## New Spring Goods

"Magnificent showing new goods, lowest prices," and many such phrases are always heard at the beginning of the season. We might add, "Never before have we been so well prepared." We take it for granted that the buying public of Red Cloud expect us to be better prepared with each succeeding season, evidenced by something more than mere words. We cordially invite an inspection.

There'll be very little home sewing on Muslin Underwear in Red Cloud if you appreciate our assortment as we do. And there is little occasion for home sewing, too. When it was a choice of buying poorly made, sweat-shop goods, or making them yourselves, perhaps the home work was the cheapest; anyway, the safest and best. In buying **PEERLESS** goods you take no risk—nothing is left to chance. These Undermuslins are crisp from the hands of well paid workmen whose business hours are spent in America's brightest and cleanest factories. All goods cut full and in good, generous sizes.

### Kansas City Market.

Special to THE CHIEF.

Kansas City, Mo., Feb. 7.—The bad weather which holds on so steadily has made it hard to get stuff in form the country, poor railroad service adding to the discomforts of the shipper, but the packers have also been affected, as they have trouble in moving their refrigerator cars, and in getting them back. For this reason the moderate cattle receipts we have been having have not met as strong a demand as might be expected. However, good cattle have sold steady to strong all the time for several weeks now.

Cattle receipts both yesterday and today have been light. Prices advanced 5 to 10 cents on nearly everything yesterday, market is steady today. Dressed beef and export steers sell at \$5 25 to 5 70, for the best, fair to good ones \$4 50 to 5 00, common and rough \$3 75 to 4 25. Top today is \$5 70. She stuff after several breaks, and partial recoveries lately, sells at \$2 75 to 3 25 for fairly good stuff, good to choice, \$3 50 to 4 00. Veals have not changed in price for several weeks, at \$5 00 to 6 50, bulls \$2 50 to 3 75. Stockers and feeders have remained quite for some time, and sell at \$3 00 to 4 00 for nearly everything, an occasional bunch between \$4 00 and 4 25, and a few droves of nearly finished cattle up to \$4 50 and 4 75. Stock cows and heif-

ers \$1 75 to 2 75, stock calves \$2 75 to 4 25. General sentiment is still bullish, and when the winter breaks, a sharp revival in all branches of the cattle trade is expected.

Hog markets fluctuate mildly, but gradual progress is made upward. Gain last week amounted to 20 cents, and 10 cents was added yesterday, but is being taken off today, leaving the top at \$5 05, against \$5 12 1/2 yesterday. Local prices are 5 to 15 cents above the other markets, for mixed packing hogs, but the demand still holds brisk, and is unsatisfied. Bulk of sales today \$4 80 to 5 00. Pigs are sharply lower this week, and sell around \$4 00, light hogs up to \$4 85.

Extreme top prices for sheep and lambs were reached today. \$7 05 was paid for fed western lambs, and practically all lambs now sell above \$7 25. Yearling sold at \$6 75 today, wethers \$5 65, ewes \$5 10. Choice ewes would bring \$5 25 easily. Nearly all the sales in each class were within 50 cents of the top prices, as quality averages very good. The market has every appearance of firmness, is active and snappy, but breaks would not be surprising.

J. A. RICKART,  
Live Stock Correspondent.

### That Settle's It.

When a Colorado sand stone walk is laid that settles it. See Overing Bros & Co. for prices.
