RUSSIAN LOSS 10,000

MISTCHENKO AND KONDRATO-VITCH SERIOUSLY WOUNDED.

Japs Said to Have Lost 7,000 Men in Four Days' Engagement—Disorder is Practically Suppressed at Warsaw and Moscow.

Mukden, Feb. 1.—There is another lull in the fighting, but it is impossible to tell how long it will last. The Russian losses the last few days were about 10,000. Many of the bodies of the killed have not yet been gathered. Lieutenant General Stackelberg's corps was the heaviest loser. The Japanese forces on the Russian right were originally about 10,000, who were routed and panic stricken, but afterwards they were strongly reinforced from the Japanese right. General Mistchenko's wound is serious, a bullet having fractured his knee joint. General Kondratovitch was shot through the lungs and the bullet lodged at his spine, from whence it has been extracted. His chief of staff, Colonel Andrif, was severely wounded in the head.

The Japanese advance against the Russian left turns out to have been merely a demonstration. The Japanese fell back as soon as the Russians brought up reinforcements. The only fighting of any consequence occurred at Chonhai pass. Two Japanese battalions tried to capture the village of Tingai. A bayonet encounter ensued and the Japanese were driven off, leaving thirty-nine dead and eight wounded. The Russians lost twelve killed and thirty-six wounded.

SUMMARY OF THE SITUATION.

Strike in Russia Said to Be Practically Ended.

St. Petersburg, Feb. 1.—There has been a partial suppression of disorder in Warsaw and traffic has been restored so far as to permit of the arrival of some supplies of food. In other industrial centers, including Moscow and St. Petersburg, the strike is practically at an end. Grand Duke Vladimir, in the course of an interview with the Associated Press, intimated that the people of Russia would soon be given a measure of representative government, although he declared that anything like general suffrage was not to be considered. The committee of ministers which discussed the proposed reforms has

published a report with the purpose of showing the people that the plans outlined in the imperial decree of Dec. 26 are being carefully considered. An unconfirmed report is in circulation that it has been officially ascertained that the discharge of grape from a saluting gun during the ceremony of the blessing of the waters on Jan. 19, and which imperiled the lives of the emperor and members of his family, was a deliberate act of the terrorists, their tool being a private soldier named Bogdanoff of the saluting battery.

An official statement gives the casualties in the collision between strikers and troops on Jan. 22 as ninety-six killed and 333 wounded. Of the latter thirty-two have died.

Warsaw Quieting Down.

London, Feb. 1.—The Daily Mail's Warsaw correspondent reports a restoration of comparative peace, though the city is still in a condition of dangerous ferment. "The majority of the troops," the correspondent says, "have been withdrawn from the center of the city and the end of the strike is in sight. There is some fighting still in the outer suburbs and cases of treacherous stabbing of soldiers are growing more frequent. Vehicular traffic has been resumed and supplies of food are arriving. Hundreds of domiciliary visits and arrests have been made. All suspected persons are stopped, searched and arrested if found to be carrying weapons. Careful investigation convinces me that the dead number 300. The rumors of dynamite outrages at Lodz and that 25,000 Lodz workmen are marching on Warsaw are unfounded. The Lodz men have struck, but remain quiet."

Princess Under the Knife.

London, Feb. 1.—The Princess Victoria, daughter of King Edward, underwent an operation for appendicitis at Buckingham palace. The operation was performed by Sir Frederick Trevas, surgeon-in-ordinary to the king. A bulletin subsequently issued says: "The circumstances of the operation were favorable. The princess bore it very well and is progressing very satisfactorily."

Russian Refugees Are Lost.

Che Foo, Feb. 1.—Thirty-six refugees from Port Arthur were lost off the Mia Tao islands, the junk in which they were passengers striking a rock. The information is brought by other refugees, four junks containing those who were cast ashore on the islands

and the government and affirms the decree of the court below in all substantial particulars. The case decides that the traffic in live stock transported from the state or territory of its origin to another state for sale and held there for sale is interstate commerce and that those engaged in buying and selling such live stock are engaged in interstate commerce. The decision makes it clear that all combinations between independent individuals, partnerships or corporations engaged in interstate commerce by which competition between them in such commerce is suppressed, fall under the prohibition of the anti-trust act."

Irvine Gives Up Fight.

Philadelphia, Feb. 1.—Rev. I. N. W. Irvine issued a statement announcing that he had given up the fight against Bishop Eitelbert Talbot.

Crosby Succeeds Miller.

Chicago, Feb. 1.—George H. Crosby has been appointed freight traffic manager of the Burlington system, vice Thomas Miller, deceased.

AGAINST BEEF TRUST

SUPREME COURT HOLDS AGAINST COMBINE OF PACKERS.

Declared to Be a Combination in Restraint of Trade Within the Meaning of the Law—Opinion Delivered by Justice Holmes.

Washington, Jan. 31.—The supreme court of the United States decided the case of the United States against Swift, known as the beef trust case, charging conspiracy among packers to fix prices on fresh meats, etc. The opinion was handed down by Justice Holmes and affirmed the decision of the court below, which was against the packers.

In his opinion Justice Holmes discussed at length the various contentions of the packers and disposed of them individually. He admitted that some of the charges were less specific than desirable, but said this was necessarily true on account of the vast extent of the field covered. He added that sufficient evidence had been shown to prove continuous offenses and an offense of such a nature to justify the proceeding. The opinion continues the injunction granted against the packers under the Sherman anti-trust law by the lower courts. The opinion was concurred in by all the members of the court.

In speaking of the decision of the supreme court in the beef trust case, Attorney General Moody said: "I was present in court when a synopsis of the decision was stated orally by Justice Holmes. There is no impropriety in my saying that, as I understood that statement the opinion sustains in all respects the contention of

ceeding her contract requirement of 22 knots. Tidal corrections may increase this speed. The Maryland is the fourth and last of a type of fast cruisers to have a trial off Cape Ann.

Writ is Granted Harriman.

Washington, Jan. 31.—The supreme court of the United States granted the petition for a writ of certiorari in the case of E. H. Harriman and others against the Northern Securities company, growing out of the former decision of the court relative to the distribution of the stock of the securities company. The effect of granting the writ is to bring the case to the supreme court for review. The argument is set for Feb. 20.

SMOOT HEARING AT AN END.

Attorneys Have Until Feb. 4 to File Briefs and Revise Arguments.

Washington, Jan. 30.—The investigation of protests against Senator Smoot of Utah retaining his seat in the United States senate was concluded by the committee on privileges and elections, and when a report is drafted by the committee the investigation will pass to the whole senate. One question of great moment which will be fought over on the floor of the senate is whether a two-thirds vote or a majority of the senate is required to expel a member. Mr. Taylor, counsel for the protestants, holds that a majority vote will suffice, in the same manner that a majority vote will prevent a senator from first taking his seat. It will be several weeks before the committee will be able to report. The committee allowed counsel until Feb. 4 to revise their arguments and file written briefs.

Postal Conspirators Lose.

Washington, Jan. 31.—The supreme court denied the application of Machen, Lorenz and Groff for a writ of certiorari in the case against them charging conspiracy to defraud the government in connection with the postoffice department irregularities. The effect is to leave standing the decision of the court of appeals finding them guilty as charged. Machen, Lorenz and the Groffs were sentenced to two years imprisonment and to pay a fine of \$10,000 each.

Maryland Exceeds Contract Speed.

Boston, Jan. 28.—With a wintry northwest wind striking her abeam, the armored cruiser Maryland, which was built for the United States government by the Newport News Shipbuilding company, made on her official trial trip an average speed of 22.306 knots an hour, thereby ex-

Gold Mine Swindler Arrested.

Houston, Tex., Jan. 30.—Frank C. Lory, alleged to have secured more than \$125,000 on gold mine swindles while having headquarters at Danville, Ill., was arrested here and turned over to H. H. Whitlock, sheriff of Vermilion county, Illinois, who held warrants and requisition papers.

Rousseau in the Tombs.

New York, Jan. 31.—Gessler Rousseau, suspected of having attempted to blow up the steamship Umbria, was brought to this city from Philadelphia and locked up at police headquarters. He will be arraigned in the Tombs court.

Cheer Red Flag at Kansas City.

Kansas City, Jan. 30.—Two hundred men and women, members of socialistic societies, rose to their feet and cheered a red flag at a mass meeting held here. The meeting was called for the purpose of raising a fund for the aid of the working class of Russia. The czar and the aristocratic class of Russia were condemned in the strongest terms at command. One speaker compared the czar to ex-Governor Peabody of Colorado. Resolutions were passed expressing sympathy with the oppressed in Russia and denouncing the czar.

Vladivostok Is Isolated.

London, Jan. 30.—According to a Tokio dispatch to the Daily Telegraph Russian supplies from the interior are concentrated at Lake Baikal, owing to the fact that the railroad east of that point is blocked with snow. Vladivostok is now isolated on the land side as well as the sea front. The same correspondent says it is reported that orders have been placed in England for several large warships for Japan.
