

We Trust Doctors

If you are suffering from impure blood, thin blood, debility, nervousness, exhaustion, you should begin at once with Ayer's Sarsaparilla, the Sarsaparilla you have known all your life. Your doctor knows it, too. Ask him about it.

You must look well after the condition of your liver and bowels. Unless there is daily action of the bowels, poisonous products are absorbed, causing headache, dizziness, nausea, dyspepsia, and thus preventing the Sarsaparilla from doing its best work. Ayer's Pills are liver pills. Act gently, all vegetable. The dose is only one pill at bedtime.

DISTRICT COURT.

Only Cases of Minor Importance So Far Disposed Of.

Judge Adams has been holding court this week, but there has been little of interest to the general public in the proceedings.

The case of the State vs. Grant Blackman, for horse stealing, who is now in the penitentiary serving a sentence for the same offense, was continued.

In the case of the State vs. C. R. Campbell, charged with embezzlement, continuance was taken until the May term, but as that is not a jury term it is hardly probable the case will come to trial before November. Campbell's bond was retained at \$1000, in default of which he was committed to jail.

Harriet A. Howard vs. City of Red Cloud; suit for damages; continued.

The suit of A. H. Carpenter against Gus Pundt, in which Carpenter was suing for a commission of \$100 in a land deal, resulted in a verdict for \$50 for plaintiff.

The cases of A. K. Haas, E. Schermerhorn and D. B. Hoppen vs. Peter Nelson et al., from Rosemont, in which the plaintiffs asked \$1500 damages in a road case, resulted in a verdict of \$275 for Haas, and \$125 each for Schermerhorn and Hoppen.

Lucinda Lawrence was granted a divorce from Henry Lawrence, and Nellie F. Hedrick was granted a divorce from Allen L. Hedrick.

Ernk Vavricka failed to secure a divorce from Emma Vavricka. Judge Adams took the case under advisement and in the course of his remarks delivered a lecture to the young couple, telling them they were acting like a couple of children, and that should he grant a divorce it would not be six months before they would want to be married again.

Child's Narrow Escape.

Keturah Dickey, the 4-year-old daughter of Mr. and Mrs. D. A. Dickey, had a narrow escape from death Wednesday afternoon. She and some other children were playing near a burning trash pile at the Dickey home when her dress caught fire. She ran screaming toward the house and her cries attracted her brother Bert, who went to her assistance. He wrapped an old piece of carpet around her and rolled her on the ground, extinguishing the flames. Her face was scorched, her hair singed and one of her arms badly burned. The fact that the little one wore heavy woolen underclothing probably saved her from more severe burns, and the promptness and presence of mind of her brother undoubtedly saved her life.

Mrs. Elizabeth Lawrence.

Mrs. Elizabeth Lawrence, mother of Mrs. L. H. Blackledge, died very suddenly Monday evening at the home of her daughter in this city. Mrs. Lawrence had been in poor health for some time, but her condition was not considered serious. Monday evening, while conversing with her daughter, she had an attack of heart failure and died in a very short time. Funeral services were held yesterday afternoon at 2:30 from the home of L. H. Blackledge. District court adjourned and the members of the Webster County Bar association attended the funeral in a body. Mrs. Lawrence was 66 years of age.

Stricken With Paralysis.

Mrs. Hilton, mother of Will Hilton and Mrs. Ridge Leggett, was stricken with paralysis Sunday and at last accounts was in a very critical condition. On account of her age, doubt is entertained of her recovery.

"Where Doctors Disagree."

That the men of the medical profession do disagree is shown in the case of John Griffith, who is at present restricted to his home with what two of our well known practitioners term a mild case of small-pox. Two other physicians, equally well known, declared the eruptions on Mr. Griffith's person to be nothing worse than an aggravated form of eczema. Several days ago Mr. Griffith noticed a breaking out on his hands and ankles, but thought nothing of it, as he had frequently been troubled with similar eruptions when living on his farm. However, he consulted a physician as to the best means of ridding himself of the eruptions. The physician diagnosed the case as small-pox, and put up a quarantine sign. Not being satisfied with this, Mr. Griffith called in two other physicians, who pronounced the disease eczema and, it is said, removed the quarantine sign. The first physician wired for Dr. Towne, the special examiner for the state board of health, who came here Tuesday morning. After investigating the case he recommended that Mr. Griffith remain at home for a few days, though he did not state positively that Mr. Griffith had small-pox. As the case stands at present, Mr. Griffith has small-pox, and he hasn't got it; or, if he has got it, he has had it for four or five years, and it is only in a mild form anyway. However, time will tell.

MARRIAGES

Wednesday evening, April 12, at the M. E. parsonage in Blue Hill, occurred the marriage of Miss Mabel Current and Mr. Lewis Conrad, Rev. Hummel officiating. The young couple are two of Blue Hill's best young people and highly respected by all who know them. They were attended by Miss Lulu Irvin and Guy Conrad.

Eugene F. Hunt and Mabel J. Edmiston, both of Riverton, were married on the 6th by Judge Keeney.

Geo. W. Palmer, a traveling salesman, of St. Joseph, Mo., and Alice Morris, of Kansas City, Kan., were married in Blue Hill last Saturday.

Licenses were also issued to Arthur W. Schunk and Louisa Stabenow, and Irwin Woodward and Mary E. Perry, all of Guide Rock.

BARNER'S CASE.

Question of His Sanity May Be Passed Upon Soon.

Before the last word is given in the case of Frank Barker, who has been sentenced to hang on June 16, the probability is that a special commission will sit upon his case and determine whether he is insane. The law that was passed compelling the warden of the penitentiary to carry out all the death sentences administered in the state also provided a means for the examination of the convicted person as to his sanity. As the question of Barker's soundness of mind has been raised, the request will be made that such a commission be named. The warden is determined to have the question settled before he carries out the order of the court. In the event the man is found to be insane he will be committed to the asylum pending a cure. In the event of successful treatment he would again be liable to the infliction of the death penalty. The county insanity commission has no jurisdiction, it is said.

There are two conflicting statutes on the subject, both enacted at the same session of the legislature, but that requiring the convening of a special commission by the governor is the last to take effect, and it is believed that it would be upheld in the event of a conflict. The commission provided for is made up of the physician of the state penitentiary, the superintendent of the hospital for the insane at Lincoln, and one of the secretaries of the state board of health to be determined by the governor, known collectively as the penitentiary medical board. - State Journal.

LIVE STOCK MARKETS AT KANSAS CITY.

THE WEEK'S TRADE REPORTED BY CLAY, ROBINSON & COMPANY, LIVE STOCK COMMISSION MERCHANTS.

OFFICES AT CHICAGO, KANSAS CITY, OMAHA, SIOUX CITY, ST. JOSEPH AND DENVER.

KANSAS CITY, April 11.—Last week's market closed with prices for killing cattle 50 to 75 cents per cwt. higher than the preceding week's finish and over \$1 per cwt. higher than a year ago. Receipts Monday were 8945. Beef steers were in liberal supply and at the opening of the market some sales were made 10 cents lower. Improvement set in as the day advanced, however, and steady rates prevailed. The same can be said of cows and heifers. Bulls were steady. Stockers and feeders were unchanged. Receipts today are 8200. The market was active from the start and prices for beef steers were strong to 10 cents higher; cows and heifers steady to strong. This makes beef steers and butcher stock the highest of the year. Stockers and feeders were fully steady. The following table gives quotations:
