STRIKE TO END SOON

PREDICTED IT WILL BE CALLED OFF WITHIN TWO DAYS.

Tells President of Teamsters' Union That if Trouble Spread Further He Would Call Troops—Gompers Hopes for Settlement.

Chicago, May 17.—Although no facts have as yet transpired to fully warrant the prediction, it is asserted both by members of the Employers' association and by the conservative element in the ranks of the teamsters that the present strike will be called off probably within forty-eight hours and certainly by the end of the week. It is not likely that any definite action looking to an adjustment of the trouble will be taken prior to the meeting of the national officers of the teamsters' union.

Chief among the causes which lead to the prediction of a settlement are the firm stand taken by Mayor Dunne, when in conference with President Shea and officials of the local teamsters' union, he assured them that any further spread of the strike would certainly make it necessary for him to call troops, and the arrival of President Samuel Gompers of the American Federation of Labor. Although not possessed of executive power in the settlement of the strike, President Gompers declared that he had every hope that its end was not far distant.

It is said on good authority that the teamsters will accept any plan of settlement that will enable them to call off the strike gracefully, and they will accept any plan that President Gompers may propose. It is now said that Mr. Gompers will suggest to the teamsters that they allow the team owners to do business with the boycotted houses. It is expected that the teamsters will accept this proposition, and in this manner the strike will be called off.

The Employers' association and the express companies increased their scope of delivery still further. Something over 2,000 wagons were in use and business for the most part was transacted without hindrance of any kind. There were a few cases of small riots, which were dispersed by the police, who used their clubs in vigorous fashion. Three hundred and fifty men were brought into the city to take the places of strikers.

Warrants for School Strikers.
At a meeting of the board of education warrants were sworn out for eight boys who have been leaders in the recent strikes at the schools in sympathy with the strike of the teamsters. It was announced by the superintendent of compulsory education that he had definite information to the effect that the majority of the strikes at the schools had been instituted by hoodlums, who had told the pupils that it was their duty to refuse to attend the schools, because the schools were buying coal from the wrong firms. The threat of arrest of parents whose children did not attend school had the effect of settling three strikes.

Enoch Carlson, eight years of age, was shot and killed by a colored man, a former employe of the Peabody Coal company, which has sustained an active part in the teamsters' strike. Two colored men were walking along Twenty-seventh street when some boys, who were playing ball in an adjoining lot, hooted at them. One of the colored men drew a revolver and fired at the boys. Just as he did so the Carlson boy came around the corner and the bullet struck him in the left groin. He died while being taken to the hospital. The colored men escaped.

PARRY TALKS AT ATLANTA.

Head of National Association Manufacturers Delivers an Address.
Atlanta, May 17.—More than 300 members of the National Association of Manufacturers are in attendance at the tenth annual meeting of the association. Representatives from almost every section of the country were present. The importance of the gathering was indicated by the fact that the membership represents a large majority of the \$13,000,000,000 of invested capital of the United States and by the additional fact that among the questions to be discussed by the three days' sessions are interstate commerce and reciprocity. That strongly diverse views on the former subject are entertained was manifested in the discussions, when opposition to the government regulation of transportation rates was sounded.

The address of President Parry was taken up largely with the consideration of the labor question, interstate commerce legislation, reciprocity and what he declared to be a strong tendency toward socialism. In the first portion of his remarks he made an appeal for the maintenance of individual and property rights as laid down by the constitution of the country. He took the ground that the functions of the government should be limited strictly to certain specific public ends, and that what evils have developed as a result of concentration of capital in industrial enterprises should be cor-

rected through application of the police power of the government and not by resort to socialistic innovations.

Disturbances at Warsaw.
Warsaw, May 17.—There were disturbances in the Jewish quarter last night. Police were attacked by a mob and forced to take refuge in the market hall, from which they shot and killed one and wounded another of the rioters. Advices from Lodz say that slight disorders continue.

PRESIDENT BACK IN CAPITAL.

Chief Executive Traveled Over 6,000 Miles on His Western Trip.

Washington, May 12.—President Roosevelt reached home at midnight from his western trip, which he regards as one of the most enjoyable journeys he has taken since he has been president. He traveled 6,000 miles and passed through twelve states and three territories—Maryland, Pennsylvania, Ohio, Kentucky, Indiana, Illinois, Missouri, Kansas, Indian territory, Texas, Oklahoma, New Mexico, Colorado, Nebraska and Iowa. Every state and territory in the United States, except Florida and Arkansas, have been visited by Mr. Roosevelt since he became president, and it is his intention to accept the hospitality of these states before his term is finished. It is probable that he will make a tour of the south some time before the convening of congress in the fall of this year. The demonstrations at every point where the president spoke are said by the official members of the party to have been the loudest that have ever been accorded him on any trip.

The president left the train immediately after it rolled into the station. He shook hands with the train employes, newspaper men and others who greeted him. Then, with Dr. Lambert, he stepped into his carriage and was driven to the white house.

PLEADS DUAL PERSONALITY.

"Dr. Jekyll and Mr. Hyde" Case Now in Courts of New Jersey.

Somerville, N. J., May 16.—That George H. Wood has a dual personality, and that his better nature knows nothing of anything that may be done under the influence of the evil spell, will be the defense made by Wood's attorney when he is put on trial here today for the murder of George Williams last winter. It is believed that this will be the first time that this novel defense has been offered in a murder case in the history of criminology.

Williams, a storekeeper in the village of Watchung, N. J., was found shot to death in his sleigh a short distance from his home early last February. He had started from the village to drive a strange man to a farm house some distance away and suspicion at once rested on the stranger. Wood was arrested and identified as the man who had accompanied Williams and was charged with the murder. At the time of his arrest he claimed that for three days his mind had been a blank and that he remembered nothing of that period.

T. P. A. in Session at Savannah.

Savannah, Ga., May 16.—The national convention of the Travelers' Protective association was opened here. The address of welcome was made by Mayor Herman Myers and the response by Horace C. Starr of Indianapolis, president of the T. P. A. Addresses were made by Congressman W. G. Brantley of Georgia, J. Rice Smith of Augusta, ex-president of the T. P. A.; E. W. Dunham of St. Louis and Rev. H. T. Dunham of San Antonio, Tex., chaplain of the order. There are some 700 delegates in attendance, representing practically every state in the union.

Mrs. Stanford Endows Library.

Stanford University, Cal., May 16.—The cornerstone of the \$800,000 library building at Stanford university was laid with impressive ceremonies. A hitherto unpublished address to the students by the late Mrs. Stanford was read. In it she makes an unexpected endorsement, to be raised by the sale of her private jewels, which are estimated to be worth \$1,000,000. The income from this fund will be sufficient to purchase about 300,000 volumes for the library each year.

New Ambassador is for Peace.

London, May 15.—The Daily Telegraph's Tokio correspondent says: "Baron Rosen, formerly Russian minister to Japan and who has been appointed to succeed Count Cassini as ambassador to the United States, openly belongs to the peace party, and will assist President Roosevelt in his efforts for peace. He was aware of Japan's preparedness for war, but was unable to stay his government's hands."
