheumatism finally reached his heart, causing his death yesterday afternoon.

Mr. Garner was well known in this city, and his many friends join in extending sympathy to the bereaved parents and friends at his untimely death.

Besides his father and mother, four brothers and one sister survive him—Walter, Mint, O. is and Robert Garner, and Mrs. U. G. Knight of Oxnard, Cal., who was present at the time of her brother's death, having come home for a visit about two weeks ago.

One Week From Tomorrow.

THE CHIEF buggy contest closes one week from tomorrow. All who are entitled to guesses should send them in at once. If you have paid your subscription since the first of January you are entitled to four guesses for every dollar paid. If you have not paid your subscription, you will never have a better opportunity.

For every dollar paid on subscription, by either new or old subscribers the person paying the same will be entitled to four guesses on the total number of admissions to the World's fair at St. Louis on opening day, April 30, 1904. The person making the near-

est correct guess will be presented with a handsome \$100 buggy, absolutely free. The buggy will be on exhibition at Peterson's implement house.

To enable subscribers to form an estimate on the probable attendance, we give the following figures on previous similar events:

Number of admissions on opening day at Philadelphia Centennial, 1876. 186,672
At opening of the World's Fair, Chicago, 1893. 137,557
At dedication day of St Louis World's Fair, April 30, 1903. 103,337
