

# We Trust Doctors

If you are suffering from impure blood, thin blood, debility, nervousness, exhaustion, you should begin at once with Ayer's Sarsaparilla, the Sarsaparilla you have known all your life. Your doctor knows it, too. Ask him about it.

You must look well after the condition of your liver and bowels. Unless there is daily action of the bowels, poisonous products are absorbed, causing headache, biliousness, nausea, dyspepsia, and thus preventing the Sarsaparilla from doing its best work. Ayer's Pills are liver pills. Act gently, all vegetable. The dose is only one pill at bedtime.

### Arrested for Assault.

Charles Lovercheck, who lives down in the south part of town, was arrested Tuesday on a complaint made by his son-in-law, Homer Baker. They are neighbors, and don't get along together very well. Their little disagreement dates back to the time when Homer was street commissioner and "fred" his father-in-law from the street force for refusing to do certain work which was not agreeable to his fastidious tastes. Since that time their regard for each other has not been very amiable.

Early Tuesday morning the two met somewhere in the confines of the south ward and Lovercheck, without much ceremony, drew a gun on his son-in-law and threatened to puncture his tire if he did not immediately get out of town. Homer refused to take the bluff, however, and took time enough from his work Tuesday afternoon to come up town and swear out a warrant for the old man's arrest.

Lovercheck was given a hearing before Judge Keeney Tuesday afternoon and bound over to the district court in the sum of \$100. He gave bond and was released.

### Stole the Ice Cream.

Wilbur Lacey, aged about 18, and a hobo, who had been hanging about the railroad yards "swiped" an ice cream freezer containing about two gallons of ice cream, at the social at G. W. Lindsey's new barn last Friday night. They induced three or four younger boys to help them eat the cream, and then awed them into silence by telling them they were as guilty as if they had stolen the cream themselves. Ex-Mayor Ross filed a complaint against the parties and Lacey was arrested Saturday and placed in jail. The hobo could not be found. In Judge Keeney's court Monday the cases against the smaller boys were dismissed, and Lacey's case was continued until Tuesday afternoon to await the arrival of County Attorney Walters from Blue Hill. Tuesday afternoon Lacey was tried for petit larceny, convicted and sentenced to the county jail for twenty-five days. It is said by those who know him that Lacey is not any too bright and therefore not altogether responsible for his actions.

### Burglar Caught.

Willie Skelton, foster son of W. H. Skelton, was caught in the act of burglarizing Matthewson & Downey's short order house at Blue Hill Sunday night, by parties who were passing the place. He was nailed with the plunder on him and there can be no question of his guilt. He was taken before a justice of the peace at Blue Hill Monday and bound over to the district court, which convenes next week. Constable Durdin and County Attorney Walters brought young Skelton to Red Cloud Tuesday and he was confined in the county jail. When Judge Adams arrives next week it is probable the boy will plead guilty and ask the mercy of the court, as there is no possibility of his securing an acquittal.

### The Rebekahs.

The district meeting of the Rebekahs in Red Cloud yesterday and last night was one of the most enjoyable affairs ever held in the city. About 100 delegates were present from Superior, Nelson, Hardy, Chester and Guide Rock. The exercises in the afternoon consisted of addresses, music, etc. In the evening a banquet was served, followed by the initiation of twenty-eight new members into the Red Cloud lodge. The work was put on by the Superior degree team, and those who were fortunate enough to witness it say it was a splendid exemplification of the work of the Rebekahs. Owing to the early hour of going to press to-day we are unable to give as full an account of the meeting as we would like to.

Mrs. E. J. Ducker of this city, who represented Red Cloud at the annual meeting of the Women's Relief Corps in Grand Island last week, was elected a delegate to the national encampment which meets in Denver next fall. ### The Lincoln "Star" Blunders.

Monday evening's Lincoln Star contains what purports to be a special telegram from Red Cloud stating that John Q. Potter would soon commence the erection of a flouring mill at Red Cloud. That's what the Star gets for stealing news items from country papers. The item was taken from THE CHIEF of July 1, 1873, and printed in last week's Argus, without credit. The Star put a date line on it and run it as a special telegram. The item is not quite thirty-two years of age and is tolerably fresh for the Star.

### Leg Broken.

Bert Stevens, son of Clark Stevens living over in Smith county, Kansas, suffered a broken leg Wednesday in an unaccountable manner. It seems that young Stevens and Sam Shuck were riding along the road in a wagon, leading another horse. In some manner the rope dither across Stevens' leg in such a way as to break it just above the knee. Neither Shuck, Stevens nor the physician who set the broken leg are able to give an explanation of the cause of the leg breaking.
