in Lincoln the third Wednesday in October. C. E. Reigle and E. H. Newhouse were elected as alternates.

What with the reunion and a special term of district court Red Cloud has been celebrating proper this week. There have been so many people here this week that it is practically impossible to give the names of those from out of town. There are people here from every direction and from the city.

There have been a number of drunks arrested and fined and a few fights this week thought up to now we have heard of nothing very serious. A fine graphophone was stolen from one of the residents of the Pike the first of the week and one party caught in the act of stealing a tent.

At the baby show held last Thursday morning at Miss Emelia Hadell's gymnasium rooms, over Robinson & Burden's grocery store, Miss Velma Roby the little daughter of Walter Roby won the prize, a beautiful Red Cloud souvenir spoon. The judges were Mrs. Alice Marsh Kennedy of Los Angeles, Calif., Mrs. Barton of Michigan and Mrs. Hartwell of Inavale. There were twenty babies entered for the prize.

At the state fair last week G. W. Hagan of Guide Rock secured the 1st. premium on Outley apples and 1st. on Bokara peaches. Mrs. Agnes McCall living southwest of Red Cloud secured first on Genatin apples and second on Lowell, and C. B. Crone of this city received 1st. on German prunes. The county collective exhibit was rewarded \$100 premium and had Messers Hummel and Peisiger had more time and experience in collecting the products could easily have secured the first premium. The corn exhibit did not receive 1st. because the ears, while larger than any other, were not perfect in shape and the same was true of wheat. In watermelons there were but three of a kind and there should have been four. The exhibitors from other countries seem to be experts with the glue got while from Webster county every thing was a nature made it.

### Kansas City Market.

KANSAS CITY, MO., TUESDAY, AUG. 30 Special to THE CHICK.

Kansas City, Mo., Tuesday, Sept. 6 1904. There has been a steady improvement in the cattle market since last Thursday, and there is a good steady market today. Yesterday's cattle receipts were light all around, account of labor day holiday. The good beef cattle have been extremely scarce for ten days or more. nothing has been received that has not had a little grass and nothing has sold above \$5.85, top today since the \$6.00 cattle week before last. Grass steers dropped off 20 to 30 cents by the middle of last week, but have regained it since. Cows and heifers have sold strong and higher every day since the first of last week, until today when they are a little lower, and grass she stuff sells at \$2.25 to \$3.75, dry lot at \$4.00 to \$4.75. Veal calves are \$ 1.00 higher than last week, as supplies of veal calves have been short for more than a month. Stockers and feeders are 20 to 30 higher than a week ago, and there has been a big demand late y Orders that were particular as to the quality, etc. were hard to fill last week but today there are a good many cattle of this class here, but market is steady. A very good set of stockers or feeders can be secured at \$3.00 to \$3.75, and stock she stuff and bulls at \$2.00 to \$2.75. It is thought there will be a complete settlement of the strike within a short time, after which the flood gates will be opened, and we shall have immense receipts of cattle.

Hog prices are gaining steadily since the set back last Tuesday and Wednesday. Top price today is \$5.50, bulk of sales \$5.35 to \$5.45, bulk of sales \$5.35 to \$5.45. Medium weight hogs are now in the lead, with heavy hogs close behind, there are a good many thin hogs coming now, which are cut severely in price, but the number is not enough to influence the bulk of sales, it indicates, however, that no great run of hogs need be expected this month.

Sheep prices continue strong, and receipts are gaining a little, but are much below last year. Most of the stuff is from the west and northwest, and is in good condition, so that killers are getting most everything, leaving very few for feeder buyers. Lambs gained 15 to 20 cents last week, now selling at \$5.00 to \$5.80, wethers bring around \$4.00, ewes \$3.25 to \$3.75, feeding stock \$3.25 to \$4.00.

## Read This Carefully

I am making lots of Farm Loans.

There are reasons for this. I can close a loan for you in three days after taking your application, for these reasons:

You do not have to wait and pay for a man to examine the land. My company has oceans of money. You do not wait for them to sell your loan in New York or London before getting the cash.

## You can Pay Off at Any Time,

without giving a day's notice of your intention so to do. All other companies require from 30 to 60 days notice on this point.

I have so many different plans for making loans that some one is bound to suit. No one can give better rates.
