

Conviction Follows Trial

When buying loose coffee or anything your grocer happens to have in his bin, how do you know what you are getting? Some queer stories about coffee that is sold in bulk, could be told, if the people who handle it (grocers), cared to speak out.

Could any amount of mere talk have persuaded millions of housekeepers to use

Lion Coffee,

the leader of all package coffees for over a quarter of a century, if they had not found it superior to all other brands in Purity, Strength, Flavor and Uniformity?

This popular success of LION COFFEE can be due only to inherent merit. There is no stronger proof of merit than continued and increasing popularity.

If the verdict of MILLIONS OF HOUSEKEEPERS does not convince you of the merits of LION COFFEE, it costs you but a trifle to buy a package. It is the easiest way to convince yourself, and to make you a PERMANENT PURCHASER.

LION COFFEE is sold only in 1 lb. sealed packages, and reaches you as pure and clean as when it left our factory.

Light-head on every package.

Belgium as a Lace Center.

Belgium has long been an important center of the lace industry. The art of making lace spread through Flanders from France and Italy in the middle centuries owing to the splendid qualities of Belgian flax, and it was there that the wonderful duchesse lace was originated. Much of the so called Spanish lace—black, with its large roses and trailing design—was also made in Flanders, and for the last hundred years the cities of Bruges, Ghent and Ypres have put on the market the three best grades of the modern valenciennes lace, each city having a distinct variation in design due to the differences in workmanship gradually introduced in the course of years in the three localities.

POINTS FOR SMOKERS.

Some Advice to Follow if They Must Use the Weed.

Very few people are aware how much harm is done to young men by the almost universal habit of cigarette smoking. The man who smokes cigarettes has one always in his mouth and is continually inhaling nicotine until the system is saturated with the poison.

The result of this practice is a catarrhal condition of the nose, throat and bronchi, a disordered and very irritable state of the nerves, a weak and rapid action of the heart and indigestion.

Thin, anaemic, weak, with clammy hands stained with nicotine poison, unstrung nerves and degenerated muscles, the youth of the land go on ignorantly suffering the consequences of a pernicious habit until attacks of heart trouble, nervous prostration, melancholia, etc., bring their condition to the attention of the physician.

If a man must smoke—and we admit the charm of the habit to those who have become accustomed to its soothing influences—let him choose a mild cigar and have certain set times for indulging. If he puts a certain restraint upon himself from the start in the matter of smoking, he will not overdo it, and there are few men who can smoke more than three cigars a day without injury.—Medical Brief.

Conger Arrives in Mexico City.

Mexico City, June 5.—Edwin H. Conger, the new American ambassador, arrived from California. He was met at the railway station by Senor Tornes Rivas, introducer of ambassadors. Officers of the Society of the American colony went in a body to the ambassador's hotel to welcome him. The official presentation will take place shortly. The ambassador is in good health.

Submarines Were Used.

London, June 7.—The correspondent at Tokio of the Daily Telegraph says: "It is officially stated that submarines actually were used in the Tsu straits battle. It transpires that after the Russian battleship Orel surrendered some Russian officers and sailors tried to blow up the vessel. The Japanese discovered the attempt and eight of the ringleaders were shot."

An Only Daughter Cured of Consumption
When death was hourly expected, all remedies having failed, and Dr. H. James was experimenting with the many herbs of California, he accidentally made a preparation which cured his only child of consumption. His child is now in this country and enjoying the best of health. He has proved to the world that Consumption can be positively and permanently cured. The doctor now gives this recipe free, only asking two 2 cent stamps to pay expenses. This herb also cures night sweats, nausea at the stomach, and will break up a fresh cold in twenty-four hours.
