

**DO YOU GET UP WITH A LAME BACK?**

**Kidney Trouble Makes You Miserable.**

Almost everybody who reads the newspapers is sure to know of the wonderful cures made by Dr. Kilmer's Swamp-Root, the great kidney, liver and bladder remedy. It is the great medical triumph of the nineteenth century; discovered after years of scientific research by Dr. Kilmer, the eminent kidney and bladder specialist, and is wonderfully successful in promptly curing lame back, uric acid, catarrh of the bladder and Bright's Disease, which is the worst form of kidney trouble. Dr. Kilmer's Swamp-Root is not recommended for everything but if you have kidney, liver or bladder trouble it will be found just the remedy you need. It has been tested in so many ways, in hospital work and in private practice, and has proved so successful in every case that a special arrangement has been made by which all readers of this paper, who have not already tried it, may have a sample bottle sent free by mail, also a book telling more about Swamp-Root, and how to find out if you have kidney or bladder trouble. When writing mention reading this generous offer in this paper and send your address to Dr. Kilmer & Co., Binghamton, N. Y. The regular fifty-cent and one-dollar size bottles are sold by all good druggists. Don't make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

**THEY DIDN'T PART.**

**How Two Brothers Settled a Matter of Matrimony.**

An English book of reminiscences tells of two squires named Leaman of Ivybridge—"two thin, delicate looking old men, twin brothers, seventy-two years old, with white hair, very gentle and courteous in manner, red outworn coats, white cords, black boots, caps and gloves." When past sixty years of age one night after hunting one of them said to the other: "I have been thinking neither of us can have much longer to live in this world and it will be a terrible thing for the survivor to have to remain here alone. Don't you think one of us ought to marry?" "Yes," was the reply. "I have thought so for a long time." "Well, do you know of any lady?" "Yes; I do. Is there any one you fancy?" On comparing notes it appeared they had both selected the same woman, the manager of a hotel at Okehampton. "Well," said one, "we have lived together all these years without a wry word, and it's a pity we should fall out at our time of life." So they tossed up who should marry her. The winner rode down to Okehampton next morning and was accepted. All three lived together and the wife nursed both brothers in their last illness and was left their money.

**WRITERS' CRAMP.**

It is a Sort of Paralysis of Either the Muscles or Nerves. Writers' cramp, which is more paralysis than cramp, is caused by excessive writing, especially when in a weak or depressed condition. It is still a matter of doubt whether this embarrassing defect is due to a failure of the central nervous system or whether it arises in the muscles involved. Duchenne, one of the highest authorities on nerve diseases, holds that it is an affection of the great nerve centers, for local treatment of the hand does no good, and cramp rapidly appears in the left hand if the sufferer transfers the work to it. It is probably caused by the complete exhaustion of some portion of the brain which presides over the movements of the group of muscles involved. Rest is the chief, if not the only, cure, though the substitution of a keyboard typewriter in the early stage is often of no avail. A dial machine, which must be grasped with finger and thumb, is not so successful. Pianists, violinists, telegraph clerks, tailors and many others suffer from a similar cramp.

**PLANTS IN BEDROOMS.**

They Are Harmless in the Daytime, but Vicious at Night. In the daytime, when sunlight stimulates their nutrition, plants can do no harm in bedrooms, for then they give off oxygen and are useful in absorbing from the air the carbon which is injurious to animal life. The free use which is made nowadays of flowers and plants in our hospitals is in itself sufficient proof that this is a wholesome means of ministering mental cheer and comfort to the sick and suffering. At night the case is different. Then all plants and flowers are removed from hospital wards, because they exhale the carbonic acid which they have gathered from the soil and air and thus give off by a process similar to respiration a gas which is injurious. We may therefore conclude that during the hours of darkness, when the respiratory process is active and the nutritive is at a standstill, plants should have no place in our bedrooms. What is prudent in spacious wards is imperative in smaller chambers.

**INFLAMMATORY RHEUMATISM CURED IN 3 DAYS.**

Morton L. Hill, of Lebanon Ind., says: "My wife had inflammatory rheumatism in every muscle and joint; her suffering was terrible and her body and face were swollen almost beyond recognition; had been in bed six weeks and had eight physicians, but received no benefit until she tried the Mystic Cure for Rheumatism. It gave immediate relief and she was able to walk about in three days. I am sure it saved her life." Sold by H. E. Grice, Druggist, Red Cloud.
