One good effort of the much talked of American high tariff is that it causes English manufactures to establish large plants in this country, if they wish to hold the American market. Titus Saly and co. have built a large silk plush and velvet mill in Bridgeport, Conn., and now Joseph Bean & Sons of Bradford, England are erecting an immense new mill at Greyston, North Providence R. I. for the manufacture of fine mohair goods. Nearly a thousand hands will be employed.

Ottawa, Canada, is rather startled at the announcement that it is quite possible a daughter of William K Vanderbilt, of New York, may occupy Rideau Hall as the next vice-reine of Canada. What in the world will England come to, if one American woman sits on the throne of India and another on the throne of Canada?

There are those who maintain that the great dominating issue of the future will come from combinations of capital and combinations of labor—forces organized for selfish ends, to be obtained only by oppression of a part of the people for the benefit or profit of another part. There may be a struggle along these lines, but the American people, in their practical good sense, can be depended upon to reach a happy and equitable adjustment. Capital and labor are twins and neither can progress without the other.

Recently Ex-Attorney General P. C. Knox took an outing trip to Europe. Some people wondered how he could afford it. The cat is now out of the bag. Mrs. Laurence C. Phipps, of Pittsburg, who is contesting a divorce suit with her husband, gave Mr. Knox a retaining fee of \$25,000. He just went over to England to see an uncle of the young man who is seeking to divorce his wife.

It is quite remarkable how the Democrats are scaling down all the supposed-to-be issues between them and the Republicans. Thus far the campaign has been conducted on negative lines with the single exception of the general assault upon President Roosevelt, and that has narrowed itself down to his policy in the conduct of affairs. Senator Baile recently said in Brooklyn N. Y. "The dullest man

knows perfectly well that free trade is an absolute impossibility in this republic." Judge Parker agrees with the Republics on the question of Philippine self government—"when they are competent for it." Nobody thinks of re-opening the Panama canal question. The labor question will have to work out its own solution. And the Democrats have nothing better to propose regarding the trusts than the Republicans. The only question remaining is—is Roosevelt a good man?

Lincoln Letter.

LINCOLN, NEB., Sept., 5th.

A careful study of the election of 1903 proves that the next legislature will be republican as certainly as election day dawns.

Without going into details, it is enough to say that Judge Barnes, pitted against Judge Sullivan, perhaps the strongest member of the opposition, carried 46 out of 67 representative districts, almost invariably by majorities which the fusion forces cannot have the faintest hope of being able to overcome.

↑ ↑ ↑

That most fusionocratic board down in Richardson county which levied some twenty one odd thousands dollars more of county taxes than was necessary in addition to increasing the valuation of all person and city property by its attempted flim flam work while sitting as a board of equalization has been forced to the wall, and now that the people have learned that the board, not the revenue law, is responsible for the increase in tax on all kinds of property, the commissioners have held a sort of star chamber session and are endeavoring to make amends by lowering the county levy. Should they do this successfully, the citizens of Richardson county will only be injured on account of 10 per cent raise in personal property, and real estate in towns and villages.

Seven mills is the levy which the board now wishes to make, one upon that basis the tax-payers would have been in fairly good shape had the board not attempted to manufacture a little political capital out of the revenue situation by making a horizontal reduction of 10 per cent farm property knowing that the state board would be forced to nullify this illegal act by replacing the figures as they were before being disturbed by the county board. What the county board didn't know was that when the state board raises one class of property it must raise all other classes in that county, their pretended effort to make a 10 per cent reduction in farm land resulted in leaving the farm land as listed and in raising everything else. So much for mixing politics with business.

↑ ↑ ↑

Ex-Congressman Shallenbarger and Ex-Congressman Sutherland headed a list of six men who had the honor of refusing the fusion nomination for Congress in the Fifth district. Finally H. H. Mauck, of Hebron, was caught off his guard by the conference committee and before he knew it was declared the nominee and the convention had adjourned. The members of the committee are to be complimented upon the patience, industry and persistence which resulted in finding a man in the Fifth District who was willing to be lead around the circle by Congressman Norris. It is not every committee which could have located such a self-sacrificing individual upon the seventh attempt.

TWENTY YEARS AGO

Items of News Found in The Chief of Twenty Years Ago This Week

H. B. Simmons and J. K. Wall traded farms a few days ago.

Jno. Kellog is building a new house on his farm.

THE RED CLOUD INVESTMENT CO.
 The Hustlers

The DIFFERENT STORE.

This is a different store for many reasons. I'll name some of them.

I never sell regular goods below cost. I do not claim each week that prices are lower than the previous week.

I do not mark prices up and then make a grand stand play of marking them down.

I sell Good Shoes at Reasonable Prices.

I have had more than 15 years experience in Working with Shoe leather and Selling Shoes.

I do not buy in a hit or miss way, but the shoes are made to my order and my past experience with leather enables me to select Shoes for you so you receive a nice Fit, Style, Comfort and Service.

I have just received a large stock of Ladies, Gents and Childrens fine stylish and serviceable Shoes suitable for Summer, Fall and Winter wear. Come and see them. I repair all my shoes free of charge, if they rip or soles come off. I also have a shoe repairing hospital.
