The Nebraska lobby adjourned last Saturday about midnight.

F. J. Austin has the foundation laid and the frame work up for one of the most elegant residences in the city.

Dr. A. B. Hardie, formerly of this place, writes us from Monterey, Tenn., that they have sold their property and business and will soon return to Nebraska.

F. C. Falls and family of Cameron, Mo., have been in the city all week and if anything suitable can be bought near here Mr. Falls will buy a farm.

Perry Hildreth was down from Bloomington yesterday in company with I. E. Montgomery, who has spent most of the week here superintending the telephone construction.

Grandma Jacob Carpenter died of paralysis at her home east of Franklin yesterday after an illness of ten days. Funeral services were conducted this afternoon at 2 o'clock by Rev. A. A. King in the M. E. church and interment in the Franklin cemetery. The obituary will appear next week.

Twins twice and triplets once in three years is a record of which few communities can boast and especially when the further fact is considered that the progeny all live. Ladies should not hold their breath longer than it takes us to remind them that it is a four-year-old bovine of the feminine gender which has given the advocate of race suicide such a rude set back. She is owned by A. B. Scott and increased his herd by three the fore part of the week.

Sam Waddle has five acres of alfalfa, the seed on which made him \$15 per acre. He also got two crops of hay off from this tract. Talk about Smith county land at \$50 per acre being valued too high.

W. H. Stevens, who returned from Idaho last November to settle some real estate interests in this county, left

We understand that a young lady of 14 summers of Naponee tired of home life recently and attempted to run away, in fact got as far as Franklin and when asked to return home refused all overtures until a dress at a stipulated price per yard was forthcoming.

R. R. Manchester of Blaine was over Saturday. Rufus is one of those old fashioned kind of homesteaders that never got off his homestead reservation from the time he lit on it, April 3, 1872, to date. His was also the first homestead entry made in Blaine township, which may also be a matter of news to some good people over that way. We know it was to us.
