Roosevelt and Fairbanks

The Republican national convention yesterday nominated Theodore Roosevelt for president and Charles W. Fairbanks of Indiana for vice president. The nominations were made unanimously amid the most intense enthusiasm.

Max Baum is Dead.

Max Baum, who was well known in Red Cloud, died at the home of his parents in Galena, Kan., Tuesday morning, June 14. Funeral services were held at Galena Wednesday morning and the body was taken to Fort Scott, Kan., the same day for burial in the Jewish cemetery at that place. Max Baum was born in Red Cloud twenty-four years ago, and removed with his parents to Chicago about fourteen years ago, and from there to Galena about six years ago. He paid a visit to Red Cloud during the past winter, and those who saw him at that time will be surprised to hear of his untimely death. His death was the direct result of an accident. On Friday morning, June 10, he was out with some friends and suffered a fall, which resulted in a broken leg and a fractured skull. Brain fever set in and Max grew steadily worse until death finally came to his relief. Besides his parents, two sisters and a brother are left to mourn his loss.

Gollmar Bros.' Show Coming.

Gollmar Bros.' big railroad show is in the city today and gave their afternoon performance at the head of Seventh avenue west. The weather was ideal for a circus and it was a first-class performance that Gollmar Bros. put on. At about 10 o'clock they gave their parade, which was very good, containing among other things, seven open dens of animals. In addition to a very fine circus performance they carry a first class menagerie of wild

animals, which is very interesting. The show this afternoon opened at about 2:30 and was good, very good indeed. There was hardly a poor act in the entire show. It was a good, clean performance and gave splendid satisfaction to the large number of attendees. Another performance will be given this evening at 8 o'clock. Ashland Daily Press, Ashland, Wisconsin Will exhibit at Red Cloud Thursday July 7.

of their wedding, and, the guests being from the country, it is unnecessary to say that there was plenty to eat and that all formalities were laid aside. The guests, with the exception of Rev. Rice and wife, were all old time friends of Mr. and Mrs. Gilham, and many were the reminiscences of early days that were called to mind. Mr. and Mrs. Gilham were presented with a handsome silver tea service.

Our nine was defeated at Superior last Thursday, the first time in two seasons. Anson Higby got his thumb split in the first inning, and the team was left without a catcher, Cromwell having remained at home. John Shirey was put in to catch, and after the first few innings did well but the game was lost before he could get on to Platt's pitching. The score was 13 to 8 in favor of Superior.

F. Houchin has had some sad experience with lightning rod peddlers. They wanted to put up a rod for him, but the price being so high, Mr. Houchin thought he could not afford it, so the peddler offered to put it up for \$5 as an advertisement. Houchin accepted the proposition and signed the contract without reading it. A day or two afterward the peddler put up the rod, and then demanded a much larger sum than agreed upon, which Houchin refused to pay. The contract was then shown him. He steadily refused and finally compromised the matter.

The first of the week we took occasion to visit the beautiful little village of Inavale, lying seven miles west of Red Cloud. The village was recently laid out and platted by our friend, W. J. Vance. While there we had the pleasure of calling on G. W. Knight and family. Mr. Knight is postmaster and has held his position for some twelve years. Among those whom we met were Mr. R. R. Pitney, Mr. Arneson, the village blacksmith, Mr. Eddy, who is running Mr. Knight's farm, and the McCrary brothers, the new storekeepers, who are doing a flourishing business. The leading enterprise of the village, however, is the cheese factory, run by J. O. Chamberlain, which handles over 10,000 pounds of milk per day. The amount paid out for milk in June will be not less than \$3,000. We also had the pleasure of meeting I. O. Walker, U. G. Knight and several other young men, to whom we are indebted for favors.

I am making lots of Farm Loans. There are reasons for this. I can close a loan for you in three days after taking your application, for these reasons:

You do not have to wait and pay for a man to examine the land. My company has oceans of money. You do not wait for them to sell your loan in New York or London before getting the cash.

You can Pay Off at Any Time,

without giving a day's notice of your intention so to do. All other companies require from 30 to 60 days notice on this point.

I have so many different plans for making loans that some one is bound to suit. No one can give better rates.
