At the Congregational church on Sunday morning the pastor will present the theme, "Post Resurrection Lessons." Evening theme, "Thomas—a Study of a Doubt." Afternoon meeting at Indian Creek.

Lincoln Journal: In several Nebraska cities and towns the first effective fight ever inaugurated against the mail order houses of Chicago is now in progress. Instead of scolding the big firms and demanding the abolition of the rural mail delivery and asking for restrictive legislation, a few local merchants are buying liberal spaces in their home papers for the purpose of showing the farmers and town people that goods can be purchased at home more cheaply and satisfactorily than in Chicago. The campaign is conducted along definite and convincing lines. The Chicago prices are quoted, with freight or express charges added. Then the merchant tells what he can do on the same goods, with the privilege of examination before they are taken from the store. If all the country merchants would adopt this enlightened and effective policy they could reduce the Chicago mail order shipments into Nebraska by fifty per cent in the next five years.

R. Douglas, the baritone, and Manager Frazier, tenor and manager, whose voice blends sweetly with the rest of the company. This is the last number of the Congregational lecture course.
