Advance Showing

New Spring Goods

"Magnificent showing new goods, lowest prices," and many such phrases are always heard at the beginning of the season. We might add, "Never before have we been so well prepared." We take it for granted that the buying public of Red Cloud expect us to be better prepared with each succeeding season, evidenced by something more than mere words. We cordially invite an inspection.

There'll be very little home sewing on Muslin Underwear in Red Cloud if you appreciate our assortment as we do. And there is little occasion for home sewing, too. When it was a choice of buying poorly made, sweat-shop

goods, or making them yourselves, perhaps the home work was the cheapest; anyway, the safest and best. In buying **PEERLESS** goods you take no risk—nothing is left to chance. These Undermuslins are crisp from the hands of well paid workmen whose business hours are spent in America's brightest and cleanest factories. All goods cut full and in good, generous sizes.

MINER BROS.

Kansas City Market.

Special to THE CHIEF.

KANSAS CITY, Mo., Febr. 28.—The small cattle run last week compared to what was expected, advanced prices on all kinds, beef steers made a small gain, cows and heifers sold 15 to 25 cents higher, and stockers and feeders gained 25 to 35 cents. The supply yesterday and today has been only 15,000 head for the two days. Prices have therefore kept right on advancing this week, and all kinds of cattle have added 10 to 15 cents to the gains of last week. The proportion of stockers this week is much larger than heretofore, but the attendance of country buyers is even larger than it was last week, and country grades are showing the most strength again this week.

Not only was there fewer beef steers received last week, but there were no prime cattle at all, and the same is the case so far this week. Top price last week was \$5.50, best prices this week \$5.45 and that today. The advance lately in beef steers has applied to all grades, and very few sell below \$4 bulk of sales \$4.25 to 5. Cows and heifers have advanced rapidly, on sharp competition for the small number received, and best heifers now sell at \$4.25 to 4.60, best cows \$3.85 to 4.25, bulk of she stuff \$3.25 to 4.00. Bulls sell at \$2.50 to \$3.75, veals \$5 to 6.75. Stock steers and steer calves sell at \$3.25 to

4.25, stock cows and heifers \$2 to \$3, feeders \$3.65 to 4.35, partly finished feeders \$4.00 to 4.75.

Yesterday and today the hog market is 10 to 15 cents higher; top today is \$5.05, bulk of sales \$4.80 to 5.00. Light hogs have gained a little more than heavies since a week ago. Receipts are not as heavy as looked for, which accounts for strength, and market is apparently much firmer than a week ago.

Market on sheep is steady this week, lambs steady today. Lambs are 15 to 20c below best time; top today \$7.65. Wethers and ewes are highest of the season, selling at \$6 and \$5.75 respectively. Yearlings are down 10 or 15 cents; top today, \$6.75. Bulk of sales are within 75c to \$1 of the top in each class.
