## Newsy Notes From Neighboring Towns

GATHERED FROM OUR EXCHANGES

### SMITH CENTER

(From the Messenger)

The mill will close down a couple of days to put in a new ninety horse power engine and a pair of dump scales.  
Owen Kennard left for Oakland, California, last night for a summer's visit among former friends, who now reside in that country.

The twenty ninth annual session of the Smith county Normal-Institute will be held in Smith Center from June 5 to June 29, inclusive.

Dr. Clyde Beal and wife were in Lebanon visiting the Linton family Tuesday and on their return were entertained at the home of J. N. Beal of this city.

This office is going through the press days with a gasoline engine. It is one of the best engines made and can't go wrong, so the directors say, but four boys, eleven men and two engineers were fixing it for two hours last Wednesday night, and finally got it to combust audibly. It is a high pressure, non-stinker and an anti-profanity machine and ought to run right. We sent for L. J. Brown, he has assisted every automobile man in the country a dozen times apiece and saved several of them from suicide. Less restored the outside "kapunker" which restored the inside "kapeeter" and confidence was immediately restored. A gasoline engine is just as simple as pulling turnips as soon as you get onto the curves. But our experience is that no gasoline engine can "kapeet, kapeet" when it is bunged up in the snow.

### LEBANON.

(From the Times.)

W. L. Rogers fell and broke his collar bone last Saturday.

Adams Bros. shipped four carloads of fat cattle Wednesday to Kansas City.

D. E. Fulton has completed his new house in the north part of town and it will be occupied by Geo. White, the carpenter.

Mr. and Mrs. John Dickson started Tuesday for Seattle, Wash. They will be gone for a year and may decide to make that their future home.

Geo. Eply has sold his drug stock and fixtures to Messrs. Leonard and Grissell, who will continue the business in the same building as heretofore.

W. H. Nepper was struck in the eye with a piece of steel last Friday, which penetrated the ball and permitted the escape of the aqueous humor and part of the vitreous.

W. E. Kimsey with wagon and team started today for Jennings, where he will join his wife and they will go from there to Colorado, where they will spend the summer.

Will Olliff, Dr. J. B. and Mrs. Dykes went down to Topeka Monday night where Mr. Olliff will be operated on for a mastoid abscess in the right ear. Mrs. Dykes will visit her mother at that place for a few days.

Mrs. James Braden of Gates, Ore., arrived in Lebanon Tuesday, to visit her father, W. W. Pennington and other relatives this summer. Mr. and Mrs. Braden were residents of Smith and Jewel counties until a few years ago.

Arthur Smith shot a bird Tuesday at his father's farm west of town. It was almost as large as a goose. Some claimed that it was a goose and others that it was not. After a consultation with Noah Webster it was named a loon, and every one went home happy.

Edgar Bates and family, who left this county last fall in search of a better location on the Pacific coast, are now living at Davenport, Oregon. In a recent letter to Eph Bates, his father, Edgar states that they will start home as soon as the members of the family are able to travel.

### FRANKLIN

(From the Sentinel.)

Ezra N. Fager has bought the Fisher bakery and restaurant, taking possession the first of the week.

Charley Godsey, who is working in a barber shop at Ains, was home the fore part of the week.

With favorable weather Mr. Montgomery informs us that they hope to connect with the new switchboard in another week.

Clément L. Wilson of Colby, Kansas, visited his wife and baby here Monday. He started in the evening on a two weeks' trip through New Mexico and Texas.

Wm. Anderson says that he is going to fit up a rig, buy a shot gun and fishing rod, take his family and leave on a summer's outing for the Rosebud agency.

Mrs. George Maser was taken before the insanity board at Bloomington last Wednesday and after an examination lasting several hours was declared insane. Mrs. Maser had for a long time shown signs of insanity, and last Saturday she became violent. One by one her six children had all left home, the last two because they feared their mother.

The Scheuneman boys are ably maintaining the title as the champion wolf catchers of Franklin county and if they or the wolves don't let up pretty soon we fear the treasury will be depleted to such extent that it will be necessary to add a few mills to next year's levy. Last week Henry captured ten little fellows and one day this week Will and Lew dug out another litter of nine.

### BLOOMINGTON

(From the Advocate.)

P. F. Petersen has made his home beautiful by neatly painting his house and other buildings.

Mrs. Clara Hazelrigg, remained over

and held revival meetings all the present week at the Christian church.

Mrs. Irene Douglas left last Friday night for Big Springs, via Brush, Colo., where her husband will join her.

Sheriff Walrath and County Attorney Byrum spent a few days the first of the week in the north part of the county on business.

H. J. Quinn, who lives west of town, has prepared a fine pond for fish which is fed by spring water. He expects to stock it with black bass.

Ben Sheffield, who was arrested here some ago and taken to Black River Falls, Wis., plead guilty as charged and was given three years in the penitentiary.

Editor Hadden of the Free Press in commenting on the coast given him by the Riverton Review denies that he ever saw the color of the \$95 he was alleged to have frozen onto. He has the draft to show the money was sent directly by the lodge to parties in the south.

### SUPERIOR

(From the Express.)

Dr. Beck and F. J. Lionberger will install hot water heating plants in their dwellings this summer.

Mrs. G. S. Catchdal came home from California Friday evening, where she has been for the past four months.

F. H. Stubbs has graduated in the newspaper business and sold his interests in the Journal to L. T. Brodstone.

Alexander Hunter and wife and granddaughter Mabel, left Wednesday evening over the Burlington for their long contemplated trip to the coast.

Dr. Powell has been very ill the past week from ptomaine poisoning supposed to have been taken in his system by eating canned tomatoes at the hotel in Diller.

Abe Roe, southwest of Superior, brought in an arm full of four foot rhubarb stalks the other day that would make good cord wood if they were not so juicy.

One of W. A. Diehl's hens has been experimenting on what she can do laying soft shelled eggs. Her latest effort was one without any hard shell at all.

# Dr. Price's Cream Baking Powder

Used in Millions of Homes.  
40 Years the Standard. A Pure Cream of Tartar Powder. Superior to every other known. Makes finest cake and pastry, light, flaky biscuit, delicious griddle cakes—palatable and wholesome.

PRICE BAKING POWDER CO., CHICAGO.

NOTE.—Avoid baking powders made from alum. They look like pure powders, and may raise the cake, but alum is a poison and no one can eat food mixed with it without injury to health.
